Orality and Literacy Kristina Rose Fagan,Natalia Khanenko-Friesen,2011-01-01 *Orality and Literacy* investigates the interactions of the oral and the literate through close studies of particular cultures at specific historical moments Rejecting the great divide theory of orality and literacy as separate and opposite to one another the contributors posit that whatever meanings the two concepts have are products of their ever changing relationships to one another Through topics as diverse as Aboriginal Canadian societies Ukrainian Canadian narratives and communities in ancient Greece Medieval Europe and twentieth century Asia these cross disciplinary essays reveal the powerful ways in which cultural assumptions such as those about truth disclosure performance privacy and ethics can affect a society s uses of and approaches to both the written and the oral The fresh perspectives in *Orality and Literacy* reinvigorate the subject illuminating complex interrelationships rather than relying on universal generalizations about how literacy and orality function

Liberty, Equality, and the Market B. N. Chicherin,1998-01-01 This volume brings the remarkable writings of Russian liberal thinker Boris Nikolaevich Chicherin 1828 1904 to English language readers for the first time The collection includes key essays in which Chicherin addresses the central political and social problems that confronted Russia from 1855 to the opening years of the twentieth century Chicherin s ideological alternatives to the

Bolshevik plan for revolutionary transformation of Russia not only provide valuable historical insights but also are highly relevant to current political discussion of liberalism in Russia and in the West In a comprehensive introduction to the book G M Hamburg discusses the development of Chicherin s thought and places it in historical context Chicherin Hamburg says was a powerful and sophisticated but often misunderstood defender of civil and political rights Like his fellow liberals in Russia Chicherin was heavily influenced by German idealism and particularly by Hegel He departed from many however in favoring a market economy and advocating that reform efforts be tailored to local conditions and traditions In this collection Chicherin explores such contemporary issues as the abolition of serfdom Russian education and the need for a constitution He also tackles broad philosophical problems the nature of liberty and equality styles of political discourse and comments on such philosophers as Plato Aristotle More Machiavelli Montesquieu Hegel and Marx Enemy Number One Rósa Magnúsdóttir,2019 From Stalin s anti American campaign to Khrushchev s peaceful coexistence policy this book addresses the Soviet propaganda and ideology directed towards the United States during the early Cold War Guide to Microforms in Print ,1998 The Public Image of Eastern Orthodoxy Heather L. Bailey,2020-06-15 Focusing on the period between the revolutions of 1848 1849 and the First Vatican Council 1869 1870 The Public Image of Eastern Orthodoxy explores the circumstances under which westerners concerned about the fate of the papacy the Ottoman Empire Poland and Russian imperial power began to conflate the Russian Orthodox Church with the state and to portray the Church as the political tool of despotic tsars As Heather L Bailey demonstrates in response to this reductionist view Russian Orthodox publicists launched a public relations campaign in the West especially in France in the 1850s and 1860s The linchpin of their campaign was the building of the impressive Saint Alexander Nevsky Church in Paris consecrated in 1861 Bailey posits that as the embodiment of the belief that Russia had a great historical purpose inextricably tied to Orthodoxy the Paris church both reflected and contributed to the rise of religious nationalism in Russia that followed the Crimean War At the same time the confrontation with westerners negative ideas about the Eastern Church fueled a reformist spirit in Russia while contributing to a better understanding of Eastern Orthodoxy in the West **(Counter-)Archive: Memorial Practices of the Soviet Underground** Klavdia Smola,Ilya Kukulín,Annelie Bachmaier,2024-10-04 This book is the first major study exploring archival and memorial practices of the Soviet unofficial culture The creation of counter archives was one of the most important forms of cultural resistance in the Soviet Union Unofficial artists and poets had to reinvent the possibilities of maintaining art and literature that did not exist Against the background of archival theories and memory studies the volume explores how the culture of the Soviet underground has become one of the most striking cases of scholarly and artistic self archiving which although being half isolated from the outer world reflected intellectual and artistic trends characteristic of its time The guiding question of the volume is how Soviet unofficial culture de constructed social memory by collecting archiving and memorizing tabooed culture of the past and present
