What If Dogs Could Talk? Allen DeKeyser, 2025-05-29 What if the one who saved you could finally speak What If Dogs Could Talk is a moving and creative journey into the hearts and minds of our loyal companions Told through powerful storytelling and deep emotional reflection Allen De Keyser explores what our dogs might say if they could put their love loyalty and wisdom into words Blending real life experiences with poetic imagination this book gives voice to the unspoken bond between a man and his service dog Harley and by extension every dog who's ever sat beside someone in pain and offered silent unconditional love It's part tribute part therapy and part spiritual insight reminding us that sometimes the most important conversations in life don't need words but what if they had them

A to Zoo Rebecca L. Thomas, 2018-06-21 Whether used for thematic story times program and curriculum planning readers advisory or collection development this updated edition of the well known companion makes finding the right picture books for your library a breeze Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services and this new edition does not disappoint Covering more than 18 000 books published through 2017 it empowers users to identify current and classic titles on topics ranging from apples to zebras Organized simply with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically this reference applies more than 1 200 intuitive as opposed to formal catalog subject terms to children's picture books making it both a comprehensive and user friendly resource that is accessible to parents and teachers as well as librarians It can be used to identify titles to fill in gaps in library collections to find books on particular topics for young readers to help teachers locate titles to support lessons or to design thematic programs and story times Title and illustrator indexes in addition to a bibliographic guide arranged alphabetically by author name further extend access to titles
