**Revolutionary Constitutionalism** Richard Albert, 2020-04-02 This book the result of a major international conference held at Yale Law School contains contributions from leading scholars in public law who engage critically with Bruce Ackerman's path breaking book Revolutionary Constitutions Charismatic Leadership and the Rule of Law The book also features a rebuttal chapter by Ackerman in which he responds directly to the contributors essays Some advance Ackerman's theory others attack it and still others refine it but all agree that the ideas in his book reset the terms of debate on the most important subjects in constitutionalism today from the promise and perils of populism to the causes and consequences of democratic backsliding from the optimal models of constitutional design to the forms and limits of constitutional amendment and from the role of courts in politics to how we identify when the mythical people have spoken A must read for all interested in the current state of constitutionalism

Medical Persuasion Vic Velanovich, 2023-04-26 This unique book is a major contribution to the literature on persuasion in communication and on doctor patient communication in particular Written by a physician scientist with deep experience on the topic the book offers a comprehensive analysis of what makes an argument in medicine persuasive outlining the characteristics of an argument that causes people to accept that the conclusion's of an argument are true Although the book focuses on medical arguments in particular the general approach offered by the author is appropriate for any informal argument The central emphasis is that although sound logical construction and true premises are required to establish the logical truth of a conclusion this is insufficient for persuasion to occur Although formal logic can exist independent of human reception real world arguments must have both an arguer the individual constructing the argument and an audience individuals listening and evaluating the argument Whether the audience is capable of changing their world view is as important as the logical construction of the argument maintains the author To illustrate all points a plethora of examples in medical research and in diagnosis and treatment decisions are presented Medical Persuasion Understanding the Impact on Medical Argumentation is a unique contribution to the clinical literature and will be of immense interest to medical

practitioners researchers and philosophers as a way of gaining insights into constructing arguments for their peers and patients In addition medical trainees will gain important insights in the production of medical knowledge and medical practices and even students in the social sciences and humanities will find the work valuable as a conduit to gaining insight into the reception of an argument
