Crump, 2021-02-22 At Eastertime the most important holiday in the Christian world religious processions in many Latin American countries pass over ornate street carpets fashioned from colored sawdust flowers and fruit Children in Finland and Sweden dress as Easter witches In the Caribbean those who swim on Good Friday risk bad luck In the Philippines some penitents volunteer to be crucified In some European countries Easter Monday is the day for dousing women with water With 240 entries this book explores these and scores of other unusual and sometimes bizarre international Holy Week customs both sacred and secular from pilgrimages to Jerusalem to classic seasonal films and television specials **The Unofficial Guide to Walt Disney World 2017** Bob Sehlinger, Len Testa, 2016-07-18 Compiled and written by a team of experienced researchers whose work has been cited by such diverse sources as USA Today and Operations Research Forum The Unofficial Guide to Walt Disney World digs deeper and offers more than any other guide The Unofficial Guide to Walt Disney World explains how Walt Disney World works and how to use that knowledge to make every minute and every dollar of your vacation count With advice that is direct prescriptive and detailed it takes the guesswork out of travel by unambiguously rating and ranking everything from hotels restaurants and attractions to rental car companies With an Unofficial Guide in hand and authors Bob Sehlinger and Len Testa as guides find out what's available in every category from best to worst and use step by step detailed plans to help make the most of your time at Walt Disney World The United Nations Global Compact and the Encyclical Laudato Si Oliver F. Williams, 2023-04-21 In April 2016 the Center for Ethics and Religious Values in Business of the Mendoza College of Business at the University of Notre Dame with the United Nations Global Compact UNGC Office convened a group of scholars and business leaders to discuss the Encyclical Laudato Si LS and the UN Sustainable Development Goals SDGs The articles in this special issue are from that conference the hope is that they will provoke your thinking and lead to new action to make the world a better place How is it that the secular United Nations and the religious Vatican have a common vision for business At root this common vision for business flows from a common vision for society as a whole For business flowing from this common vision is a common understanding of the purpose of business Catholic social thought has always taught that the single minded focus on making money in business can never be acceptable The purpose of business is to create sustainable value for stakeholders and that value is not exclusively monetary value *Handbook on Intangible Cultural Practices as Global Strategies for the Future* Christoph Wulf, 2024-12-14 This open access handbook is the first to take stock of and to provide a comprehensive international interdisciplinary review of

developments in living culture since the Convention on Safeguarding Intangible Cultural Heritage began in 2003. It is based on an expanded concept of culture as it has been used in UNESCO since the 1980s and signed by more than 180 countries. The convention makes clear the significant role of the Global South in raising planetary awareness of the importance of intangible cultural practices. The first part of the book examines the relationship between the 1972 World Heritage Convention and the 2003 Convention on Intangible Cultural Heritage. The second part of the book focuses on colonialism, minorities, inequality, and the struggle for human rights. Perspectives from Nigeria, Brazil, and the US show how colonialism still has a lasting effect today and what role the practices of intangible cultural heritage play in the struggles for the recognition of minorities. The third part looks at the contribution of intangible cultural heritage practices to the creation of meaning, community, and identity. How are these practices designed so that they allow as much participation as possible and lead to a successful handling of conflicts? The focus is on bottom-up processes. Part four examines several areas of aesthetics, including music, dance, song, museum, architecture, and theater, showing the importance of the aesthetic dimension and its contribution to the formation of individuals and communities. The fifth and final part of the book examines central problems of living culture and intangible cultural practices. This includes articles on new forms of community building, significance of digital and post-digital culture, and metaphors. In the coming decades, intangible cultural heritage practices will become increasingly important for sustainable and peaceful planetary communication, to which the balance of this book and the perspectives based on it will make a significant contribution.

Engaging the Doctrine of Jesus (and Mary) Matthew Levering, 2025-03-10. The six chapters of this book focus upon Jesus' conception and birth from a virgin, his authoritative teaching, his miracles, his cross, his resurrection, and his ascension. The purpose of the book is to articulate and defend the truth of these salvific mysteries as presented to us in Scripture. In addition to conversing extensively with historical critical biblical scholarship, the chapters make recourse to the theological tradition from the church fathers onward, with Thomas Aquinas as a touchstone. Levering seeks to make a case for believing in Jesus. At the same time, he shows how each of these mysteries is intimately linked with a truth about Mary, the Mother of Jesus, thus arguing for the integral relationship of Christology and Mariology. Mary enacts the reception of the Lord by God's faithful people; the New Adam never chooses to be without the New Eve in God's new covenant family. The Christology offered in this book is therefore both attuned to historical studies of Jesus and Second Temple Judaism and at the same time deeply traditional in a contemporary Catholic and ecumenical way.
