up whatever is present on that shelf and get out as fast as they can And I am not joking On the other hand teenagers ladies and children love to spend lots and lots of time just browsing through shops looking for best bargains haggling over prices this is a necessary part of the shopping ritual in many parts of the world even today and asking the people around them whether this item or that item is a better buy especially when one is buying accessories But in this book I am going to teach you how to make gifts right at home And the joy of adding another skill to your repertoire of skills is going to make you feel warm throughout the holiday season It is November now and you have a whole month to make these amazing gifts right at home I am going to give you tips and techniques as well as points which you are going to implement especially when you say to yourself why did not I think of this before Some of these projects include a little bit of cookery including baking and making chocolates You may also want to know how to make beauty products full of natural ingredients And perhaps you may want to keep these gifts for yourself because they look so good smell so good and best of all taste so good So enjoy the holiday season and know that it is much blessed to give than to receive Also enjoy this book because it has been made with lots of mirth good cheer and fun The gifts that you are going to make were demonstrated by my more experienced friends while I took photos and occasionally lend a helping hand so that I could say truly with hand on heart hey I made them when actually it is I helped in their making and others were my own projects where I used to stop midway in the process to take a snap That is why if you think this book to be more like a DIY project book with the instructions given like they do in wiki how at least that is going to show you where you are going right especially in the step by step instructions So cheers
