Contemporary Women's Ghost Stories Gina Wisker, 2022-06-02 This book offers new insights on socially and culturally engaged Gothic ghost stories by twentieth century and contemporary female writers including Shirley Jackson Angela Carter Toni Morrison Ali Smith Susan Hill Catherine Lim Kate Mosse Daphne du Maurier Helen Dunmore Michele Roberts and Zheng Cho Through the ghostly body possessions and visitations women's ghost stories expose links between the political and personal genocides and domestic tyrannies providing unceasing reminders of violence and violations Women like ghosts have historically lurked in the background incarcerated in domestic spaces and roles by

familial and hereditary norms They have been disenfranchised legally and politically sold on dreams of romance and domesticity Like unquiet spirits that cannot be silenced women s ghost stories speak the unspeakable revealing these contradictions and oppressions Wisker s book demonstrates that in terms of women s ghost stories there is much to point the spectral finger at and much to speak out about Wisconsin Literary Luminaries Jim Higgins,2017-04-03 From the humble Ingalls family cabin in the woods to Ayad Akhtar s multicultural conflicts the Badger State s stories and imagery have long inspired Explore how Aldo Leopold and Lorine Niedecker drew on their close observations of the natural world Contrast the distinct novels that Jane Hamilton and Larry Watson set on Wisconsin apple orchards Delve into Thornton Wilder s enduringly popular *Our Town* and the wild fiction of Ellen Raskin and Cordwainer Smith who wrote like no one else Join Jim Higgins for a detailed account of ten notable Wisconsin writers that blends history literary criticism and fact *The Neoliberal Imagination in Contemporary Literature* Tammy Amiel Houser,2024-08-06 This book examines the relationship between empathy and neoliberalism as it unfolded in the aftermath of the 2008 financial crisis and through the turbulent 2010s Via close readings of contemporary novels as well as various non fictional texts it traces the changing approaches to empathy in the post financial crisis imagination highlighting a crucial re conceptualization of empathy as a boundaryless force untethered to local or social circumstance This reconceptualization implicitly aligns empathy with the neoliberal ethos of globalism and distances it from the traditional notion of sympathy Via complex dialogue with the novelistic tradition of sympathy contemporary novelists highlight the problematics of boundaryless empathy while exploring ways to resist neoliberal views and values Analyzing engagements with empathy in post 2008 literature and culture the book sheds light on the underlying affective dynamics that enabled the persistence of neoliberalism after the 2008 financial crisis alongside efforts to challenge its dominance Film, Comedy, and Disability Alison Wilde,2018-09-09 Comedy and humour have frequently played a key role in disabled people s lives for better or for worse Comedy has also played a crucial part in constructing cultural representations of disability and impairments contributing to the formation and maintenance of cultural attitudes towards disabled people and potentially shaping disabled people s images of themselves As a complex and often polysemic form of communication there is a need for greater understanding of the way we make meanings from comedy This is the first book which explores the specific role of comedic film genres in representations of disability and impairment Wilde argues that there is a need to explore different ways to synthesise Critical Disability Studies with Film Studies approaches and that a better understanding of genre conventions is necessary if we are to understand the conditions of possibility for new representational forms and challenges to ableism After a discussion of the possibilities of a fusion between Disability Studies and Film Studies and a consideration of the relationships of comedy to disability Wilde undertakes analysis of contemporary films from the romantic comedy satire and gross out genres Analysis is focused upon the place of disabled and non disabled people in particular films considering visual audio and narrative dimensions of representation and the ways they

might shape the expectations of film audiences This book is of particular value to those in Film and Media Studies and Critical Disability Studies especially for those who are investigating more inclusive practices in cultural representation
