## **Governing The Present Administering Economic Social And Personal Life:**

*Governing the Present* Peter Miller, Nikolas Rose, 2008-04-28 Bringing together empirical research on the government of economic social and personal life the book clearly demonstrates the importance of analysing these as conjoint phenomena rather than separate domains and questions some cherished boundaries between disciplines and topic areas      *Assessment and Documentation in Early Childhood Education* Maarit Alasuutari, Ann-Marie Markström, Ann-Christine Vallberg-Roth, 2014-01-21 Documentation in early childhood education is typically seen as a means to enhance the quality of care and education and as a way to take account of the child's view Assessment and Documentation in Early Childhood Education considers the increasing trend towards systematic child documentation especially in early childhood institutions The authors present ways in which assessment and evaluation is done sometimes explicitly but more often implicitly in these practices and explore its means aims forms and functions They also examine the rationalities of child documentation from the perspective of professional practice and professionalism and suggest that documentation and assessment practices can weaken and constrain but also empower and strengthen teachers children and parents Topics explored include Different forms of documentation and assessment Documentation and listening to the children Dilemmas of assessment and documentation Participation by children Involvement of parents This timely book will be appealing for those studying in the field of early childhood education teacher education special education general education social work counselling psychology sociology childhood studies and family studies      **The Diffusion of Power in Global Governance** S. Guzzini, I. Neumann, 2012-10-14 The study of global governance has often led separate lives within the respective camps of International Political Economy and Foucauldian Studies Guzzini and Neumann combine these to look at an increasingly global politics with a growing number of agents recognising the emergence of a global polity      **The Mobilities Paradigm** Marcel Endres, Katharina Manderscheid, Christophe Mincke, 2016-05-12 Over the last two decades the conceptualisation and empirical analysis of mobilities of people objects and symbols has become an important strand of social science Yet the increasing importance of mobilities in all parts of the social does not only happen as observable practices in the material world but also takes place against the background of changing discourses scientific theories and conceptualisations and knowledge Within the formation of these mobilities discourses the social sciences constitute a relevant actor Focussing on mobility as an object of knowledge from a Foucauldian perspective rather than a given entity within the historical contingency of movement this book asks How do discourses and ideologies structure the normative substance social meanings and the lived reality of mobilities What are the real world effects of on the will and the ability to be mobile And how do these lived realities in turn invigorate or interfere with certain discourses and ideologies of mobility      **Gender, Governance and Feminist Analysis** Christine M Hudson, Malin Rönnblom, Katherine Teghtsoonian, 2017-07-14 This edited volume presents critical scholarship analysing governance practices in diverse jurisdictions in Europe and North America at

multiple scales and in relation to several different arenas of policy and practice The contributors address shortcomings in the mainstream literature on governance within the discipline of political science The volume as a whole is marked by geographical and topical diversity However what the individual chapters have in common is that each considers whether and how gender racialized identity and or other axes of marginalization are visible within the conceptualizations and or practices of governance under discussion Drawing together insights and conceptual tools from both feminist and post structuralist frameworks in analysing governance practices this volume will be of great interest to scholars and graduates who engage with feminist and or post structural analysis of policy and governance It will also be of use to critical policy scholars in anthropology geography sociology and women s studies

*Responsible Citizens* B. J. Brown, Sally Baker, 2013-10-15 The individual has never been more important in society in almost every sphere of public and private life the individual is sovereign Yet the importance and apparent power assigned to the individual is not all that it seems As *Responsible Citizens* investigates via its UK based case studies this emphasis on the individual has gone hand in hand with a rise in subtle authoritarianism which has insinuated itself into the government of the population Whilst present throughout the public services this authoritarianism is most conspicuous in the health and social welfare sectors such that a kind of governance through responsibility is today enforced upon the population

*The SAGE Handbook of Governance* Mark Bevir, 2010-12-14 The study of governance has risen to prominence as a way of describing and explaining changes in our world The SAGE Handbook of Governance presents an authoritative and innovative overview of this fascinating field with particular emphasis on the significant new and emerging theoretical issues and policy innovations The Handbook is divided into three parts Part one explores the major theories influencing current thinking and shaping future research in the field of governance Part two deals specifically with changing practices and policy innovations including the changing role of the state transnational and global governance markets and networks public management and budgeting and finance Part three explores the dilemmas of managing governance including attempts to rethink democracy and citizenship as well as specific policy issues such as capacity building regulation and sustainable development This volume is an excellent resource for advanced students and researchers in political science economics geography sociology and public administration Mark Bevir is a Professor of Political Science at the University of California Berkeley

*Responsibilisation at the Margins of Welfare Services* Kirsi Juhila, Suvi Raitakari, Christopher Hall, 2016-11-10 The impetus for this book is the shift in welfare policy in Western Europe from state responsibilities to individual and community responsibilities The book examines the ways in which policies associated with advanced liberalism and New Public Management can be identified as influencing professional practices to promote personalisation participation empowerment recovery and resilience In examining the concept of responsibilisation from the point of view of both the responsibilised client and welfare worker the book breaks from the traditional literature to demonstrate how responsibilities are negotiated during multi professional care planning meetings home visits staff meetings

focus groups and interviews with different stakeholders The settings examined in the book can be described as on the margins of welfare mental health substance abuse homelessness services and probation work where the rights and responsibilities of clients and workers are uncertain and constantly under review Each chapter approaches the management of responsibilities from a particular angle by combining responsabilisation theory and discourse analysis to examine everyday encounters Taken together the chapters paint a comprehensive picture of the responsabilisation practices at the margins of welfare services and provide an extensive discussion of the implications for policy and practice Drawing upon both the governmentality literature and everyday encounters the book provides a broad approach to a key topic It will therefore be a valuable resource for social policy public administration social work and human service researchers and students and social and health care professionals

**Foucault and Managerial Governmentality** Alan McKinlay, Eric Pezet, 2017-02-10 In the last two decades there has been an explosion of research inspired by Michel Foucault's suggestion of a new concept governmentality The distinctive feature of modern governmentality is that across all sorts of fields rule is predicated upon the active subject as the vehicle through which and by which power is exercised The appeal of governmentality is that whether we are considering the workplace the school or welfare regimes it opens up new ways of looking at familiar institutions Foucault and Managerial Governmentality is about Michel Foucault's concept of governmentality The novelty of this concept is that looks at the ways that populations and organisations are imagined in ways that premise collective gains through expanding individual freedoms Specifically how are technologies of freedom devised that improve the overall performance health productivity or parental responsibility of a given population Understanding the operation of technologies of control is a simple enough task argues Foucault but also one that blinds us to the increasing prevalence of technologies of freedom Foucault and Managerial Governmentality aims not just to locate this concept in Foucault's wider research project but to apply it to all sorts of management techniques By applying governmentality to questions of management and organization we will also develop Foucault's original somewhat sketchy concept This book has three innovative narratives an awareness of the historicity of the concept the application of governmentality to specific forms of management means that we escape the temptation to read any and all forms of technology and organization as an expression of neoliberalism and finally the interviews with Peter Miller and Nikolas Rose provide unique intellectual and personal insights into the development of the governmentalist project over the last thirty years

**An Archaeology of Educational Evaluation** Emiliano Grimaldi, 2019-08-16 An Archaeology of Educational Evaluation Epistemological Spaces and Political Paradoxes outlines the epistemology of the theories and models that are currently employed to evaluate educational systems education policy educational professionals and students learning It discusses how those theories and models find their epistemological conditions of possibility in a specific set of conceptual transferences from mathematics and statistics political economy biology and the study of language The book critically engages with the epistemic dimension of contemporary educational

evaluation and is of theoretical and methodological interest. It uses Foucauldian archaeology as a problematising method of inquiry within the wider framework of governmentality studies. It goes beyond a mere critique of the contemporary obsession for evaluation and attempts to replace it with the opening of a free space where the search for a mode of being acting and thinking in education is not over determined by the tyranny of improvement. This book will appeal to academics, researchers and postgraduate students in the fields of educational philosophy, education policy and social science.

**Governmentality after Neoliberalism** Mark Bevir, 2018-10-24. Neoliberalism has had a major impact on public policy but it has also perhaps obscured the equally dramatic spread of other policy tools based on significantly different forms of social science. This book therefore explores the mixture of social technologies that have arisen since neoliberalism, sometimes alongside and sometimes in conflict with it, but generally as attempts to address problems created by the market reforms of a high neoliberalism. These have included attempts to spread networks, joining up and long term partnerships and to build state capacity, social capital and resilient communities. Thematically, each chapter is defined by its engagement with governmentality, specifically challenging governmentality theory to pay more attention to practices. The book also develops a complex and variegated account of neoliberalism and its afterlife as chapters highlight the different ways in which a range of market mechanisms and other technologies now coexist in different policy areas. Finally, the book moves beyond abstract discussions of both governmentality and neoliberalism to concrete demonstrations of this approach in action. This text will be of key interest to scholars and students of governance, public policy, governmentality theory and more broadly to British Politics, social policy and sociology.

*Neoliberalisms in British Politics* Christopher Byrne, 2018-09-21. Taking a chronological approach, this book challenges established economic and ideologic narratives of neoliberalism in Britain by charting the gradual diffusion of an increasingly interventionist neoliberal governmental rationality in British politics since the late 1970s and the various means by which the project has furnished itself with a hegemonic basis for its popular support. Spanning five decades of British political history and drawing on rich empirical evidence to bring conceptual clarity to and chart the effects of a style of government bound up with a host of epochal changes, it concludes by considering Brexit and the rise of Corbynism as the final act in the neoliberal saga. It then poses the question: Is British politics on the verge of a major reconstruction representing a decisive rejection of neoliberalism? This book will be of key interest to scholars and students of British politics and neoliberalism, liberalism and more broadly to political theory, political economy and public policy.

**Advertising and Cultural Politics in Global Times** Pamela Odih, 2016-03-03. Advertising and Cultural Politics in Global Times traces daringly transgressive convergences between cultural politics and global advertising media. It engages with a range of interpolations between cultural politics and advertising technologies, including the governmental rationality of neoliberal vistas, transgressive aesthetics and the cultural politics of representation, the political sign economy of citizen branding, techno-political convergences between the social and political and the marking of a new exciting geo-political

terrain for cultural politics in global times Tracing global advertising practices to the cultural politics commonly manifested in the postmodern political caesura of advertising this book makes use of extensive case studies whilst drawing on the work of Baudrillard Giroux Foucault Castells and Latour to illustrate the manner in which advertising continues to revolutionize the political sphere As such it will be of interest to a range of readers across media studies cultural studies and sociology

*Power and Everyday Practices, Second Edition* Deborah Brock, Aryn Martin, Rebecca Raby, Mark P. Thomas, 2019-08-19

Rather than view social inequality as a problem for marginalized populations *Power and Everyday Practices* turns the spotlight on the ways power and privilege are produced and reproduced in our everyday worlds

**States, Markets and Foreign Aid** Simone Dietrich, 2021-11-11 Explores the different choices made by donor governments when delivering foreign aid projects around the world

*International Political Sociology* Tugba Basaran, Didier Bigo, Emmanuel-Pierre Guittet, R. B. J. Walker, 2016-07-22 This book presents an overview and evaluation of contemporary research in international political sociology IPS Bringing together leading scholars from many disciplines and diverse geographical backgrounds it provides unprecedented coverage of the key concepts and research through which IPS has opened up new ways of thinking about international relations It also considers some of the consequences of such innovations for established forms of social and political analysis It thus takes the reader on an intellectual journey engaging with questions about boundaries and limits among the many interrelated worlds in which we now live the ways we conceptualise them and how we continually reshape boundaries of identities spaces authorities and disciplinary knowledge The volume is organized three sections Lines Intersections and Directions The first section examines some influences that led to the formation of the project of IPS and how it has opened up avenues of research beyond the limits of an international relations discipline shaped within political science The second section explores some key concepts as well as a series of heated discussions about power and authority practices and governmentality performativity and reflexivity The third section explores some of the transversal topics of research that have been pursued within IPS including inequality migration citizenship the effect of technology on practices of security the role of experts and expertise data driven surveillance and the relation between mobility power and inequality This book will be an essential source of reference for students and across the social sciences

**Algorithmic Regimes** Juliane Jarke, Bianca Prietl, Simon Egbert, Yana Boeva, Hendrik Heuer, 2025-10-01 Algorithms have risen to become one if not the central technology for producing circulating and evaluating knowledge in multiple societal arenas In this book scholars from the social sciences humanities and computer science argue that this shift has and will continue to have profound implications for how knowledge is produced and what and whose knowledge is valued and deemed valid To attend to this fundamental change the authors propose the concept of algorithmic regimes and demonstrate how they transform the epistemological methodological and political foundations of knowledge production sensemaking and decision making in contemporary societies Across sixteen chapters the volume offers a diverse collection of contributions along three

perspectives on algorithmic regimes the methods necessary to research and design algorithmic regimes the ways in which algorithmic regimes reconfigure sociotechnical interactions and the politics engrained in algorithmic regimes

**Subversive citizens** Barnes, Marian, Prior, David, 2009-07-29 Many of the recent reforms in public services in the UK have been driven by the image of the responsible citizen the service user who does not only have rights to receive services but also has responsibilities for the delivery of policy outcomes In this way citizens everyday conduct is shaped by governmental action yet there is much evidence that both front line staff in public services and the people who use them can sometimes act in ways that modify disrupt or negate intended policy outcomes Subversive citizens presents a highly original examination of how official policy objectives can be subverted through the actions of staff and users It discusses the role of public policy in the creation of good citizenship such as making appropriate choices about what to eat and how much to save to being an active participant in the local community It also examines how the roles of service delivery staff have changed substantially and how theories of power and agency are useful in analysing the engagement between public policies and those employed to deliver them and the citizens at whom they are targeted The idea of subversive citizenship is explored through theoretical and empirical analyses by a range of prominent social researchers and will be of interest to students of social policy sociology criminology politics and related disciplines as well as policy makers involved in public services

**Enterprise Culture in Neoliberal India** Nandini Gooptu, 2013-10-30 The promotion of an enterprise culture and entrepreneurship in India in recent decades has had far reaching implications beyond the economy and transformed social and cultural attitudes and conduct This book brings together pioneering research on the nature of India s enterprise culture covering a range of different themes workplace education religion trade films media youth identity gender relations class formation and urban politics Based on extensive empirical and ethnographic research by the contributors the book shows the myriad manifestations of enterprise culture and the making of the aspiring enterprising self in public culture social practice and personal lives ranging from attempts to construct hegemonic ideas in public discourse to appropriation by individuals and groups with unintended consequences to forms of contested and contradictory expression It discusses what is new about enterprise culture and how it relates to pre existing ideas and goes on to look at the processes and mechanisms through which enterprise culture is becoming entrenched as well as how it affects different classes and communities The book highlights the social and political implications of enterprise culture and how it recasts family and interpersonal relationships as well as personal and collective identity Illuminating one of the most important aspects of India s current economic and social transformation this book is of interest to students and scholars of Asian Business Sociology Anthropology Development Studies and Media and Cultural Studies
