The sea was a constant in the life of my family We were English and we had our own ways of thinking and living that were very different from those of everyone else in the locality 2 I had a difficult childhood and was constantly thrown together with my brother Dominic We were not made to feel different especially we just were We spent much of our free time alone together 3 My father who had always been a difficult man became even more driven by his own demons after the move He told me and my siblings that life has no meaning and that there is no God This bleak view of human existence was something I rejected as a child **Seized Again** Richard F. Davis,2011-07-19 noneAs I was working on the cover looking at the photos of what our brain neurons look like I began to think it looked like one of my favorite games Asteroids when your goal was to destroy the asteroids before they destroyed your spaceship That was 30 years ago I thought how funny it would be to paint into the cover picture a space ship like that to see if anyone would notice it but the more I thought about it the more it made me laugh So I designed my own game in my imagination station and drew them out here for you to enjoy Ill call it Seizuroids with the goal to destroy all the meteorites called fear stress anxiety worry depression loneliness and anger before it hits the brain causing a seizure and destroying all the electrical neutrons Laughter truly is the best medicine **Pet Death** Sandra Helene Straub,2019-06-04 In Pet Death Dr Straub addresses issues and feelings commonly encountered after the death of a pet Practical guidelines are provided for coping with feelings of loss and sorrow Many questions arise from the difficult topic of euthanasia and in this book the medical aspect of this procedure is explained in plain language Are your other pets grieving and Should I get another pet right away are other questions addressed Dr Straub and others openly share their personal accounts of pet loss *The Unpredictable* Richard Davis,2013-01-24 The purpose of The Unpredictable is to share personal and biographical stories and illustrations from my own experiences as well as others whose lives have been impacted by epilepsy or disorders Through the written word and the stroke of a brush the old saying A picture paints a thousand words accurately portrays the special people that have been highlighted in the pages of this book At the completion of this book my thoughts went back to what inspired me to write and paint about seizures and living with epilepsy It was my desire to make a living as an artist and settle down in a country home with my family living the life of an artist with a canvas and brush However I have learned through the years that our plans are often contrary to what God has in store for us Living with epilepsy has brought challenges and storms in life that have changed the course and direction of my life In this book the experiences of life with art and epilepsy are put into paintings that I have visualized from this disease My desire is to educate those unfamiliar with epilepsy encourage the ones living with this disease comfort the loved ones who support and assist those living with seizures and open the eyes of doctors who are educated about seizures but have never experienced the

challenges faced in living with a seizure disorder
