Growing Up With Epilepsy

Sally Patton

Growing Up With Epilepsy:

Growing Up with Epilepsy Lynn Bennett Blackburn, PhD, 2003-06-01 This book provides the tools you need to raise a child with epilepsy to support his her social development provide effective discipline and negotiate the educational system Each stage in your child s life presents unique issues and problems ranging from finding day care to school programming to driving This book is organized so that you can go to the information that you need when you need it returning for updates as your child grows and new issues emerge In her 20 years of working with children with epilepsy Dr Blackburn has been continually impressed by the fact that no two children with epilepsy are the same Each child and each family has unique needs Because of this she works with a team The unique talents of each team member let the group meet the unique needs of each patient This book will help you build the resource team for your child In addition to providing you with basic tools the book identifies resources places you can contact additional materials you can read and the kinds of professionals that may be in your community to help you and your child Every parent is busy and parents of children with epilepsy may be even busier than most This book has been organized with the busy parent in mind The first four chapters are a must read for every parent They provide the basic tools for understanding epilepsy behavior management and school programming The final chapter summarizes parenting of a child with epilepsy providing an easy to remember checklist Issues for parenting a toddler with epilepsy are far different than issues for parenting an adolescent You can go to the information that you need when you need it returning to the book for an update as your child grows and new issues emerge You can select the section that is important to you in understanding your child reading the other chapters when you have time and or want to know more about the brain in general Childhood epilepsy may provide speed bumps in the road to adulthood but it does not have to be a barricade For 20 years Dr Blackburn has helped parents negotiate the speed bumps creating an owner s manual for their child Now she helps you make this journey

Growing Up with Epilepsy Lynn Bennett Blackburn, 2003-06 *Growing Up with Epilepsy* provides parents with the tools needed to raise a child with epilepsy to support his her social development provide effective discipline and negotiate the educational system

Living with Epilepsy Mel Riebe Jr., 2019-01-03 I don t know why people are afraid of people who have epilepsy It s just a condition It s not something you can catch it is not contagious Epilepsy has to do with the brain Like me I was born perfectly normal However I had one of my blood vessels on the left side of my brain burst That is why I have seizures for the rest of my life Epilepsy is not a bad word It is only a condition Doctors are doing more research on it so they can try out new medication that may control the seizures much better Maybe one day they will find a stronger medication for epilepsy I will do everything in my power to make sure that people with epilepsy will have a better life Maybe one day that would be cool Maybe my life is not perfect People think I can t do anything but they should think again I can do anything when I put my mind to it I can do it

Childhood Epilepsy William B. Svoboda, 2004-03-04 More than half the numbers of children with epilepsy have interrelated language learning and or behavior complications By

adulthood these problems can interfere with socialization and employment The seizures may be controlled but the developmental distortions can continue to present problems for health and education systems and carers In this comprehensive and fully referenced book William Svoboda distils a lifetime of clinical experience with childhood epilepsy into three areas which address each of the main areas of difficulty In each he looks at why the problems arise and assesses diagnostic and remedial approaches The focus is on the whole care of the child rather than on diagnosis classification and medication alone Clinicians mental health practitioners educators and speech language pathologists will find this book invaluable

Childhood Epilepsy Richard Appleton, Peter Camfield, 2011-07-28 Sixty percent of the epilepsies start in childhood and most of the clinically significant and often life changing aspects of the disease occur at this time Childhood epilepsy is frequently a complex disorder demanding integrated medical educational and community services Its treatment encompasses acute and disability medicine The many types or syndromes of childhood epilepsy present both diagnostic and management challenges Although many children with epilepsy will be referred to specialist units the majority will initially present to paediatricians and paediatric neurologists This book provides a practical problem oriented manual to help clinicians with diagnosis evaluation and management This book addresses epilepsy as an evolving disorder from presentation through active disease and finally to either spontaneous remission or a chronic lifelong condition Structured on the child's age at presentation Childhood Epilepsy offers a practical overview for paediatricians paediatric neurologists and primary care practitioners who treat children with epilepsy in their daily practice

Psychiatric Issues in Epilepsy Alan B. Ettinger, Andres M. Kanner, 2007 This volume is a pragmatic comprehensive guide to evaluation and management of psychiatric problems in patients with epilepsy The authors critically analyze recent findings on the relationship between seizures and psychiatric disorders and offer practical recommendations for diagnosis and treatment Numerous case studies are included This thoroughly updated edition includes new material on animal models of psychopathology in epilepsy use of psychotropic drugs in epilepsy use of antiepileptic drugs in psychiatry neuroanatomic and neurobiologic bases of psychiatric disorders neuropsychological evaluation in children with epilepsy neuropsychological testing in epilepsy surgery candidates and value and limitations of the forced normalization concept

Epilepsy on Our Terms Steven C. Schachter, Georgia D. Montouris, John M. Pellock, 2008 Nearly three million people in the United States live with epilepsy every day and another 180 000 Americans develop epilepsy every year Around the world more than 60 million people have epilepsy Epilepsy impacts everyone in different ways as well as their families friends and professional caregivers This enlightening book presents the firsthand personal accounts of children with seizure disorders and their parents In their own words these children and parents vividly describe the experiences of handling the crisis of the initial seizure adjusting to the diagnosis of epilepsy coping with seizures managing medications and side effects and dealing with health care providers teachers schoolmates siblings and friends Their stories reveal the terror uncertainty and frustration felt by children and parents after

an initial seizure or a diagnosis of epilepsy and document the ongoing trials tribulations and triumphs of coping with seizures medication schedules and side effects health care providers and hospitals schoolmates siblings relatives and friends These accounts provide realistic insights into the myriad issues encountered in living with childhood epilepsy The book also includes a straightforward medical discussion of childhood seizures written in layperson s terms a glossary of medical terms and a guide for schoolteachers and parents *100 Questions & Answers About Your Child's Epilepsy* Anuradha

Singh,2008-12-23 **EMPOWER YOURSELF AND YOUR CHILD** More than 300 000 children under the age of 14 have been diagnosed with epilepsy 100 Questions and Answers About Your Child s Epilepsy gives you authoritative practical answers to your questions about epilepsy diagnosis treatment options and management Written by a childhood epilepsy expert along with contributions from actual parents and the children and adolescents themselves this book is an excellent resource for learning and coping with the medical and emotional effects on a child with epilepsy 2009 254 pages *Welcoming Children*

with Special Needs Sally Patton,2004 *Epilepsy For Dummies* Elizabeth A. Thiele,Lauren Seeley Aguirre,2025-09-15 A conversational guide to understanding and living with epilepsy Millions of people around the world have epilepsy but the condition is widely misunderstood *Epilepsy For Dummies* breaks through outdated stigmas surrounding this complex neurological disease The book offers a 360 degree view by incorporating medical social and other perspectives to help you cope with epilepsy or support someone who has been diagnosed You ll learn about triggers and risk factors different types of seizures and getting a diagnosis You ll also explore various treatment options including medications surgery therapy and neuromodulation Beyond the basics this guide addresses staying safe and managing associated conditions empowering you to live well Get up to date facts about epilepsy written in terms anyone can understand Learn about the causes symptoms and treatments for different seizure types Discover how family and friends can support their loved ones with epilepsy Find advice for feeling in control and living a fulfilling life *Epilepsy For Dummies* is invaluable for anyone with epilepsy as well as their caretakers family and friends It s also a great resource for educators and medical professionals **Epilepsy and the**

Interictal State Erik K. St Louis,David M. Ficker,Terence J. O'Brien,2015-03-02 Epilepsy care traditionally focuses on seizures yet for most epilepsy sufferers other interictal factors such as mood cognitive abilities and treatment adverse effects most influence how they feel and function day to day *Epilepsy and the Interictal State* is a practical and comprehensive text that covers quality of life issues cognition and therapy adverse effects of epilepsy treatments mood state and psychiatric co morbidity and general health aspects of epilepsy Each chapter employs a standard structure providing background epidemiology pathophysiology etiology diagnosis treatment prognosis and further practical advice From an international team of expert editors and contributors *Epilepsy and the Interictal State* is a valuable resource for specialist epileptologists and neurologists as well as for neurosurgeons neurology nurses psychiatrists family physicians and general practitioners

The Treatment of Epilepsy Simon Shorvon,Emilio Perucca,David Fish,Edwin Dodson,2008-04-15 In recent years there

have been rapid advances both in medical and surgical treatments of epilepsy This book provides a comprehensive textbook on medical and surgical treatment of epilepsy and acts as a clinical reference book with a strong practical bias **Epilepsy Across the Spectrum** Institute of Medicine, Board on Health Sciences Policy, Committee on the Public Health Dimensions of the Epilepsies, 2012-07-29 Although epilepsy is one of the nation's most common neurological disorders public understanding of it is limited Many people do not know the causes of epilepsy or what they should do if they see someone having a seizure Epilepsy is a complex spectrum of disorders that affects an estimated 2.2 million Americans in a variety of ways and is characterized by unpredictable seizures that differ in type cause and severity Yet living with epilepsy is about much more than just seizures the disorder is often defined in practical terms such as challenges in school uncertainties about social situations and employment limitations on driving and questions about independent living The Institute of Medicine was asked to examine the public health dimensions of the epilepsies focusing on public health surveillance and data collection population and public health research health policy health care and human services and education for people with the disorder and their families health care providers and the public In *Epilepsy Across the Spectrum* the IOM makes recommendations ranging from the expansion of collaborative epilepsy surveillance efforts to the coordination of public awareness efforts to the engagement of people with epilepsy and their families in education dissemination and advocacy for improved care and services Taking action across multiple dimensions will improve the lives of people with epilepsy and their families The realistic feasible and action oriented recommendations in this report can help enable short and long term improvements for people with epilepsy For all epilepsy organizations and advocates local state and federal agencies researchers health care professionals people with epilepsy as well as the public *Epilepsy Across the Spectrum* is an essential resource *Adult Epilepsy* Gregory D. Cascino, Joseph I. Sirven, 2011-07-07 Designed to provide a comprehensive but accessible introduction to epilepsy and seizure disorders *Adult Epilepsy* provides state of the art information in a concise format useful to a wide audience from neurology residents to epilepsy fellows and practitioners This illustrated guide to the assessment diagnosis and treatment of epilepsy is a valuable resource enabling clinicians to stay on top of the latest recommendations for best practice **Epilepsy You Are Not Alone: A Personal View on How to Cope with the Disorder** Stacey Chillemi, 2024-07-25 Living with epilepsy can be a lonely and arduous journey filled with constant challenges But amidst the struggles know that you are not alone In the heartfelt book *Epilepsy You're Not Alone* Stacey Chillemi extends a compassionate hand to guide you through this debilitating disorder This isn't just a book on epilepsy it's a beacon of light illuminating the way to overcoming the hurdles that epilepsy brings Chillemi delves deep into the complexities of managing the condition offering practical advice rooted in both scientific knowledge and her personal experiences From reshaping your thoughts to adopting new perspectives this book presents tangible strategies for finding joy and productivity in your daily life What truly sets this book apart is the inclusion of over 30 poignant stories from individuals

worldwide who have triumphed over epilepsy Their narratives of resilience offer hope inspiration and a sense of belonging to those navigating similar challenges Through these stories Chillemi proves that a fulfilling life is within reach despite the adversities faced Epilepsy You re Not Alone is more than just a book it is a lifeline for those impacted by epilepsy Whether you are newly diagnosed or have been living with the disorder for years this book equips you with the knowledge tools and community support needed to conquer epilepsy and lead a purposeful life Don t allow epilepsy to hinder your journey Be part of the community that has found comfort and empowerment through Epilepsy You re Not Alone Grab your copy today and take that crucial first step towards reclaiming your life

Indexes to the Epilepsy Accessions of the Epilepsy

Information System J. Kiffin Penry,1978

Secondary Influences on Neuropsychological Test Performance Peter

Arnett,2013 This exciting new evidence based book provides clinicians with a single source for considering the impact of secondary factors on cognitive dysfunction in neurological patients The influence on testing of depression anxiety fatigue pain diagnosis threat and symptom invalidity are all considered in the context of particular neurological disorders

Quality of Life in Epilepsy Gus A Baker,Gus A. Baker,Ann Jacoby,2013-05-13 Though clinical aspects of epilepsy such as seizure control are crucially important to its management increasing attention is being given to wider quality of life issues Epilepsy continues to be an often misunderstood and stigmatising condition for the vast majority of people whose seizures can be well controlled the social and psychological repercussions are often of greater significance than the seizures themselves The increasing emphasis on the importance of non clinical outcomes in the assessment of new treatments and management strategies for chronic conditions such as epilepsy has stimulated interest in methodological issues in assessing quality of life This book reviews the recent literature on the impact of epilepsy on everyday experience and the methodological issues involved in assessing that impact It also considers the perspectives of a range of health professionals involved in caring for people with epilepsy and how through appropriate management the impact on their lives can be minimised

A Practical Guide to Autism Fred R. Volkmar,Lisa A. Wiesner,2009-08-17 Autism is in the public spotlight now more than ever as new research and information appears almost daily Although in many ways this is a positive development it also presents challenges to families and practitioners who want to keep up with the latest developments and are left to sift through new information by themselves to see what is credible and relevant for them Each of us needs a personal research assistant who can determine which information we need to pay attention to and let us know how it might affect our daily work and the children we are living with or serve Since we each don t have our own research assistants on staff I am delighted to recommend this wonderful book by Fred Volkmar and Lisa Wiesner Both of these talented professional leaders have combined their scientific skills and understanding of the field with great practical experience and ideas about how research can be translated into clinical practice The result is a book that provides the best and most comprehensive information about recent scientific developments and a splendid practical guide for how they are being implemented and what we are learning

in the process The issues are presented in all of their complexity but translated into language that is clear direct and easy to follow The format also lends itself to understanding the complex issues and their implications through excellent charts question and answer sections and chapters that vary from describing diagnostic issues to stating very specifically how to expand and evaluate the services one is receiving The comprehensive references and lists of additional resources also add greatly to the overall package As a professional dedicated to understanding scientific advances and helping families and teachers to utilize them most effectively I am very pleased to have an ally like this book available I am very grateful to the authors for providing a very credible practical and relevant addition to our field to help the many advocates and family practitioners to better understand the exciting new developments and how they can be implemented in our day to day work Those taking the time to read through this superb volume will find it time well spent that pays back dividends in many different ways

FOREWORD by Gary B Mesibov Ph D Professor and Director of TEACCH Treatment and Education of Autistic and Related Communication Handicapped Children University of North Carolina at Chapel Hill

Handbook of Epilepsy Treatment Simon Shorvon, 2010-12-03 Make your way through the epilepsy maze Epilepsy is a complex neurological condition There are many modern treatment options and treatment should nowadays be tailored to an individual patient But identification of the best therapy can be a labyrinthine process The Handbook of Epilepsy Treatment provides a practical pathfinder for treating epilepsy based on published evidence and the author s 30 years of specialist clinical experience Direct in style but comprehensive in content with ample tables and summaries the Handbook of Epilepsy Treatment covers Treatment of the different forms and causes of epilepsy Treatment in the different commonly encountered clinical situations Treatment in children in adults in the elderly in women in epilepsy syndromes and in those with special needs and requirements Epilepsy drugs their pharmacology kinetics side effects effectiveness and practical usage in the clinic Epilepsy surgery the various types the indications assessment and outcome A succinct pharmacopeia summarizes the entire range of anti epileptic medications with emphasis on effective prescribing in the clinical setting The Handbook of Epilepsy Treatment will help you and your patient find the best path to control epilepsy for each individual s situation

Growing Up With Epilepsy Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Growing Up With Epilepsy PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Growing Up With Epilepsy PDF books and manuals is convenient and cost-effective, it is vital to respect

copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Growing Up With Epilepsy free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
