About Time David Duchovny,2025-09-02 From acclaimed author actor and singer songwriter David Duchovny a deeply personal existential and insightful debut poetry collection DAVID DUCHOVNY S SEVENTH PUBLISHED AND FIRST POETIC WORK covers a range of intimate themes and topics including love the loss of love parenting Duchovny s own parents in particular his father who looms large throughout the work

alienation and other emotional quandaries Fans of Duchovny's fiction will recognize the insightful and clever play of words that in this new form distill to an emotionally impactful portrayal of what the author holds most dear Duchovny's approach to poetry is beautifully and typically humorously encapsulated in his introduction to the work in which he writes Poetry is not useful And that is exactly why we need it It reminds us of two important things our ultimate lack of agency unpopular to say I know and our inability to say anything plain our inability to capture what it means to be human with the imperfect tool of words we come face to face with our shadow selves for in the end we will all die and be forgotten and come away with nothing nothing in the way of utility anyway no talking points no bullet points no propaganda no resolutions no policy no knowledge If anything maybe we remember a few lines something like a pop song from the collective unconscious something like wisdom You see I wanted to say it plain but out comes that torrent of modifiers and adjustments denials double negatives shading stabs at wit backpedaling playing at capturing the lightning Maybe this time Maybe that's what a poem is that glorious feeling of Maybe this time I'll get it right If that's the case it seems a worthy enterprise to me You see I got somewhere but the way back is unclear that's a good enough definition of poetry for now No it's not Duchovny's efforts at achieving such clarity range in this collection from laser sharp single sentence poems to emotionally sweeping ruminations With *About Time* perhaps his most personal work to date Duchovny continues his journey as one of the most prolific creators of his generation Front cover photo Stefan Sappert

Clark,2010-11 The contents of this book are a compilation of short commentaries about politics and life in general These commentaries are presented in chronological order beginning with the latest August 2010 and ending with the earliest June 2008 The objective of the commentaries is to foster a new awareness for the reader by being exposed to new and different ways of looking at and understanding some of the things that affect us all everyday At the very least the views opinions and ideas presented herein should be a refreshing departure from the fare offered by the mass media and their established talking heads and columnists

It is the opinion of the author that the mass media commentary we all are subjected to on a daily basis is not necessarily relevant to the large majority of citizens because they are made by those who rarely share the same stress of living that most of us do in our everyday lives. So it is the sincere aspiration of the author that a new awareness and perspective about politics and life in general will result upon reading these humble offerings.

Ronald L. Clark was born in Indianapolis, Indiana, and is the father of four children. Most of his professional years have been involved in design engineering for the United States Navy. He is the holder of a number of patents and was the Science and Technology leader at the Naval Air Warfare Center that featured a technical career that highlights system engineering as the most rewarding of his technical endeavors.
