Maintaining its explanation of land law in an understandable and logical fashion this edition has been substantially rewritten and revised to take into account the impact of the reforms of the Land Registration Act 2002 This new edition provides the most recent and exhaustive treatment of this key piece of legislation on land law In addition each chapter has been expanded and updated to include an analysis of the most recent case law

BOOK JACKET A New Land Law Peter Sparkes, 2003-08-05 Peter Sparkes path breaking text on land law has been rewritten with two aims in mind to incorporate the seismic changes introduced by the Land Registration Act 2002 along with commonholds the explosion of human rights jurisprudence and the unremitting advance of judicial exposition and to accommodate the author's developing thinking on the structural aspects of the subject The book opens with a series of shorter chapters each exploring a fundamental building block registration houses flats and commonholds land ownership and its transactional powers social controls balanced by human rights to property fragmentation by time the doctrine of estates divisions of ownership and proprietary rights In terms of substantive chapters the book opens with discussion of the new transfer system paper based transfer alongside the evolution towards electronic conveyancing and the consequent changes to the proof of registered titles and to the registration curtain The new approach to adverse possession against registered titles has called for extended discussion as has the authoritative elucidation of the concept of adverse possession in *Pye* In terms of proprietary interests the fundamentals are seen as rights to transfer beneficial interests under trusts which are overreachable burdens which are endurable leases money charges such as mortgages which are redeemable and the obligations enforceable within the neighbour principle easements covenants and positive covenants being treated as a semi coherent whole An attempt has been made to assist students by moving some of the more arcane learning later into the book or into separate chapters where these matters might be more readily ignored by a candidate concerned primarily to prepare for an examination A massive amount of research and scholarship has gone into the book with impressive citation of cases articles and case notes and of other text books This newcomer on the scene is a considerable addition to the ranks of serious text books on land law and the author is to be congratulated

The New Law Journal The scope of this work is ambitious it is a bold attempt to take the study of land law forward much more than a basic land law text book it would be a pleasure to be able to teach a course requiring students to cover the substance or the bulk of it whether in one or more modules a difficult blend of background and history

massive referencing discussion of statute and case law all wrapped up in a text that is not too difficult to absorb The Law Teacher A most interesting and ground breaking book Michael Cardwell University of Leeds At last a brilliant land law book I think the approach is marvellous and will strongly recommend it to my students Keith Gompertz University of Central England takes a more modern approach to the area I am very impressed with the style layout and format It will be a good teaching tool and I am looking forward to using it Alison Dunn Newcastle Law School not baffling in the way land law texts tend to be Helen Taylor University of Teesside Excellent Professor Edward Burn City University
