Home Waters A Year Of Recompenses On The Provo River:

Home Waters George B Handley, 2010-10-31 People who flyfish know that a favorite river bend a secluded spot in moving waters can feel like home a place you know intimately and intuitively In prose that reads like the flowing current of a river scholar and essayist George Handley blends nature writing local history theology environmental history and personal memoir in his new book *Home Waters A Year of Recompenses on the Provo River* Handley's meditations on the local Provo River watershed present the argument that a sense of place requires more than a strong sense of history and belonging it requires awareness and commitment Handley traces a history of settlement along the Provo that has profoundly transformed the landscape and yet neglected its Native American and environmental legacies As a descendent of one of the first pioneers to irrigate the area and as a witness to the loss of orchards open space and an eroded environmental ethic Handley weaves his own personal and family history into the landscape to argue for sustainable belonging In avoiding the exclusionist and environmentally harmful attitudes that come with the territorial claims to a homeland the flyfishing term home waters is offered as an alternative a kind of belonging that is informed by deference to others to the mysteries of deep time and to a fragile dependence on water While it has sometimes been mistakenly assumed that the Mormon faith is inimical to good environmental stewardship Handley explores the faith's openness to science its recognition of the holiness of the creation and its call for an ethical engagement with nature A metaphysical approach to the physical world is offered as an antidote to the suicidal impulses of modern society and our persistent ambivalence about the facts of our biology and earthly condition *Home Waters* contributes a perspective from within the Mormon religious experience to the tradition of such Western writers as Wallace Stegner Terry Tempest Williams Steven Trimble and Amy Irvine Winner of the Mormon Letters Award for Memoir

Tributary Voices Paul A. Formisano, 2022-04-26 The Colorado River is in crisis Persistent drought climate change and growing demands from ongoing urbanization threaten this life source that provides water to more than forty million people in the U S and Mexico Coupled with these challenges are our nation's deeply rooted beliefs about the region as a frontier garden and wilderness that have created competing agendas about the river as something to both exploit and preserve Over the last century and a half citizens and experts looked to law public policy and science to solve worsening water problems Yet today's circumstances demand additional perspectives to foster a more sustainable relationship with the river Through literary rhetorical and historical analysis of some of the Colorado River's lesser known stakeholders *Tributary Voices* considers a more comprehensive approach to river management on the eve of the one hundredth anniversary of the signing of the Colorado River Compact which governs the allocation of water rights to the seven states in the region Ranging from the early twentieth century to the present *Tributary Voices* examines nature writing women's narratives critiques of dam development the Latino communities appeals for river restoration American Indian authors and tribal nations claims of water sovereignty and teachings about environmental stewardship and provident living This innovative study models an

interdisciplinary approach to water governance and reinvigorates our imagination in achieving a more sustainable water ethic **Interpreter: A Journal of Mormon Scripture, Volume 6 (2013)** The Interpreter Foundation,2013-10-19 This is volume 6 2013 of Interpreter A Journal of Mormon Scripture published by The Interpreter Foundation It contains articles on a variety of topics including apologetics a review of Miller s Rube Goldberg Machines a note on Mosiah 2 5 a review of MacCulloch s The Reformation a review of Noll s Protestantism a look at Peter s denial of Christ an essay on the Lamanites in a Native American context an essay on Mormon jurisprudence a review of Mansfield s The Mormonizing of America reviews of six books on evolutionary biology and a review of Berger s critique of Joseph Smith s Polygamy History and Theology

Phyllis Barber,2022-06-21 In wide ranging personal essays at the crossroads of place and perspective Phyllis Barber challenges and celebrates her Great Basin roots From a backwoods church in Arkansas to the disappeared town of St Thomas buried beneath the waters of Lake Mead award winning essayist Phyllis Barber travels roads both internal and external reflecting upon place and perspective ambition and loss in The Precarious Walk As a child growing up in the Mojave Desert she witnesses the massive power of the Hoover Dam and a fiery rip in the sky from the Nevada Test Site As an adult Barber searches for meaning through music movement and human connection examining her Mormon upbringing the profound ways people and landscape impact one another and the sudden loss of her first child with open ended honesty Barber s distinctly feminine voice expands upon the literature of the West alongside Ellen Meloy and Terry Tempest Williams with seeking and questioning at the heart of this deeply felt collection In the spirit of Flannery O Connor and David James Duncan Barber adds a deeply generous and true to her high desert roots down to earth voice to the illumination of human experience Religion and Politics Beyond the Culture Wars Darren Dochuk,2021-10-15 This volume reframes the narrative that has too often dominated the field of historical study of religion and politics the culture wars Influenced by culture war theories first introduced in the 1990s much of the recent history of modern American religion and politics is written in a mode that takes for granted the enduring partisan divides that can blind us to the complex and dynamic intersections of faith and politics The contributors to Religion and Politics Beyond the Culture Wars argue that such narratives do not tell the whole story of religion and politics in the modern age This collection of essays authored by leading scholars in American religious and political history challenges readers to look past familiar clashes over social issues to appreciate the ways in which faith has fueled twentieth century U S politics beyond predictable partisan divides and across a spectrum of debates ranging from environment to labor immigration to civil rights domestic legislation to foreign policy Offering fresh illustrations drawn from

a range of innovative primary sources theories and methods these essays emphasize that our rendering of religion and politics in the twentieth century must appreciate the intersectionality of identities interests and motivations that transpire and exist outside an unbending dualistic paradigm Contributors Darren Dochuk Janine Giordano Drake Joseph Kip Kosek Josef Sorett Patrick Q Mason Wendy L Wall Mark Brilliant Andrew Preston Matthew Avery Sutton Kathleen Sprows Cummings Benjamin Francis Fallon Michelle Nickerson Keith Makoto Woodhouse Kate Bowler and James T Kloppenberg

Latter-day Saint Perspectives on Atonement Deidre Nicole Green, Eric D. Huntsman, 2024-01-02 New approaches to a central area of Latter day Saint belief The Church of Jesus Christ of Latter day Saints and other Christians have always shared a fundamental belief in the connection between personal salvation and the suffering death and resurrection of Jesus Christ While having faith in and experiencing the atonement of Christ remains a core tenet for Latter day Saints some thinkers have in recent decades reconsidered traditional understandings of atonement Deidre Nicole Green and Eric D Huntsman edit a collection that brings together multiple and diverse approaches to thinking about Latter day Saint views on this foundational area of theology The essayists draw on and go beyond a wide range of perspectives classical atonement theories and contemporary reformulations of atonement theory The first section focuses on scriptural and historical foundations while the second concentrates on theological explorations Together the contributors evaluate what is efficacious and ethical in the Latter day Saint outlook and offer ways to reconceive those views to provide a robust theological response to contemporary criticisms about atonement Contributors Nicholas J Frederick Fiona Givens Deidre Nicole Green Sharon J Harris J B Haws Eric D Huntsman Benjamin Keogh Ariel Bybee Laughton Adam S Miller Jenny Reeder T Benjamin Spackman and Joseph M Spencer

American Fork George B. Handley, 2018-05-25 Zacharias Harker is a brilliant botanist and an aging recluse Haunted by his mistakes and living without his wife and daughter for the past twenty years he hatches the idea to write his magnum opus a book on the implications of climate change for humanity focused on the wildflowers of Utah s Wasatch Mountains Just prior to the tragedy of 9 11 he hires a young artist Alba to paint flowers for the book Over the course of their unlikely friendship Harker convinces Alba to return to Chile to learn the story long hidden from her by her mother of her father s disappearance under Pinochet Alba s discovery of her family history and her experience listening to the stories of Chileans who have resisted a government ruled by fear inspire her return to Utah with renewed purpose As America grows more distrusting of immigration and diversity Alba commits her art to the protection of the environment and to a more inclusive meaning of family and belonging while she and her husband John strive to learn Harker s hidden past and include him in their lives before it is too late Rooted in the Mormon heritage of Utah but hemispheric in its reach American Fork is a story of restoration and healing in the wake of loss and betrayal

Routledge Handbook of Religion and Ecology Willis J. Jenkins, Mary Evelyn Tucker, John Grim, 2016-07-22 The moral values and interpretive systems of religions are crucially involved in how people imagine the challenges of sustainability and how societies mobilize to enhance ecosystem resilience

and human well being The Routledge Handbook of Religion and Ecology provides the most comprehensive and authoritative overview of the field It encourages both appreciative and critical angles regarding religious traditions communities attitude and practices It presents contrasting ways of thinking about religion and about ecology and about ways of connecting the two terms Written by a team of leading international experts the Handbook discusses dynamics of change within religious traditions as well as their roles in responding to global challenges such as climate change water conservation food and population It explores the interpretations of indigenous traditions regarding modern environmental problems drawing on such concepts as lifeway and indigenous knowledge This volume uniquely intersects the field of religion and ecology with new directions within the humanities and the sciences This interdisciplinary volume is an essential reference for scholars and students across the social sciences and humanities and for all those looking to understand the significance of religion in environmental studies and policy

Cinema and Sacrifice Costica Bradatan,Camil Constantin Ungureanu,2017-10-02 Cinema has a long history of engaging with the theme of sacrifice Given its capacity to stimulate the imagination and resonate across a wide spectrum of human experiences sacrifice has always attracted filmmakers It is on screen that the new grand narratives are sketched the new myths rehearsed and the old ones recycled Sacrifice can provide stories of loss and mourning betrayal and redemption death and renewal destruction and re creation apocalypses and the birth of new worlds The contributors to this volume are not just scholars of film but also students of religion and literature philosophers ethicists and political scientists thus offering a comprehensive and interdisciplinary approach to the relationship between cinema and sacrifice They explore how cinema engages with sacrifice in its many forms and under different guises and examine how the filmic constructions reconstructions and misconstructions of sacrifice affect society including its sacrificial practices This book was originally published as a special issue of Angelaki journal of the theoretical humanities

Living Cosmology Tucker, Mary Evelyn,Grim, John,2016-04-13 *Rube Goldberg Machines* Adam S. Miller,2012-04-01 Doing theology is like building a comically circuitous Rube Goldberg machine you spend your time tinkering together an unnecessarily complicated impractical and ingenious apparatus for doing things that are in themselves simple But there is a kind of joy in theology s gratuity there is a pleasure in its comedic machination and ultimately if the balloon pops the hamster spins the chain pulls the bucket empties the pulley lifts and voila the book s page is turned some measurable kind of work is accomplished But this work is a byproduct The beauty of the machine like all beauty is for its own sake Theology maybe especially Mormon theology requires this kind of modesty The Church neither needs nor endorses our Rube Goldbergian flights The comic aspect of the arrows we wing at cloudy skies must be kept firmly in mind The comedy of it both saves us from theology and commends us to it Engaged in this work theology has only one definitive strength it can make simple things difficult Good theology forces detours that divert us from our stated goals and prompt us to visit places and include people that would otherwise be left aside The measure of this strength is charity Theological detours are worth only as much charity as they are

able to show They are worth only as many waylaid lives and lost objects as they are able to embrace Rube Goldberg machines models of inelegance are willing to loop anything into the circuit tax collectors prostitutes lepers Democrats whatever In charity the grace of a disinterested concern for others and the gratuity of an unnecessary complication coincide Theology helps us to find religion by helping us to lose it Theology makes the familiar strange It ratchets uncomfortable questions into complementary shapes and helps recover the trouble that is charity s substance This book is itself a Rube Goldberg machine pieced together from a variety of essays written over the past ten years They offer explicit reflections on what it means to practice theology as a modern Mormon scholar and they stake out substantial and original positions on the nature of the atonement the soul testimony eternal marriage humanism and the historicity of the Book of Mormon
