The Coming Golden Age Bible Study Guide Dr. David Jeremiah, 2024-11-19 Can You Imagine a Thousand Years of Peace on Earth? Our world longs for peace. For an end to wars and conflicts. Governments and leaders strive to achieve that peace through the United Nations and treaties, but none of their efforts have succeeded. However, a day is coming when the world will know peace for one thousand years. During this time, the Millennium, Jesus will reign on earth as King, and through His power, crime will be nonexistent, wars will cease, and worshipers will fill the church pews. More passages of Scripture address the Millennium than any other prophetic event in the Bible, yet it's an event many Christians know very little about. In *The Coming Golden Age Study Guide*, Dr. David Jeremiah guides you on a fascinating tour through the various aspects that will define your life during this one thousand year reign of Christ. You will learn about Jesus' kingly reign on earth, the importance of Jerusalem in this event, the binding of Satan, how human lifespans will be extended, and how all wars will cease to exist. Each lesson includes an outline of the main subjects and Scriptures covered during the lesson, an overview of Dr. Jeremiah's teaching on the topic being studied, application questions to help both individuals and small groups delve into the content, and the Bible A Did You Know section that adds a point of interest to the lesson. *Coles's Tourist's Guide Book. The inspiring story of the 13 courageous Black men who integrated the U S Navy during World War II leading desegregation efforts across America and anticipating the civil rights movement Featuring previously unpublished material from the U S Navy this little known history of forgotten civil rights heroes uncovers the racism within the military and the fight to serve Through oral histories and original interviews with surviving family members Dan Goldberg brings thirteen forgotten heroes away from the margins of history and into the spotlight He reveals the opposition these men faced the racist pseudo science the regular condescension the repeated epithets the verbal abuse and even violence Despite these immense challenges the Golden Thirteen persisted understanding the power of integration the opportunities for black Americans if they succeeded and the consequences if they failed Until 1942 black men in the Navy could hold jobs only as cleaners and cooks The Navy reluctantly decided to select the first black men to undergo officer training in 1944 after enormous pressure from ordinary citizens and civil rights leaders These men segregated and sworn to secrecy worked harder than they ever had in their lives and ultimately passed their exams with the highest average of any class in Navy history In March 1944 these sailors became officers the first black men to wear the gold stripes Yet even then their fight wasn t over white men refused to salute them refused to eat at their table and refused to accept that black men could be superior to them in rank Still the Golden Thirteen persevered determined to hold their heads high and set an example that would inspire generations to come In the vein of Hidden Figures The Golden Thirteen reveals the contributions of heroes who were previously lost to history *Official Year-book of the Scientific and Learned Societies of Great Britain and Ireland* ,1907 **Journal of the Royal Agricultural Society of England** Royal Agricultural Society of England,1909
