Books and Social Media Miriam J. Johnson, 2021-07-29 Social media and digital technologies are transforming what and how we read Books and Social Media considers the way in which readers and writers come together in digital communities to discover and create new works of fiction This new way of engaging with fiction stretches the boundaries of what has been considered a book in the past by moving beyond the physical or even digitally bound object to the consideration of content containers and the ability to share Using empirical data and up to date research methods Miriam Johnson introduces the ways in which digitally social platforms give rise to a new type of citizen author who chooses to sidestep the industry's gatekeepers and share their works directly with interested readers on social platforms Gender and genre especially play a key role in developing the communities in which these authors write The use of surveys interviews and data mining brings to the fore issues of gender genre community and power which highlight the push and pull between these writers and the industry Questioning what we always thought we knew about what makes a book and traditional publishing channels this book will be of interest to anyone studying or researching publishing book history print cultures and digital and contemporary literatures

Triggered Literature John Sutherland, 2023-10-05 Amid the flames of the culture wars politicians have taken up arms over controls on literary culture spurred on in part by universities triggering canonical texts Jonathan Swift's Battle of the Books has flared up again But is triggering utter wokery or responsible pedagogic practice Through dozens of case studies of triggered works from Romeo and Juliet to Gender Queer John Sutherland explores the recent phenomenon of triggering and its consequences for university English departments and literature itself He maintains that what is routinely overlooked in the heat of polemic is that triggering is categorically different from traditional institutional religious educational dictatorial controls on literature Triggering is in essence an alert Done responsibly it does not erase or meddle it stimulates curiosity and thought It honours the fact that great literature is great because it is as Franz Kafka says powerful In this characteristically nuanced and calmly objective study the witty literary critic guides us through the increasingly rocky terrain of triggering His advice rings clear literature matters to us and what we make of our world and it must be handled with critical care
