Group Work With Older Adults 85 Therapeutic Exercises For Reminiscence Validation And Remotivation:

Group Work with Older Adults Ann L. Link, 2014 This book is designed to aid therapists and trained group facilitators who conduct discussion groups for geriatric clients. It offers 85 exercises to broaden group topics relevant to aging. Some of the exercises have been updated from those that appeared in the author's earlier publication *Group Work With Elders*. Many are brand new. These exercises combine the important geriatric therapy techniques of Reminiscence Validation and Remotivation to energize group discussion and foster renewal of hope. Publisher *Ebersole & Hess' Toward Healthy Aging E-Book*. Theris A. Touhy, Kathleen F. Jett, 2019-08-24. Ensure you thoroughly understand the intricate details of providing effective care for adults as they age. Ebersole Hess *Toward Healthy Aging* 10th Edition is the only comprehensive gerontological nursing text that effectively communicates how to provide holistic care, promote healthy lives, and address end-of-life issues and concerns. Grounded in the core competencies recommended by the AACN in collaboration with the Hartford Institute for Geriatric Nursing, the tenth edition has been extensively revised and updated with shorter, more streamlined chapters and pedagogical features to facilitate learning. It covers the areas of safety and ethical considerations, genetics, communication with the patient and caregiver, promoting health in persons with conditions commonly occurring in later life, world-wide addressing loss and palliative care, and much more. Special sections provide an honest look at the universal experience of aging and the nurse's role in the reduction of health disparities and inequities as a member of the global community. Plus, it contains a variety of new learning features that focus on applying research and thinking critically in when providing care to aging adults across the care continuum.
