Steffens,2018-02-13 The Obvious Secret A Discipleship Journey to Christian Maturity By Bruce C Steffens The Obvious Secret explores the various major beliefs of the Christian faith from a logical and analytical standpoint It is intended for two purposes First it is a resource to develop Christian discipleship curriculum for teachers and instructors Secondly it is self study resource for seekers new believers and even established believers It contains a systemic approach to understand the why of what we believe and then helps one to establish and deepen a personal relationship with God The book is not intended to tell someone what to believe but rather to give the logical reasons related to belief topics and allow a person to discover the truth of the belief for themselves However without a vibrant relationship with God all the understanding of God s principles and truths are academic A mature disciple is the person whose best friend is God and who helps those around him or her to know God s love and create their own relationship with God **A Theology of Hope** Sang Yun Lee,2019-01-03 Lee advocates a theology of hope essentially different from the Moltmann version on which the idea is developed Lee shows how Cho s message particularly in its promise of a saved healthy happy and prosperous life the Threefold Blessing was the antidote to the events that had ravaged the Korean peninsula in the 1950s At the same time Asian Pentecostal scholars might also need a greater appreciation for both the diversity and richness of their cultural and religious past They have found both culturally and biblically acceptable alternatives to and adaptations from the practices of their ancient religions and are seeking to provide answers to the needs of their own context Allan H Anderson University of Birmingham England From the Foreword *The Holy Spirit and Supernatural Power* Michael
