Handbook Of Childhood Death And Bereavement

David E. Balk, PhD

Handbook Of Childhood Death And Bereavement:

Handbook of Childhood Death and Bereavement PhD Charles A. Corr, PhD,CT,Donna M. Corr, RN, MSN,2004-01-01 In this comprehensive handbook a leading group of experts improve our understanding of the challenges faced by children when coping with death dying and bereavement Organized into three parts the volume addresses specific issues involved in confrontations with death discusses the role of bereavement and explains specific therapeutic interventions for caregivers The reader is introduced to four distinct periods within childhood infancy toddlerhood early childhood and middle childhood Through case examples the contributors illustrate a child s experience with death and bereavement in all four areas The book s practical orientation and emphasis will appeal to a broad array of caregivers including counselors therapists nurses and mental health practitioners concerned with child and adolescent death and bereavement Handbook of Adolescent Death and Bereavement David E. Balk, PhD,2004-01-01 In this comprehensive handbook Charles Corr and David Balk improve our understanding of the challenges faced by adolescents when coping with death dying and bereavement The volume is organized into three parts Part I addresses specific issues involved in confrontations with death Part II focuses on the role of bereavement Part III explains specific therapeutic interventions for caregivers The authors introduce us to adolescence as a special time in the human life cycle a period quite separate from childhood and adulthood They establish normative adolescents and explain developmental tasks that are typical of early middle and late adolescence **Handbook of Childhood and Adolescent Death and Bereavement** Charles A. Corr,Corr,David E. Balk,1996-01-01 **Children's Encounters with Death, Bereavement, and Coping** Charles Corr,David Balk,2010-01-15 Children s Encounters with Death Bereavement and Coping is a very well researched document and well written by an impressive cadre of scholars The book is a must read for marriage and family therapists clergy and pediatric care givers whose work intersects the lives of children and the social and environmental systems in which they live NCFR s Certified Family Life Educators Newsletter For the resource that offers one of the best bibliographies and guides to resources for the book that contains theory definitions treatment modalities helps warnings integration of people and programs cultural diversity when it comes to all of this we turn to Charles A Corr and David E Balk editors of Children s Encounters with Death Bereavement and Coping It is a book you must have on your shelf but don t let it sit there for too long without making good use of it Illness Crisis and Loss Current filled with sound theory wise clinical acumen sound research terrific resources and a multicultural perspective this book will be a necessary resource for clinicians and educators Kenneth J Doka PhD Senior Consultant The Hospice Foundation of America Corr and Balk s book will help adults find many ways to lead bereaved children to a hopeful belief in their future despite their considerable losses This book is a real contribution to the growing literature in this field Nancy Boyd Webb DSW LICSW RPT S Distinguished Professor of Social Work Emerita Fordham University Children struggling with death related issues require care and competent assistance from the adults around them This book serves as a guide for care

providers including counselors social workers nurses educators clergy and parents who seek to understand and help children as they attempt to cope with loss This book comprehensively discusses death and grieving within the context of the physical emotional social behavioral spiritual and cognitive changes that children experience while coping with death The chapters also explore new critical imaginative conceptual models and interventions including expressive arts therapy resilience based approaches new psychotherapeutic approaches and more Key features Presents guidelines for assisting children coping with the loss of parents siblings friends or pets Discusses ethical issues in counseling bereaved and seriously ill children Provides guidelines for helping children manage their emerging awareness and understanding of death Emphasizes research based culturally sensitive and global implications as well as current insights in thanatology Death, Loss, and Grief in Literature for Youth Alice Crosetto,Rajinder Garcha,2012-11-21 All human beings encounter loss and death as well as the grief associated with these experiences It is therefore important for children and adolescents to understand that such events are inevitable and to learn how to accept loss and cope with their emotions In order to help children through their pain parents and caregivers need access to the proper resources that will help them discuss these topics and educational professionals need reliable resources for creating courses of study on these subjects In *Death Loss and Grief in Literature for Youth* Alice Crosetto and Rajinder Garcha identify hundreds of resources that will help educators professionals parents siblings guardians and students learn about coping with the loss of a loved one and the grief process These resources include books Internet sites and media titles aimed at students and those helping them through the grieving process Chapters in this volume include fiction and non fiction titles about the loss of a family member a friend and a pet as well as general reference resources curricular resources and websites Annotations provide complete bibliographical descriptions of the entries and each entry is identified with the grade levels for which it is best suited Reviews from recognized publications are also included wherever possible Anyone interested in locating helpful resources regarding death and grieving will find much of value in this essential tool *The Routledge International Handbook of Child and Adolescent Grief in Contemporary Contexts* Carrie Traher,Lauren J. Breen,2023-11-29 This volume presents the leading research in child and adolescent grief from a diverse and global perspective focusing on the systemic political and cultural processes that have a direct bearing on the way youth experience loss and grief Carrie Traher and Lauren J Breen bring together a global community of academics practitioners and social activists to discuss and address the complexity of lived experiences of grief for young people today Presented in four parts the contributors begin by providing a theoretical overview of youth grief and bereavement before moving onto other important topics such as suicide bereavement the trauma of war digital grief narratives child soldiering and more Within each chapter authors address contemporary theoretical frameworks research findings and praxis related to both death and non death losses such as the Black Lives Matter movement environmental grief and grief on the internet and social media Including contributors from a range of countries and from various disciplines such as educators health care

professionals policy makers and advocates the themes of coping resilience and growth are central and interwoven in each chapter This handbook is essential for researchers clinicians scholars educators parents and activists as to the most pressing societal and global issues that affect youth grief today and to provide context to their personal and professional interactions with youth Chapter 9 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Children and Loss Elizabeth Cheney Pomeroy, Clinical Social Worker in Private Practice Renee Bradford Garcia, Renée Bradford Garcia, 2010-12 Few books written for practitioners provide any practical information regarding grief and loss issues with children and adolescents In a clear and concise manner Children and Loss: A Practical Handbook for Professionals details the strengths perspective of grief and loss developed by the editors It discusses grief and loss in relation to individual children while also addressing issues and strategies for families and professional teams The handbook specifically focuses on the dynamics of grief and assessment issues and provides in depth case examples This realistic and usable application of essential techniques and resources will immediately enhance practitioners skills with children and adolescents in specific settings where children are most likely to present with grief and loss issues This book is a great resource for all practitioners who work with children from foster care professionals and therapists specializing in divorce to counselors in schools and churches This book can also be used to academic settings for any course related to child development child psychology children and families grief and loss end of life and death Handbook of Crisis Counseling, Intervention, and Prevention in the Schools Jonathan H. Sandoval, 2001-10-01 Featuring new chapters on bullying sexual assault natural disasters eating disorders and cultural considerations the second edition of this highly popular Handbook provides a one stop reference for mental health professionals who face a bewildering variety of school based crises Key features include a focus on both prevention and intervention and ongoing discussions of the research that underlies best practice Like the first edition chapters follow a parallel structure that includes the incidence prevalence and impact of the crisis theories regarding precipitating factors discussion of who is at risk for encountering the crisis primary prevention activities methods of working with high risk clients developmentally appropriate methods and intervention activities for individuals and developmentally appropriate methods and activities for groups The result is an unusually coherent volume that is suitable for graduate work in school psychology school counseling school social work and school nursing or as a reference work for in service practitioners Handbook of the Sociology of Death, Grief, and Bereavement Neil Thompson, Gerry R. Cox, 2017-04-28 The Handbook of the Sociology of Death Grief and Bereavement sets issues of death and dying in a broad and holistic social context Its three parts explore classical sociology developments in sociological thought and the ways that sociological insights can be useful across a broad spectrum of grief related topics and concerns Guidance is given in each chapter to help spur readers to examine other topics in thanatology through a sociological lens Scholars students and professionals will come away from the handbook with a

nuanced understanding of the social context cultural differences power relations the role of social processes and institutions and various other sociological factors that shape grief experiences **Dying, Death, and Bereavement** Lewis R.

Aiken,2000-07-01 This book is a brief but comprehensive survey of research writings and professional practices concerned with death and dying It is interdisciplinary and eclectic medical psychological religious philosophical artistic demographics bereavement and widowhood are all considered but with an emphasis on psychological aspects A variety of viewpoints and research findings on topics subsumed under thanatology receive thorough consideration Questions activities and projects at the end of each chapter enhance reflection and personalize the material This fourth edition features material on moral issues and court cases concerned with abortion and euthanasia the widespread problem of AIDS and other deadly diseases the tragedies occasioned by epidemics starvation and war and the resumption of capital punishment in many states The book s enhanced multicultural tone reflects the increased economic social and physical interdependency among the nations of the world Topics receiving increased attention in the fourth edition are terror management attitudes and practices concerning death cross cultural concepts of afterlife gallows humor out of body experiences spiritualism mass suicide pet and romantic death euthanasia right to die postbereavement depression firearm deaths in children children s understanding of death child adolescent adult and physician assisted suicide religious customs and death confronting death legal issues in death dying and bereavement death education death music creativity and death longevity broken heart phenomenon beliefs in life after death new definitions of death children s acceptance of a parent s death terminal illness and the politics of death and dying

Comprehensive Handbook of Childhood Cancer and Sickle Cell Disease Ronald T. Brown,2006-04-06 Over recent decades tremendous advances in the prevention medical treatment and quality of life issues in children and adolescents surviving cancer have spawned a host of research on pediatric psychosocial oncology This important volume fulfills the clear need for an up to date comprehensive handbook for practitioners that delineates the most recent research in the field the first of its kind in over a decade Over 60 renowned authors have been assembled to provide a thorough presentation of the state of the art research and literature with topics including Neuropsychological effects of chemotherapy and radiation therapy Bone marrow transplantation Important issues about quality of life during and following treatment Collaborative research among child focused psychologists Standards of psychological care for children and adolescents Stress and coping in the pediatric cancer experience The role of family and peer relationships The Comprehensive Handbook of Childhood Cancer and Sickle Cell Disease represents both multidisciplinary and international efforts an alliance between physicians and parents and a combination of research and service With a wealth of information of great interest to patients and their families this volume will also be a welcome resource to the psychologists psychiatrists pediatricians oncologists nurses and social workers who confront these issues as they help children and their families through the treatment recovery and grieving processes **Helping Children and Adolescents Think about Death, Dying and Bereavement** Marian

Carter,2016-07-01 How can children begin to understand death and cope with bereavement And how can we as adults support and engage with children as they encounter this complex subject Exploring how children and adolescents can engage with all aspects of death dying and bereavement this comprehensive guide looks at how children comprehend the death of a pet or someone close to them their own dying bereavement and grieving It covers how you should discuss death with children with a particular emphasis on the importance of listening to the child and adapting your approach based on their responses The book offers guidance on how your own experiences of loss can provide you with models for your interactions with children on the subject of death *Death, Dying and Bereavement* Cecilia Lai Wan Chan,Amy Yin Man

Chow,2006-01-01 Fear marks the boundary between the known and the unknown Some Chinese people believe that talking about death will increase the likelihood of occurrence Also by talking about death evil spirits will be attracted to haunt people In facing death individual response is inevitably moulded by the values attitudes and beliefs of one s culture Despite the large Chinese emigrant population in major cities in the world available material in English on death dying and bereavement among Chinese people is scarce As Hong Kong is a place where East meets West most professionals working in the field of death dying and bereavement adapt knowledge from the West to their practice with the Chinese population The intention of this volume is to consolidate and disseminate valuable practical wisdom with professionals in the local and international communities who serve Chinese patients and their family members Both Editors are from the Department of Social Work and Social Administration University of Hong Kong Professor Cecilia Lai Wan Chan has done extensive research in psychosocial oncology behavioral health grief loss and bereavement Amy Yin Man Chow an Honorary Clinical Associate in the department is a registered social worker specialized in bereavement counselling **Death, Dying, and Bereavement**

Judith M. Stillion,Thomas Attig, PhD,2014-11-07 Print CourseSmart *Textbook of Pediatric HIV Care* Steven L.

Zeichner,Jennifer S. Read,2005-04-28 This comprehensive textbook provides the definitive account of effective care for pediatric HIV patients Drawing on the massive and burgeoning published literature from a wide range of sources this volume summarises a wealth of information concerning the aetiology of the disease and the best clinical care for this vulnerable group It distils the very latest knowledge of virology immunology and pathogenesis and uses this to illuminate and explain management recommendations Recently many new agents for the treatment and prophylaxis of HIV infection and the opportunistic infections that accompany HIV infection have been developed accompanied by many new ways of monitoring HIV infection in children These new therapies and approaches to management are complicated but the long term health of HIV infected children depends on their meticulously correct application This textbook explains helps and guides the clinician through all these complexities to facilitate the best possible care for children with HIV infection **Encyclopedia of Death and Dying** Glennys Howarth,Oliver Leaman,2003-12-16 In recent years there has been a massive upsurge in academic professional and lay interest in mortality This is reflected in academic and professional literature in the popular media and in

the proliferation of professional roles and training courses associated with aspects of death and dying Until now the majority of reference material on death and dying has been designed for particular disciplinary audiences and has addressed only specific academic or professional concerns There has been an urgent need for an authoritative but accessible reference work reflecting the multidisciplinary nature of the field This Encyclopedia answers that need The Encyclopedia of Death and Dying consolidates and contextualizes the disparate research that has been carried out to date The phenomena of death and dying and its related concepts are explored and explained in depth from the approaches of varied disciplines and related professions in the arts social sciences humanities medicine and the sciences In addition to scholars and students in the field from anthropologists and sociologists to art and social historians the Encyclopedia will be of interest to other professionals and practitioners whose work brings them into contact with dying dead and bereaved people It will be welcomed as the definitive death and dying reference source and an essential tool for teaching research and independent study Grief in Children Atle Dyregrov, 2008-03-15 This fully updated second edition of Grief in Children provides an overview of children's understanding of death at different ages and outlines how the adults around them can best help them cope The author provides guidance on handling loss and bereavement at school and discusses the value of bereavement groups and support for child and caregiver *Encyclopedia of School Psychology* T. Stuart Watson, Christopher H. Skinner, 2012-12-06 School psychologists are on the front lines in dealing with the most significant challenges facing children and the educational community today And in a world of ever increasing risks and obstacles for students school psychologists must be able to use their in depth psychological and educational training to work effectively with students parents teachers administrators and other mental health professionals to help create safe learning environments By recognizing each individual student's unique circumstances and personality school psychologists are able to offer specialized services to address such crucial children's issues as family troubles e.g. divorce death school assignments depression anger management substance abuse study skills learning disabilities sexuality and self discipline The Encyclopedia of School Psychology provides school psychologists and other educational and mental health professionals with a thorough understanding of the most current theories research and practices in this critical area In addition the Encyclopedia offers the most up to date information on important issues from assessment to intervention to prevention techniques *Handbook of Evidence-Based Interventions for Children and Adolescents* Lea Theodore, 2016-07-20 A step by step resource for treating more than 40 prevalent issues with proven strategies This comprehensive handbook for evidence based mental health and learning interventions with children and adolescents is distinguished by its explicit yet concise guidance on implementation in practice With a compendium of proven strategies for resolving more than 40 of the most pressing and prevalent issues facing young people the book provides immediate guidance and uniform step by step instructions for resolving issues ranging from psychopathological disorders to academic problems Busy academics practitioners and trainees in schools and outpatient clinical settings will find this

resource to be an invaluable desktop reference for facilitating well informed decision making Unlike other volumes that ignore or merely reference the evidence base of various interventions this book focuses on providing immediate empirically supported guidance for putting these strategies into direct practice Issues covered include crisis interventions and response social and emotional issues academic learning issues psychopathological disorders neuropsychological disorders and the behavioral management of childhood health issues Each chapter follows a consistent format including a brief description of the problem and associated characteristics etiology and contributing factors and three evidence based step by step sets of instructions for implementation Additionally each chapter provides several websites offering further information about the topic Featuring contributions from leading scholars and practitioners on each issue covered this book will be a valuable resource for child clinical and school psychologists counselors social workers and therapists as well as other health and mental health professionals whose primary practice is with children and adolescents Key Features Demonstrates step by step evidence based interventions for more than 40 common childhood issues Provides treatment procedures that can be immediately put into practice Covers a wide range of mental health and academic learning issues for children and adolescents Relevance for both school based and clinically based practice Includes contributions by noted experts in the field

Children's Needs III George G. Bear, Kathleen M. Minke, 2006 Handbook for school psychologists on research based resources for working with children in the schools
