With more than seventy mouthwatering recipes this vibrant memoir by food writer Viviana Carballo shares the Havana of her childhood warm nights pounding surf energetic music and the memorable meals that both nourished and delighted her and her family throughout the years In the 1940s and 1950s at the height of government corruption Havana was a nonstop party Food and music defined the culture and the pervading sensuality the physical beauty of the city itself with its frisson of danger made it a magnet for tourists gangsters and the world's most glamorous celebrities This was the Cuba of Viviana Carballo's magical childhood and adventurous adolescence Born in 1939 she was the only child of a stylish and spirited woman and a handsome astrologer and writer whose passion for food ignited Carballo's own taste for the exotic eclectic cuisine for which Havana had become known By the time she reached her teenage years sultry nights dancing at the Tropicana and rubbing elbows with the likes of Ernest Hemingway Meyer Lansky and Guillermo Cabrera Infante nourished her hunger for the rhythm and creativity pulsating throughout her beloved city But all of that changed in 1959 when Fidel Castro took command of this rollicking paradise turning it into a country marked by extreme poverty food shortages power outages and daily water stoppages In 1961 Carballo left her beloved country with the clothes on her back and no idea when she would ever see her husband family or friends again It is only through her memories that she has ever returned to the place that defined her Havana Salsa is a collection of stories about her large extended family a rather eccentric group who conducted their lives against the extraordinary backdrop of Havana and of her own experiences amid the city's former delicious decadence It also showcases the food and recipes Carballo associates with each delightful family memory beginning with her childhood in the forties calabaza fritters sweet plantain tortillas and oxtail stew through the sensual fifties roast shoulder of lamb Cuban bouillabaisse and then the first eighteen months of Castro's revolution mango pie pollito en cazuela and papas with chorizo Havana Salsa tells the history of Carballo's Havana as only she can through the intimate and unifying experience of food family and friends **Havana** Claudia Lightfoot,2002 An exploration of Havana's history and its paradoxes a city where architectural treasures survive among the crumbling tenements where a vibrant street life takes place amidst shortages and where revolutionary politics machismo and a thriving black market co exist *Mapping Latin America* Jordana Dym,Karl Offen,2011-09-28 57 studies of individual maps and the cultural environment that they spring from and exemplify including one pre Columbian map *Encountering the City* Jonathan Darling,Helen F. Wilson,2016-07-15 Encountering the City provides a new and sustained engagement with the concept of encounter Drawing on cutting edge theoretical work classic writings on the city and rich empirical examples this volume demonstrates why

encounters are significant to urban studies politically philosophically and analytically Bringing together a range of interests from urban multicultural systems of economic regulation security and suspicion to more than human geographies soundscapes and spiritual experience Encountering the City argues for a more nuanced understanding of how the concept of encounter is used This interdisciplinary collection thus provides an insight into how scholars writing on and in the city mobilise theorise and challenge the concept of encounter through empirical cases taken from Africa Asia Australia Europe North America and South America These cases go beyond conventional accounts of urban conviviality to demonstrate how encounters destabilise rework and produce difference fold together complex temporalities materialise power and transform political relations In doing so the collection retains a critical eye on the forms of regulation containment and inequality that shape the taking place of urban encounter Encountering the City is a valuable resource for students and researchers alike

On Becoming Cuban Louis A. Pérez, 2008 With this masterful work Louis A P rez Jr transforms the way we view Cuba and its relationship with the United States On Becoming Cuban is a sweeping cultural history of the sustained encounter between the peoples of the two countries and of t **Gangsterismo** Jack Colhoun, 2013-04-01 Gangsterismo is an extraordinary accomplishment the most comprehensive history yet of the clash of

epic forces over several decades in Cuba It is a chronicle that touches upon deep and ongoing themes in the history of the Americas and more specifically of the United States government Cuba before and after the revolution and the criminal networks known as the Mafia The result of 18 years research at national archives and presidential libraries in Kansas Maryland Texas and Massachusetts here is the story of the making and unmaking of a gangster state in Cuba In the early 1930s mobster Meyer Lansky sowed the seeds of gangsterismo when he won Cuban strongman Fulgencio Batista s support for a mutually beneficial arrangement the North American Mafia were to share the profits from a future colony of casinos hotels and nightclubs with Batista his inner circle and senior Cuban Army and police officers In return Cuban authorities allowed the Mafia to operate its establishments without interference Over the next twenty five years a gangster state took root in Cuba as Batista other corrupt Cuban politicians and senior Cuban army and police officers got rich All was going swimmingly until a handful of revolutionaries upended the neat arrangement and the CIA Cuban counterrevolutionaries and the Mafia joined forces to attempt the overthrow of Castro Gangsterismo is unique in the literature on Cuba and establishes for the first time the integral extensive role of mobsters in the Cuban exile movement The narrative unfolds against a broader historical backdrop of which it was a part the confrontation between the United States and the Cuban revolution which turned Cuba into one of the most perilous battlegrounds of the Cold War The anti communist hysteria generated by the Cold War frequently unhinged the policy judgments of US government officials in many areas but nowhere so completely as in our relations with Cuba This conclusion is inescapable as Gangsterismo brilliantly unravels the bizarre tale of the Mafia army the Kennedy brothers recruited in their manic determination to rid Cuba of Castro that vexing seemingly indomitable Communist Martin J Sherwin co winner of the Pulitzer Prize together with Kai Bird for American Prometheus The Triumph and Tragedy of J Robert Oppenheimer What is shocking is not what is new but how much that is old already on the record in presidential and other archives CIA and FBI files memoirs and histories in Jack Colhoun s Gangsterismo Drawing on the National Security Archives papers and books public and private he damningly documents the pathetic incompetent and sometimes comic but always inappropriate and anti democratic attempts by the CIA and or its confederates working in tandem with members of the mob to assassinate Castro and overthrow the Cuban revolution Victor S Navasky publisher emeritus The Nation professor Columbia University Graduate School of Journalism Gangsterismo is an invaluable addition to our background knowledge about that small island nation that has incurred so much devotion and ire from U S Americans Books about Cuba abound but this one lays bare an often forgotten pre revolutionary history of U S based organized crime and subsequent hidden U S government covert action Colhoun has done his homework This is a must read Margaret Randall author of To Change the World My Years in Cuba Few aspects of Cuba U S relations have so doggedly resisted serious inquiry as the subject of organized crime in Cuba Much of what we know has reached us by way of popular culture principally through film and fiction to which the subject of the underworld in the tropics so aptly lends itself Colhoun represents a breakthrough serious

scholarship on a serious subject He casts light upon one of the darkest recesses of a dark history calling attention to the convergence of interests between the underworld of criminal activity and nether world of covert operations and reveals in the process that film and fiction have actually only scratched the surface of a sordid story Louis A P rez Jr editor Cuba Journal professor of history University of North Carolina at Chapel Hill

On Becoming Cuban Louis A. Pérez Jr.,2012-09-01 With this masterful work Louis A P rez Jr transforms the way we view Cuba and its relationship with the United States On Becoming Cuban is a sweeping cultural history of the sustained encounter between the peoples of the two countries and of the ways that this encounter helped shape Cubans identity nationality and sense of modernity from the early 1850s until the revolution of 1959 Using an enormous range of Cuban and U S sources from archival records and oral interviews to popular magazines novels and motion pictures P rez reveals a powerful web of everyday bilateral connections between the United States and Cuba and shows how U S cultural forms had a critical influence on the development of Cubans sense of themselves as a people and as a nation He also articulates the cultural context for the revolution that erupted in Cuba in 1959 In the middle of the twentieth century P rez argues when economic hard times and political crises combined to make Cubans painfully aware that their American influenced expectations of prosperity and modernity would not be realized the stage was set for revolution

Cuban Palimpsests Jose Quiroga,2005 Four decades ago the Cuban revolution captured the world s attention and imagination Its impact around the world was as much cultural as geopolitical Within Cuba the state developed a strictly defined national and collective memory that led directly from a colonial past to a utopian future but this narrative came to a halt in the early 1990s The collapse of Cuba s sponsor the Soviet Union and the end of the Cold War preceded the so called Special Period in Times of Peace a euphemistic phrase that masked the genuine anxiety shared by leaders and people about the nation s future In Cuban Palimpsests Jos Quiroga explores the sites both physical and imaginative where memory bears upon Cuba s collective history in ways that illuminate this extended moment of uncertainty Crossing geographical political and cultural borders Quiroga moves with ease between Cuba Miami and New York He traces generational shifts within the exile community contrasts Havana s cultural richness with its economic impoverishment follows the cloak and dagger narratives of revolutionary and counterrevolutionary spy fiction and film and documents the world s ongoing fascination with Cuban culture From the nostalgic photographs of Walker Evans to the iconic stature of Fidel Castro from the literary expressions of despair to the beat of Cuban musical rhythms from the haunting legacy of artist Ana Mendieta to the death of Celia Cruz and the reburial of Che Guevara Cuban Palimpsests memorializes the ruins of Cuba s past and offers a powerful meditation on its enigmatic place within the new world order Jos Quiroga is professor and department chair of Spanish and Portuguese at Emory University He is the author of Understanding Octavio Paz and Tropics of Desire Interventions from Queer Latino America

Aesthetics and the Revolutionary City James Clifford Kent,2018-09-22 Aesthetics and the Revolutionary City engages in alternative ways of reading foreign visual representations

of Havana through analysis of advertising images documentary films and photographic texts It explores key narratives relating to the projection of different Havana imaginaries and focuses on a range of themes including pre revolutionary Cuba the dream of revolution and the metaphor of the city frozen in time The book also synthesizes contemporary debates regarding the notion of Havana as a real and imagined city space and fleshes out its theoretical insights with a series of stand alone important case studies linked to the representation of the Cuban capital in the Western imaginary The interpretations in the book bring into focus a range of critical historical moments in Cuban history including the Cuban Revolution and the Special Period and consider the ways in which they have been projected in advertising documentary film and photography outside the island

Making Home in Havana Cecelia Elisabeth Burke Lawless, 2002 Havana is a city that rarely fails to captivate But much of the unique beauty and culture of this historic city is rapidly disappearing As Cuban society finds itself at a crossroads Havana is more than ever a city on the edge for although frozen in time as a consequence of Fidel Castro's revolution it has certainly not been well preserved Time climate and neglect have eroded a rare architectural legacy making the need to document this heritage even more pressing than ever before Making Home in Havana is an elegant book of photographs and testimonies recording questioning and evoking the meaning of place in particular the meaning of home The combination of fine photography and the words of residents of former palaces humble apartments and other dwellings offer us an irresistible portrait of Havana that might otherwise be lost forever Vincenzo Pietropaolo and Cecelia Lawless have made numerous visits to Havana in order to fully understand and convey the essence of what home means to the inhabitants of the dwellings of the El Vedado and Centro Habana neighborhoods Together they and we explore how a building becomes a home through its human history as well as its architectural features With some renovation already underway in colonial Havana they concentrate on largely unexplored and unrecognized sections that continue to fall into ruin The intimacy of their connection with the buildings and people offers us a rare combination of documentary realism and high art Buildings and people speak their histories to us in classic humanistic style Residents of Havana tell their stories of lifelong efforts to turn decay into beauty while the photographer's evocative pictures enable us to feel exactly what they are talking about a creation of time and space called home

Besieged Paul K. Davis, 2001-11-28 Besieged examines the most important sieges in history the actions and motivations of attackers and defenders along with conditions inside and outside the city walls From Joshua's assault on Jericho in the 15th century B C to the Russian attack on the Chechen capital of Grozny at the end of the 20th century siege warfare has been a recurring theme in the human story Again and again engineers have built supposedly impregnable fortifications only to see them overrun by an ingenious enemy In Besieged military historian Paul F Davis analyzes the most crucial sieges in world history such as the siege of Leningrad which weakened the Nazi forces in World War II and that of the Alamo which culminated in independence for Texas He also describes important sieges unfamiliar to most readers such as that of Arcot where a British victory halted the French takeover of southern India In engaging

accessible language Davis tracks the invention of new technologies analyzes innovative tactics and tells the human story of conditions both inside and outside the city walls
