The Qur'an With a Phrase-by-Phrase English Translation Ali Quli Qarai, 2022-01-03 This is the 6th Edition and 5th revised version of this translation The Qur'an is in its own words light which means that it is self manifesting with no need of an external source of illumination other things need light to become visible and manifest With it God guides those who pursue His pleasure to the ways of peace and brings them out from darkness into light by His will and guides them to a straight path 5:16 Of course the Qur'an is not an exception among revealed scriptures in that it is a source of light and guidance According to the Qur'an so were the Torah and the Gospel scriptures given to Moses and Jesus All scriptures of Divine origin are a source of light and guidance Nothing is more important for man than the knowledge of the very Source of reality Any knowledge that is not informed with this awareness is just a kind of ignorance All effort that does not derive from this knowledge is ultimately fated to end in futility and failure The Qur'an claims to be the most reliable source of this knowledge and the best guide for human endeavour It teaches that the Source of being is also the chief Source of guidance

Expert Opinions About This Translation This is a wonderful translation It is both faithful and fluent The translator has struck a nice balance here It is a real improvement over existing translations Dr Muhammad Legenhausen What Qarai has accomplished is a revival of the art of translation as an adjunct to the understanding of the original skillfully adapted to the needs of the English speaking student of the Qur'an He has opted always for the maximum degree of closeness to the Arabic compatible with comprehensibility thereby coordinating translation with original in the most substantial of ways Although Qarai envisions his translation as a paraphrase of the Qur'anic meanings as a tool for gaining access to the original it must be stressed that his translation reads extremely well even if regular cross reference to the Arabic not be the purpose of the reader The language Qarai has chosen is clear chaste straightforward and dignified distant from both the archaisms and the modernisms that have been affected by other English translators of the Qur'an It is plain indeed that a serious and profound appreciation of the Qur'anic message has animated the whole of Qarai's successful labours We warmly recommend his translation to all with a serious interest in the Qur'an Prof Hamid Algar As a person who was part of a team that worked on a translation I was often asked during this process what translation I recommend What I want to do in this video is first talk about two translations that I do recommend and I have often recommended which are those by A J Arberry and the one by Ali Quli Qarai I really found this Ali Quli Qarai's translation to be quite excellent and I was really surprised when I came upon it because hardly anybody has spoken about it One of the great things about this translation for somebody who is learning Arabic is that the translation has Arabic right next to it but it has it phrase by phrase not just the whole verse but the exact phrase is next to the exact Arabic So if you are studying Arabic you can use this very well to identify the exact translation and the Arabic It is more accurate and more consistent than almost any other translation and more accurate than Arberry in fact I don't think I found any passage where I could say that Ali Quli Qarai made an egregious mistake Prof Joseph Lombard

The Qur'an with a Phrase-by-Phrase English Translation, 2023-04 This is the 6th Edition and 5th revised version of this translation. The Quran is in its own words, light, which means that it is self-manifesting with no need of an external source of illumination; other things need light to become visible and manifest. With it, God guides those who pursue His pleasure to the ways of peace and brings them out from darkness into light by His will and guides them to a straight path. 5:16 Of course, the Quran is not an exception among revealed scriptures in that it is a source of light and guidance. According to the Quran, so were the Torah and the Gospel scriptures given to Moses and Jesus. All scriptures of Divine origin are a source of light and guidance. Nothing is more important for man than the knowledge of the very Source of reality. Any knowledge that is not informed with this awareness is just a kind of ignorance. All effort that does not derive from this knowledge is ultimately fated to end in futility and failure. The Quran claims to be the most reliable source of this knowledge and the best guide for human endeavor. It teaches that the Source of being is also the chief Source of guidance.

Expert Opinions About This Translation This is a wonderful translation. It is both faithful and fluent. The translator has struck a nice balance here. It is a real improvement over existing translations. Dr. Muhammad Legenhausen: What Qarai has accomplished is a revival of the art of translation as an adjunct to the understanding of the original, skillfully adapted to the needs of the English-speaking student of the Quran. He has opted always for the maximum degree of closeness to the Arabic, compatible with comprehensibility, thereby coordinating translation with original in the most substantial of ways. Although Qarai envisions his translation as a paraphrase of the Quranic meanings as a tool for gaining access to the original, it must be stressed that his translation reads extremely well even if regular cross-reference to the Arabic is not the purpose of the reader. The language Qarai has chosen is clear, chaste, straightforward, and dignified, distant from both the archaisms and the modernisms that have been affected by other English translators of the Quran. It is plain indeed that a serious and profound appreciation of the Quranic message has animated the whole of Qarai's successful labours. We warmly recommend his translation to all with a serious interest in the Quran.

Prof. Hamid Algar: As a person who was part of a team that worked on a translation, I was often asked during this process, "what translation do I recommend?" What I want to do in this video is first talk about two translations that I do recommend and I have often recommended, which are those by A. J. Arberry and the one by Ali Quli Qarai. I really found this Ali Quli Qarai's translation to be quite excellent, and I was really surprised when I came upon it because hardly anybody has spoken about it. One of the great things about this translation for somebody who is learning Arabic is that the translation has Arabic right next to it, but it has it phrase by phrase, not just the whole verse, but the exact phrase is next to the exact Arabic. So if you are studying Arabic, you can use this very well to identify the exact translation and the Arabic. It is more accurate and more consistent than almost any other translation and more accurate than Arberry. In fact, I don't think I found any passage where I could say that Ali Quli Qarai made an egregious mistake. Prof. Joseph Lombard, member of the team of translators of The

Study Qur'an in a video talk <https://www.youtube.com/watch?v=cjsyGOaWEBw> **Qur'an**, 2004 Neither prose nor poetry but a unique mesmerising fusion of both the Qur'an stands as one of the world's most important spiritual texts and is a source of law instruction and comfort for about one and half billion people around the globe. It is among the world's religious scriptures arguably the one that today commands the attention of those unfamiliar with its teachings. There are numerous English translations of the Quran available yet few if any of them can claim a phrase by phrase translation concurrent with the original text in Arabic. This edition from the Islamic College for Advanced Studies ICAS does just this. In addition to being of invaluable benefit to readers who understand English only, this method also permits those with even a rudimentary grasp of Arabic to draw nearer to the Quran's inimitable style and lofty message by following the Arabic text while being guided by the English. Expertly translated and prepared, this edition of the Quran also makes extensive use of classical commentaries from both Sunni and Shii sources for broader based understanding.

Quranic Sciences Abbas Jaffer, Masuma Jaffer, 2009-01-01. Until now, studies of the Qur'anic sciences have either been partial, brief, or sectarian. In the main, such works have more or less inspired the contribution of the great Shi'a scholars to our understanding of the Qur'anic sciences. This book has been written not only to redress this gap but also to present a new and more balanced view of this important topic. The authors have addressed many more issues than are usually found in a book on Qur'anic sciences, some of which have been hitherto unavailable in English. It is hoped that the book will be a useful addition to the material available to undergraduate students who are studying Islam.

Phrase by Phrase Qur'ân with English Translation Ali Quli Qarai, 2023-10-30 **Do We Still Need Inspiration?** Matthieu Richelle, Camilla

Recalcati, Martijn Beukenhorst, 2023-11-20. The concept of inspiration is part and parcel of the theological tradition in several religious confessions but it has largely receded to the background if not vanished altogether in the discussions of biblical scholars. The question 'Do we still need inspiration?' might well reflect the perplexity of many exegetes today. Systematic theologians for their part often further their own reflections on the subject independently of developments in the field of exegesis with the risk of remaining purely theoretical. Biblical research in the last decades has been marked by new insights

about the nature of the biblical texts stemming from the study of their inner plurality insofar as they combine and sometimes intertwine conflicting theologies of their textual fluidity and of their reception Can these new insights be integrated into a theological reflection on the notion of inspiration These questions are often explicitly raised about the Jewish and Christian Scriptures but they also prove increasingly relevant for Qur'anic studies This volume addresses them through contributions from exegetes of the Bible and of the Qur'an and systematic theologians **The Qur'an** ,2005 **The Qur'ān** ,2015
