Homosexuality And Christian Community American Jewish Civilization:

The Columbia Reader on Lesbians and Gay Men in Media, Society, and Politics Larry P. Gross, James D. Woods, 1999 More than 100 articles essays letters and primary documents cover the formation of gay identity religious scientific medical and legal perspectives the mainstream media lesbian and gay media and community prospects and tactics **Jewish Religious and Philosophical Ethics** Curtis Hutt, Halla Kim, Berel Lerner, 2017-10-16 Twentieth century continental thinkers such as Bergson Levinas and Jonas have brought fresh and renewed attentions to Jewish ethics yet it still remains fairly low profile in the Anglophone academic world This collection of critical essays brings together the work of established and up and coming scholars from Israel the United States and around the world on the topic of Jewish religious and philosophical ethics The chapters are broken into three main sections Rabbis Philosophy and Contemporary Challenges The authors address using a variety of research strategies the work of both major and lesser known figures in historical Jewish religious and philosophical traditions The book discusses a wide variety of topics related to Jewish ethics including ethics and the Mishnah Afro Jewish ethics Jewish historiographical ethics as well as the conceptual philosophical foundations of the law and virtues in the work of Martin Buber Hermann Cohen and Baruch Spinoza The volume closes with four contributions on present day frontiers in Jewish ethics As the first book to focus on the nature scope and ramifications of the Jewish ethics at work in religious and philosophical contexts this book will be of great interest to anyone studying Jewish Studies Philosophy and Religion **Asian American Religious Cultures** Jonathan H. X. Lee, Fumitaka Matsuoka, Edmond Yee, Ronald Y. Nakasone, 2015-09-01 A resource ideal for students as well as general readers this two volume encyclopedia examines the diversity of the Asian American and Pacific Islander spiritual experience Despite constituting a fairly small proportion of the U S population roughly 5 percent Asian Americans are a widely diverse group with equally heterogeneous religious beliefs and traditions This encyclopedia provides a single source for authoritative information on the Asian American and Pacific Islander religious experience addressing South Asian Americans such as Indian Americans and Pakistani Americans East Asian Americans including Chinese Americans Japanese Americans and Korean Americans and Southeast Asian Americans whose ethnicities include Filipino Americans Thai Americans and Vietnamese Americans Pacific Islanders include Hawaiians Samoans Marshallese Tongan and Chamorro The coverage includes not only traditional eastern belief systems and traditions such as Buddhism Confucianism and Hinduism as well as Micronesian and Polynesian religious traditions in the United States but also the culture and religious rituals of Asian American Christians **The Routledge Handbook of Contemporary Jewish Cultures** Nadia Valman, Laurence Roth, 2017-07-14 The Routledge Handbook to Contemporary Jewish Cultures explores the diversity of Jewish cultures and ways of investigating them presenting the different methodologies arguments and challenges within the discipline Divided into themed sections this book considers in turn How the individual terms Jewish and culture are defined looking at perspectives from Anthropology Music Literary Studies

Sociology Religious Studies History Art History and Film Television and New Media Studies How Jewish cultures are theorized looking at key themes regarding power textuality religion secularity memory bodies space and place and networks Case studies in contemporary Jewish cultures With essays by leading scholars in Jewish culture this book offers a clear overview of the field and offers exciting new directions for the future *The Jews of Medieval Western Christendom* Robert Chazan,2006-11-23 A comprehensive synthesis of medieval Jewish history between AD 1000 and 1500 *Multiculturalism and the Politics of Guilt* Paul Edward Gottfried,2004-01-02 Multiculturalism and the Politics of Guilt extends Paul Gottfried's examination of Western managerial government's growth in the last third of the twentieth century Linking multiculturalism to a distinctive political and religious context the book argues that welfare state democracy unlike bourgeois liberalism has rejected the once conventional distinction between government and civil society Gottfried argues that the West's relentless celebrations of diversity have resulted in the downgrading of the once dominant Western culture The moral rationale of government has become the consciousness raising of a presumed majority population While welfare states continue to provide entitlements and fulfill the other material programs of older welfare regimes they have ceased to make qualitative leaps in the direction of social democracy For the new political elite nationalization and income redistributions have become less significant than controlling the speech and thought of democratic citizens An escalating hostility toward the bourgeois Christian past explicit or at least implicit in the policies undertaken by the West and urged by the media is characteristic of what Gottfried labels an emerging therapeutic state For Gottfried acceptance of an intrusive political correctness has transformed the religious consciousness of Western particularly Protestant society The casting of true Christianity as a religion of sensitivity only toward victims has created a precondition for extensive social engineering Gottfried examines late twentieth century liberal Christianity as the promoter of the politics of guilt Metaphysical guilt has been transformed into self abasement in relation to the suffering just identified with racial cultural and lifestyle minorities Unlike earlier proponents of religious liberalism the therapeutic statist oppose anything including empirical knowledge that impedes the expression of social and cultural guilt in an effort to raise the self esteem of designated victims Equally troubling to Gottfried is the growth of an American empire that is influencing European values and fashions Europeans have begun he says to embrace the multicultural movement that originated with American liberal Protestantism's emphasis on diversity as essential for democracy He sees Europeans bringing authoritarian zeal to enforcing ideas and behavior imported from the United States Multiculturalism and the Politics of Guilt extends the arguments of the author's earlier *After Liberalism* Whether one challenges or supports Gottfried's conclusions all will profit from a careful reading of this latest diagnosis of the American condition **The American Jewish Chronicle** ,1917 [Judaism in America](#) Marc Lee Raphael,2005-12-20 Jews have been a religious and cultural presence in America since the colonial era and the community of Jews in the United States today some six million people continues to make a significant contribution to the American religious landscape Emphasizing

developments in American Judaism in the last quarter century among active participants in Jewish worship this book provides both a look back into the 350 year history of Judaic life and a well crafted portrait of a multifaceted tradition today Combining extensive research into synagogue archival records and secondary sources as well as interviews and observations of worship services at more than a hundred Jewish congregations across the country Raphael s study distinguishes itself as both a history of the Judaic tradition and a witness to the vitality and variety of contemporary American Judaic life Beginning with a chapter on beliefs festivals and life cycle events both traditional and non traditional and an explanation of the enormous variation in practice Raphael then explores Jewish history in America from the arrival of the first Jews to the present highlighting the emergence and development of the four branches Orthodox Conservative Reconstructionist and Reform After documenting the considerable variety among the branches the book addresses issues of some controversy notably spirituality conversion homosexuality Jewish education synagogue architecture and the relationship to Israel Raphael turns next to a discussion of eight American Jews whose thoughts and or activities made a huge impact on American Judaism The final chapter focuses on the return to tradition in every branch of Judaism and examines prospects for the future

Hate Groups and Extremist Organizations in America Barry J. Balleck,2019-07-08 This expansive collection of A Z entries offers a compelling look into hate groups in America Focusing on organizations in operation today this resource book for student and general audiences covers numerous hot button issues in politics and culture The Southern Poverty Law Center lists nearly 900 hate groups active in the United States today Some of these such as the KKK have deep roots in American history Others are newer formed in response to policies and shifts in our cultural landscape Often these organizations imply defense of America and political ideals in their names such as Council of Conservative Citizens and American Family Association Some such as White Aryan Resistance and Supreme White Alliance are more direct in their associations Nearly all posit an erosion of rights and values a way of life that is becoming lost to immigrants a diffusion or integration of population and government overstep Many of these groups preach a necessity for violence through either outright or thinly veiled language Membership in these organizations poses another topic for investigation as their ranks are not just anti government or pro gun rights types who seek to defend the Constitution Many are simply citizens who see their ideal for America as under threat by various groups whether ethnic racial or religious This unique reference will allow readers to explore the underlying issues central to understanding them How do these hate groups get started and why do people join

Encyclopedia of Religious Controversies in the United States Bill J. Leonard,Jill Y. Crainshaw,2012-12-05 This book provides a thorough introduction to historical and contemporary issues in American religion tackling controversial hot button topics such as abortion Intelligent Design and Scientology Surveying key aspects of the controversial issues persons and religious groups of today Encyclopedia of Religious Controversies in the United States Second Edition is a thorough update and expansion of the first edition of this book This two volume work contains many new entries that reflect current

21st century religious controversies Written by a variety of scholars with varying specializations the content covers major people ideas terms institutions groups books and events The A Z format allows for easy location of materials a chronology of developments and events enables readers to trace the development of contentious topics over time and a section of primary document excerpts gives readers further perspective on the issues *Library of Congress Subject Headings* Library of Congress, Library of Congress. The Clash of Civilizations Allan Trawinski, 2017-05-26 In this work Allan Trawinski will test and disprove the commonly held hypothesis that the present West Near East Conflict is a relatively new development since the founding of the State of Israel in 1948 is primarily driven by religion culture radical Islamic fundamentalism against Christianity Judaism and that terrorism is employed as the Near East's primary method weapon tactic of choice which could all be ended by solving the Palestinian Israeli religious problem ending radical terrorism becoming energy independent liberating the region from despots and establishing prosperous economic and democratic regimes in their wakes Consequently he will test and prove his own counterhypothesis that the present West Near East Conflict is a part of a continuous 3 275 year conflict that is secular geopolitical economic as much as or more than ideological religious cultural in nature and that terrorism has only until very recently played a relatively minor role as the Near East's primary method weapon tactic of choice **The Nonreligious** Phil Zuckerman, Luke W. Galen, Frank L. Pasquale, 2016 The Nonreligious provides a comprehensive and empirically grounded account of what we know about the growing numbers of people who are non religious Studying Judaism Melanie J. Wright, 2013-07-15 This volume in the Studying World Religions series is an essential guide to the study of Judaism Clearly structured to cover all the major areas of study including historical foundations scripture worship society material culture thought and ethics this is the ideal study aid for those approaching Judaism for the first time Studying Judaism offers readers the chance to engage with a religious tradition as a diverse living phenomenon Its approach is critical in two major respects its use of the dimensional approach to the study of religions as an interpretive framework and its focus on matters perceived as problematic by insider and or outsider commentators such as gender demography geo politics the museumization of Jewish cultures and its impact on religion and identity This book is the perfect companion for the fledgling student of Judaism *American Civil Religion* Peter Gardella, 2014 Peter Gardella explores the monuments texts and images that embody the spirit of the United States *Sexuality in Medieval Europe* Ruth Mazo Karras, 2017-01-20 Challenging the way the Middle Ages have been treated in general histories of sexuality Sexuality in Medieval Europe shows how views at the time were conflicted and complicated there was no single medieval attitude towards sexuality any more than there is one modern attitude Focusing on marital sexual activity as well as behavior that was seen as transgressive the chapters cover such topics as chastity the role of the church and non reproductive activity Combining an overview of research on the topic with original interpretations Ruth Mazo Karras demonstrates that medieval culture developed sexual identities that were

quite distinct from the identities we think of today yet were still ancestral to our own Using a wide collection of evidence from the late antique period until the fifteenth century this fully revised third edition has been updated to include the latest scholarship throughout including expanded coverage of Islamic and Jewish cultures and new ideas on how medieval sexual violence relates to the modern world A new companion website supplements the text featuring an interactive timeline of key events links to key primary sources and references to further reading Sexuality in Medieval Europe is essential reading for those who study medieval history and culture *Safeguarding the Stranger* Jayme R Reaves, 2017-08-31 In our troubled world protective hospitality is tragically necessary and requires informed shared action and belief on behalf of the threatened other In *Safeguarding the Stranger* Jayme R Reaves argues that protective hospitality and its faith based foundations as seen in the Abrahamic traditions of Judaism Christianity and Islam merit greater theological attention Reaves shows that the practice of protective hospitality in Christianity can be enhanced by a better understanding of Jewish and Muslim practices of hospitality as well as of their codes and etiquettes related to honour *Safeguarding the Stranger* draws on a contextual and political theological approach informed by liberation and feminist theologies as viewed through the lens of a co operative and complementary theological view which is influenced by inter religious Abrahamic and hospitable approaches to dialogue forecasting the positive role that religions can play in resolving conflicts Homosexuality F. Earle Fox, David W. Virtue, 2002-07 A look at the Biblical and scientific foundations of truth righteousness and love for dealing with homosexuality why America fell for a massive program of propaganda and the Godly strategy for rebuilding a sane understanding of human sexuality **Exploring Jewish Ethics** Eugene B. Borowitz, 1990 The essay Buddhist and Jewish Ethics A Response to Masao Abe pp 464 473 relates to a paper by Abe due to be published in 1990 which explains his Buddhist understanding of ultimate reality Though his primary discussion is with Christianity he also seeks to understand how Jewish thinkers have come to terms with the Holocaust hoping in this way to initiate Buddhist Jewish dialogue Borowitz explains Jewish philosophical and theological responses to the Holocaust World Guide to Religious and Spiritual Organizations Union of International Associations, 1996
