Good Order Right Answers To Contemporary Questions:

The Failure of Modernism Brendan Sweetman, 1999 The contributors to *The Failure of Modernism* are influenced by the view that modernism has failed and most of the essays attempt to critique specific features of modernism often from a more traditional perspective Modernism in philosophy is characterized by skepticism and anti realism in epistemology and by relativism in ethics and politics

A Paleoconservative Anthology Paul Gottfried, 2023-02-15 This anthology provides detailed examinations of the major themes and perspectives of the paleoconservatives as political thinkers and activists A long forgotten and persistently disregarded group within the American Right but their ideas show a remarkable staying power Paleoconservatives as this anthology undertakes to show have been among the most original and insightful representatives of the Right over the last thirty years but because of internal quarrels and their conspicuous defiance of the conservative establishment they have become isolated voices Almost everything about the paleoconservatives should be of interest to historians of political movements including the process by which they became a marginalized force on the intellectual right and their periodic attempts to build bridges across the political spectrum

Liberalism Versus Conservatism François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title and author

The Compleat Gentleman Brad Miner, 2021-05-11 Here is a welcome reminder that men can be gentlemen without turning into ladies or louts Michelle Malkin Miner writes with wit and charm Wall Street Journal The Gentleman An Endangered Species The catalog of masculine sins grows by the day mansplaining manspreading toxic masculinity reflecting our confusion over what it means to be a man Is a man's only choice between the brutish rutting MeToo lout and the gelded imitation woman endlessly sensitive and fun to go shopping with No Brad Miner invites you to discover the oldest and best model of manhood the gentleman In this tour de force of popular history and gentlemanly persuasion Miner lays out the thousand year history of this forgotten ideal and makes a compelling case for its modern revival Three masculine archetypes emerge here the warrior the lover and the monk forming the character of the compleat gentleman He cultivates a martial spirit in defense of the true and the beautiful He treats the opposite sex with passionate respect And he values learning in pursuit of the truth Miner's gentleman stands out for the combination of discretion decorum and nonchalance that the Renaissance called sprezzatura He belongs to an aristocracy of virtue not of wealth or birth following a lofty code of manly
