Groen Van Prinsterer En De Schoolkwestie:

Groen van Prinsterer in Europese context J. de Bruijn, G. Harinck, 2004 The Antirevolutionary Roel Kuiper, 2025-06-03

Groen van Prinsterer 1801 1876 born in an aristocratic family became a dedicated Protestant in his younger years and one of the leaders of Dutch and European Christianity gaining an influential role as pioneer in international Christian thought and parliamentary action He criticized the secular ideas of the French Revolution in his *Unbelief and Revolution* 1847 This book has been and still is widely read Two years later he was elected in the Dutch parliament where he became the leader of his Antirevolutionary Party He fought for Christian education and democratic rights As a historian he wrote several books highlighting the merits of the Reformation and God's guidance in the lives of the nations He became the spiritual father of many Christian leaders especially of Abraham Kuyper who shaped this Protestant political movement to be one of the most influential in Dutch history His legacy shaped thinkers like Herman Bavinck and Herman Dooyeweerd the founder of reformational philosophy Groen van Prinsterers historische benadering van de politiek W. G. F. van Vliet, 2008 *Groen van Prinsterer en zijn tijd* Gerrit Jan Vos (Az.), 1891 *Contrasting Models of State and School* Charles L. Glenn, 2011-03-31

School Choice and the forming of citizens for responsible freedom are two of the most hotly debated topics in educational policy International comparison offers perspective on the effects of alternative policies This book profiles historically and currently two countries which give strong support to parental choice The Netherlands and Belgium and two others that maintain a strong State role in controlling education Germany and Austria Charles L Glenn draws upon Dutch French and German sources to contrast how the Dutch and Belgians came over the 19th and 20th centuries to entrust education to civil society institutions with strong parental choice while Germany and Austria maintained a predominant State role in education Glenn illuminates the implications of these policies and the dangers that can arise when the State uses popular schooling to shape popular beliefs and loyalties This is essential reading for policy specialists concerned with balancing school autonomy and government oversight and with debates over parental choice of schools The Eclipse of Liberal Protestantism in the Netherlands Tom-Eric Krijger, 2019-09-16

In *The Eclipse of Liberal Protestantism in the Netherlands* Tom Eric Krijger is the first to offer a synthesis of the development of the Protestant modernist movement in Dutch religious social cultural and political life between 1870 and 1940 In historiography the liberal Protestant community is said to have lost appeal and influence in these decades due to a lack of theological clarity inner harmony and organisation Analysing liberal Protestants self perception vis vis Christian orthodoxy self understanding as a faith community attitude towards other alternatives to orthodoxy class consciousness literary criticism political commitment and involvement with foreign mission Krijger challenges this view Making an international comparison he argues that the Dutch modernist movement failed to make headway primarily due to liberal Protestant expectations and discourse **Groen van Prinsterer en zijn tijd** Gerrit Jan Vos, 1886 Bijdragen ter toelichting van de schoolkwestie Michiel Dirk van Otterloo, 1873 **De Antirevolutionaire**
