**The Handbook for Campus Safety and Security Reporting** U. S. Department U.S. Department of Education, 2015-12-23 Reporting a compendium of U S Department of Education ED guidance on complying with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act Clery Act Since that time the Higher Education Opportunity Act HEOA was signed into law amending the Clery Act and adding a number of safety and security related requirements to the Higher Education Act of 1965 as amended HEA

This new legislation necessitated writing The Handbook for Campus Safety and Security Reporting an updated and expanded version of the previous handbook This new version of the handbook will familiarize you with the amended Clery Act and the new regulations that were added by HEOA Similar to the 2005 version this handbook takes you step by step along the path to compliance and explains what the regulations mean and what they require of your institution It also includes new examples and enhanced explanations of many topics based on questions asked of our Campus Safety and Security Help Desk see inside back cover for e mail address over the past several years What hasn't changed is the handbook's emphasis on compliance as a whole system of developing policy statements gathering information from a variety of sources and translating it into the appropriate categories issuing alerts disseminating information and finally keeping records Although we address you throughout we want to stress that this is not a one person job As you will see when you read further a key ingredient in ensuring compliance is coordination knowing who does what and when This means that most of you will find it necessary to coordinate compliance activities with many people and offices in the campus community We hope that you will use this handbook not only to comply fully with the law and its regulations but to make sure that your disclosures to students employees families and the public are easily understandable and useful So please read the handbook carefully think about how the requirements apply to your situation and then review the handbook again Remember the goal of the safety and security related HEA regulations is to provide students and their families as higher education consumers with accurate complete and timely information about safety on campus so that they can make informed decisions
