Contemporary Arguments, Books a la Carte Edition Lester Faigley, Jack Selzer, 2011-09 This popular rhetoric reader combines a brief accessible introduction to argument with an anthology of provocative readings on contemporary issues

Good Reasons with Contemporary Arguments Lester Faigley, Jack Selzer, 2001 This brief rhetoric of argument with an anthology of readings on contemporary issues takes a non Toulmin based approach to writing arguments in an electronic age By stressing the rhetorical situation and the audience the rhetoric avoids complicated terminology in favor of providing students with the practical means to find good reasons for the positions they want to advocate The rhetoric includes readings

by professional and student writers including a pivotal selection from Rachel Carson's extraordinarily influential argument *Silent Spring*. The anthology reprints over 60 arguments on interesting current issues: the environment, affirmative action, censorship, Title IX, substance abuse, gay rights, and the body. Becoming a Public Relations Writer Ronald D.

Smith, 2016-08-05 *Becoming a Public Relations Writer* is a comprehensive guide to the writing process for public relations practice. Using straightforward, no-nonsense language, realistic examples, easy-to-follow steps, and practical exercises, this text introduces the various formats and styles of writing you will encounter as a public relations practitioner. A focus on ethical and legal issues is woven throughout with examples and exercises addressing public relations as practiced by corporations, non-profit agencies, and other types of organizations, both large and small. In addition, the book offers the most comprehensive list of public relations writing formats to be found anywhere, from the standard news release to electronic mail and other opportunities using a variety of technologies and media. The fifth edition has been updated to reflect significant developments in the public relations field, including new and updated information on research into persuasion and social psychology aimed at helping readers be more influential in their writing. Significant updating on a new chapter on multimedia, introducing a new transmedia format for a comprehensive news package for print, broadcast, online, and social media. Expansion of a chapter on websites, blogs, and wikis. Expansion of the chapter on direct mail and online appeals. Updated examples of actual pieces of public relations writing. A companion website with resources for instructors and students, including a glossary, flashcards, exercises, and appendices on ethical standards, careers in public relations, and professional organizations. Through its comprehensive and accessible approach, *Becoming a Public Relations Writer* is an invaluable resource for future and current public relations practitioners. **Good Reason with Contemporary Arguments** Lester Faigley, Jack

God and Abstract Objects William Lane Craig,2017-09-05 This book is an exploration and defense of the coherence of classical theism s doctrine of divine aseity in the face of the challenge posed by Platonism with respect to abstract objects A synoptic work in analytic philosophy of religion the book engages discussions in philosophy of mathematics philosophy of language metaphysics and metaontology It addresses absolute creationism non Platonic realism fictionalism neutralism and alternative logics and semantics among other topics The book offers a helpful taxonomy of the wide range of options available to the classical theist for dealing with the challenge of Platonism It probes in detail the diverse views on the reality of abstract objects and their compatibility with classical theism It contains a most thorough discussion rooted in careful exegesis of the biblical and patristic basis of the doctrine of divine aseity Finally it challenges the influential Quinean metaontological theses concerning the way in which we make ontological commitments One-Sided Arguments Douglas Walton,1999-08-12 We often feel that an argument should be doubted or held as suspicious because it has a bias But bias isn t always wrong It is a normal phenomenon in advocacy argumentation and in many cases it is to be expected Yet sometimes bias can be quite harmful in argumentation In this book bias is defined as one sided advocacy of a point of view in argumentation It is shown to be harmful or properly subject to critical condemnation only when the dialogue exchange is supposed to be a balanced two sided exchange of viewpoints The book concedes the postmodernist premise that bias is quite normal in everyday conversational arguments and that a finding of bias should not by itself constitute grounds for criticizing an argument as critically deficient or fallacious But the book strongly disagrees with the postmodernist conclusion that no standard of rationality can be brought to bear to condemn narrowly interest based or one sided arguments as biased It is argued that in some cases narrow one sided partisanship in an argument is justifiably a basis for negative criticism of the worth of the argument

On Reasoning and Argument David Hitchcock,2017-04-06 This book brings together in one place David Hitchcock s most significant published articles on reasoning and argument In seven new chapters he updates his thinking in the light of subsequent scholarship Collectively the papers articulate a distinctive position in the philosophy of argumentation Among other things the author develops an account of material consequence that permits evaluation of inferences without problematic postulation of unstated premises updates his recursive definition of argument that

accommodates chaining and embedding of arguments and allows any type of illocutionary act to be a conclusion advances a general theory of relevance provides comprehensive frameworks for evaluating inferences in reasoning by analogy means end reasoning and appeals to considerations or criteria argues that none of the forms of arguing ad hominem is a fallacy describes proven methods of teaching critical thinking effectively **The Foundations of Economics** Walter

Eucken,2012-12-06 THE FIRST GERMAN edition of this book appeared in 1940 Since then the book has gone through five more editions and has been translated into Spanish and Italian The present English translation is based on the sixth German edition The author was Professor of Economics at the University of Freiburg Germany Professor Eucken was a student at a time when the Historical School dominated the teaching of economics at the German universities Although at the beginning of his career he did some work along the lines of the Historical School neither the aims nor the methods of historical research the field of economics as practised by the representatives in of the Historical School satisfied him and the fact that the members of this school were unable to explain the causes of economic events such as the German inflation after World War I was an added reason for him to turn to economic theory He became among German economists the foremost opponent of the Historical School which he criticised in several publications Through his writings and his teaching he contributed his share to the revival of interest in economic theory which was noticeable in the twenties And he was one of the few economists left in Germany who helped to keep this interest alive during the thirties and during World War II During this time he published *Kapitaltheoretische Untersuchungen* 1936 and the present volume which immediately gave rise to an extensive discussion in German economic journals *The Modern Preacher and the Ancient Text* Sidney Greidanus,1989-01-19 A fusion of biblical

hermeneutics and homiletics this thorough and well researched book offers a holistic contemporary approach to the interpretation and preaching of biblical texts using all the scholarly tools available and focusing especially on literary features Greidanus develops hermeneutical and homiletical principles and then applies them to four specific genres Hebrew narratives prophetic literature the Gospels and the Epistles **Media Argumentation** Douglas Walton,2007-09-24 Media argumentation is a powerful force in our lives From political speeches to television commercials to war propaganda it can effectively mobilize political action influence the public and market products This book presents a new and systematic way of thinking about the influence of mass media in our lives showing the intersection of media sources with argumentation theory informal logic computational theory and theories of persuasion Using a variety of case studies that represent arguments that typically occur in the mass media Douglas Walton demonstrates how tools recently developed in argumentation theory can be usefully applied to the identification analysis and evaluation of media arguments He draws upon the most recent developments in artificial intelligence including dialogical theories of argument which he developed as well as speech act theory Each chapter presents solutions to problems central to understanding analyzing and criticizing media argumentation
