children's books as *The Carrot Seed* and *How to Make an Earthquake*. Separately Johnson created the enduring children's classic *Harold and the Purple Crayon* and the groundbreaking comic strip *Barnaby Rudge*. Krauss wrote over a dozen children's books illustrated by others and pioneered the use of spontaneous loose-tongued kids in children's literature. Together Johnson and Krauss's style, whimsical writing, clear and minimalist drawing, and a child's point of view is among the most revered and influential in children's literature and cartooning, inspiring the work of Maurice Sendak, Charles M. Schulz, Chris Van Allsburg, and Jon Scieszka. This critical biography examines their lives and careers, including their separate achievements when not collaborating. Using correspondence, sketches, contemporary newspaper and magazine accounts, archived and personal interviews, author Philip Nel draws a compelling portrait of a couple whose output encompassed children's literature, comics, graphic design, and the fine arts. Their mentorship of now famous illustrator Maurice Sendak, where *The Wild Things Are* is examined at length, as is the couple's appeal to adult contemporaries such as Duke Ellington and Dorothy Parker. Defiantly leftist in an era of McCarthyism and Cold War paranoia, Johnson and Krauss risked collaborations that often contained subtly rendered liberal themes. Indeed, they were under FBI surveillance for years. Their legacy of considerable success invites readers to dream and to imagine drawing paths that take them anywhere they want to go.

Great Books for Babies and Toddlers Kathleen Odean, 2008-12-18 The ideal time to begin sharing books with children is during babyhood, even with children as young as six weeks. Starting Out Right National Research Council. All parents hope to give their children the best possible start in life. Many of them know it's a good idea to read to their children at a very young age, not with the goal of teaching their kids to read, but with the joy of having special time together, looking at pictures and playing with words. Carefully chosen books that introduce children to the pleasures of language, simple story structure, and wonderful artwork are the foundation for a future love of books. *Great Books for Babies and Toddlers* is the first book of its kind, a guide to the best age-appropriate children's books available. Compiled by Kathleen Odean, former Chair of the Newbery Award Committee, *Great Books for Babies and Toddlers* provides lively annotations for more than five hundred books, divided into two helpful categories: Nursery Rhymes, Fingerplays, and Songs, and Picture Story Books for the Very Young. With story selections ranging from such classics of children's literature as *Goodnight Moon* and *Where's Spot?* to excellent new books like *How Does a Dinosaur Say Good Night?* and *Buzz*, *Great Books for Babies and Toddlers* will be more than a cherished guide for parents; it will also be a child's first step in the lifelong adventure of reading.
