Letter to the Bishops of the Catholic Church on the Pastoral Care of Homosexual Persons Catholic Church. Congregatio pro Doctrina Fidei, 1986-01-01 Homosexuality and the Magisterium

John Gallagher, 1986 Pastoral statements mostly positive from Catholic leaders **The Gay Face of God** Bruce Simpson, Bruce J. Simpson, 2004-04 The Gay community has triggered the greatest social debate in American history since the Civil Rights movement of the 1960's Not only has gay marriage seized the total attention of the American conservative movement but also the medieval and border line hysterical consciousness of the Roman Catholic Church as well as other churches worldwide This is the story of a man born of an act of violence who grew up as a gay man to become an Archbishop

in the Old Catholic Church in America Archbishop Bruce J Simpson's theology and beliefs on the subject of the GLBT community and its place in the world and in particular in the Church flies in the face of most traditions and governmental positions. These positions and beliefs have been formed out of his unique experiences growing up in the military police departments, brief connection with the Saudi Royal family, federal Government and the Roman Catholic Church. His story both saddens one at the trials faced in his youth to joy at his many successes as an adult gay man in America. LGBTQI Inclusivity, Homosexuality, and Same-Sex Marriage in the Catholic Church Vivencio O Ballano, 2024-08-19. This book employs an experimental approach to critically re-examine the Catholic Church's traditional teachings on homosexuality, heterosexual marriage and Lesbian, Gay, Bisexual, Transgender, Queer and Intersexual (LGBTQI) inclusivity in light of Pope Francis's inductive synodal theology and modern sociology. With the growing complexity of today's culture and the advancement of social science research, it argues that the empirical foundations of the traditional Church's doctrines on topical moral issues need to be scientifically re-assessed so as to update them in view of Francis's synodality and sociological research on gender, sexuality and same-sex union. Discussion pertaining to whether homosexuality is naturally disordered and whether heterosexuality is the only criterion for Christian marriage remain lingering empirical issues in the Church that require a sociological and inductive synodal analysis rather than the traditional deductive philosophical and theological method that is largely based on natural law theory. This topical book is of appeal to scholars and students of sociology, theology as well as religious, biblical and gender studies.

Chosen Elizabeth Stuart, 1993. There have always been gay priests in the Church but attitude to them and understanding of their situation have varied over the centuries. This book will move many readers and scandalize others. In it British Roman Catholic priests and seminarians who also happen to be homosexual share thoughts, feelings and experiences about being a gay man in a Church which condemns homosexuality as disordered. We learn about their attitudes to their sexuality and Church teaching, their struggles with celibacy and how they survived their time at seminary and how they integrate their sexuality and their vocation. The stories told under altered names to ensure that the men will be safe from reproach cry out for the Catholic Church to face up to the reality of the life and ministry of gay priests. The book offers guidelines for the training and pastoral care needed by such men in the future to help them continue to function as healthy and effective priests. Page 4 of cover.
