The Non-Canonical Gospels Paul Foster, 2008-09-11 This book brings together a collection of chapter length treatments on the most significant of the non canonical gospels A particular strength of the volume is that it draws upon the research of leading experts in the field and clearly and concisely communicates the most hotly contested issues surrounding each text While a key function of each chapter is to make the current academic debates accessible to a wider audience these treatments are not simply overviews or survey articles They also present fresh perspectives on a number of points and critically assess the most recent trends in scholarship As such they will provide an ideal entry point for advanced undergraduate courses and taught Masters programmes The structure of the book is divided up in an easily useable format There is an introduction which underscores the significance of the non canonical texts both for the original readers and for contemporary audiences This chapter by Keith Elliott also traces important moments in the reception of a number of these texts both in art and literature Next follows the main sequence of chapters dealing with individual texts Texts such as the Gospel of Thomas the Gospel of Peter and the Gospel of Mary are treated first due to the impact they have had to varying degrees on Historical Jesus research Other texts are grouped in various subgroups the two infancy gospels follow each other and the more fragmentary texts are also closely linked in the arrangement The book presents one of the most comprehensive and up to date discussions of a range of texts that continue to be of interest to scholars and wider readers The discussions should clarify a number of popular misconceptions and allow for a more informed debate The scholars who contribute to this collection represent an eclectic range of views and theological outlooks No attempt has been made to impose a prescribed perspective Rather the leading experts have been consulted to produce fresh and stimulating treatments The book will include contributions from Andrew Gregory Oxford Christopher Tuckett Cambridge April DeConick Rice and Simon Gathercole Aberdeen among others

Jesus and the Manuscripts Craig A. Evans,2021-10-05 Jesus and the Manuscripts by popular author and Bible scholar Craig A Evans introduces readers to the diversity and complexity of the ancient literature that records the words and deeds of Jesus This diverse literature includes the familiar Gospels of the New Testament the much less familiar literature of the Rabbis and of the Qur an and the extracanonical narratives and brief snippets of material found in fragments and inscriptions This book critically analyzes important texts and quotations in their original languages and engages the current scholarly discussion Evans argues that the Gospel of Thomas is not early or independent of the New Testament Gospels but that it should be dated to the late second century He also argues that Secret Mark like the recently published Gospel of Jesus Wife is probably a modern forgery Of special interest is the question of how long the autographs of New Testament writings remained in circulation Evans argues that the evidence suggests that most of these autographs remained available for copying and study for more than one hundred years and thus stabilized the text Key points and features Written by popular author and Bible scholar Craig A Evans Includes 20 pages of high quality color photos Walks readers through the various works of ancient literature both biblical and non biblical that mention Jesus Critically analyzes important texts and quotations in their original languages and engages the

current scholarly discussion **The Apocryphal Gospels** Jens Schröter, 2021-11-19 The New Testament contains four accounts of the life of Jesus To some people in antiquity four was too many Disagreements in the Gospels over what Jesus said and did triggered debate between insiders and drew criticism from outsiders To other people four was not enough As early as the first century Christians wrote additional gospels each with their own portrayal of Jesus and depictions of his relationships with his family his followers and his Father While these gospels were not included in the New Testament canon many continued to be important for Christian thought and practice all these texts moreover are significant for the study of emergent Christianity This short accessible introduction draws on current scholarship on the various noncanonical or apocryphal gospels to present this fascinating literature to readers eager to learn more about their origins contents and meaning The book begins with a discussion of the distinction between gospels that became canonical and those that came to be regarded as apocryphal Then the gospels are presented in chapters arranged according to Jesus ministry from Infancy Gospels to texts about Jesus earthly career to his passion resurrection and postresurrection appearances This book demonstrates how early Christians confronted crises in their communities through story crafting new accounts of Jesus life that expanded upon and sometimes challenged the Gospels that became canonical The apocryphal gospels are not Scripture but they are no less valuable for understanding Christianity in its formative centuries and beyond **The Cambridge Companion to the Gospels** Stephen C. Barton, Todd Brewer, 2021-08-19 Authoritative chapters chart new developments of gospels interpretation in four main areas background content interpretation and impact *Ancient Jewish and Christian Scriptures* John J. Collins, Craig A. Evans, Lee Martin McDonald, 2020-08-25 *Ancient Jewish and Christian Scriptures* examines the writings included in and excluded from the Jewish and Christian canons of Scripture and explores the social settings in which some of this literature was viewed as authoritative and some was viewed either as uninspired or as heretical John J. Collins Craig A. Evans and Lee Martin McDonald examine how those noncanonical writings demonstrate the historical literary and religious aspects of the culture that gave rise to the writings They also show how literature excluded from the Jewish and Christian canons of Scripture remains valuable today for understanding the questions and conflicts that early Jewish and Christian faith communities faced Through this discussion contemporary readers acquire a broader understanding of biblical Scripture and of Jewish and Christian faith inspired by Scripture **Writing the Gospels** Catherine Sider Hamilton, Joel Willitts, 2019-02-21 In this book prominent biblical scholars engage with Francis Watson's most striking arguments on the creation of the gospels Their contributions focus in particular on his argument for a fourfold gospel rather than four separate gospels his argument against Q but for an early sayings collection and on the larger landscape of Jesus studies gospel reception and interpretation The contributors ask whether and in what ways Watson's reorientation of gospel studies is successful and explore its implications for research Leading scholars including Jens Schröter Margaret Mitchell Richard Bauckham and many others provide a close critical and creative engagement with Watson's work More than merely a critical

review of Watson's writing this book carries forward his work with fresh treatments and provides an essential volume for students and scholars seeking to understand the landscape of gospel studies and to explore new directions within it

Combining Gospels in Early Christianity Jacob A. Rodriguez, 2023-10-09 In this study Jacob A Rodriguez investigates which gospels tended to keep company with one another in early Christian reading practices By engaging the dynamics of gospel combinations in the Gospel of Thomas the Epistula Apostolorum the Diatessaron second century Christian authors ranging from Papias to Clement of Alexandria and early gospel manuscripts Rodriguez identifies a center of gravity in early Christian gospel reading consisting of the Synoptics and John While second century Christians do not use the terms canonical or noncanonical the gospels we now know as canonical captivated their literary imagination in a manner unparalleled by any other Jesus books The author offers a rigorous philological literary critical text critical artifactual and theological reconstruction of early Christian gospel reading culture

Theological and Theoretical Issues in the Synoptic Problem John S. Kloppenborg, Joseph Verheyden, 2020-07-23 This volume addresses the Synoptic Problem and how it emerged in a historical context closely connected with challenges to the historical reliability of the gospels questions the ability of scholarship arriving at a compelling reconstruction of the historical Jesus the limits of the canon and an examination of the relationship between the historical reliability of gospel material and ecclesial dogma that was presumed to flow from the gospels The contributors all experts in the Synoptic Problem probe various sites and issues in the 19th and 20th century to elaborate how the Synoptic Problem and scholarship on the synoptic gospels was seen to complement undergird or complicate theological views By exploring topics ranging from the Q hypothesis to the Markan priority and the Two Document hypothesis this volume supplies extensive theological context to the beginnings of synoptic scholarship from an entirely new perspective

Fakes, Forgeries, and Fictions Tony Burke, 2017-05-31 Fakes Forgeries and Fictions examines the possible motivations behind the production of apocryphal Christian texts Did the authors of Christian apocrypha intend to deceive others about the true origins of their writings Did they do so in a way that is distinctly different from New Testament scriptural writings What would phrases like intended to deceive or true origins even mean in various historical and cultural contexts The papers in this volume presented in September 2015 at York University in Toronto discuss texts from as early as second century papyrus fragments to modern apocrypha such as tales of Jesus in India in the nineteenth century Life of Saint Issa The highlights of the collection include a keynote address by Bart Ehrman Apocryphal Forgeries The Logic of Literary Deceit and a panel discussion on the Gospel of Jesus Wife reflecting on what reactions to this particular text primarily on biblioblogs can tell us about the creation transmission and reception of apocryphal Christian literature The eye opening papers presented at the panel caution and enlighten readers about the ethics of studying unprovenanced texts the challenges facing female scholars both in the academy and online and the shifting dynamics between online and traditional print scholarship

Ancient Apocryphal Gospels Markus Bockmuehl, 2017-01-17 In this

reader friendly guide Markus Bockmuehl offers a sympathetic account of the ancient apocryphal Gospel writings showing their place within the reception history and formation of what was to become the canonical fourfold Gospel Bockmuehl begins by helping readers understand the early history behind these noncanonical Gospels before going on to examine dozens of specific apocryphal texts He explores the complex oral and intertextual relationships between the noncanonical and canonical Gospels maintaining that it is legitimate and instructive to read the apocryphal writings as an engagement with the person of Jesus that both presupposes and supplements the canonical narrative outline Appropriate for pastors and nonspecialists this work offers a fuller understanding of these writings and their significance for biblical interpretation in the church

The Canon and Beyond Tobias Nicklas ,2024-10-28 How did the canon of the New Testament come into being To what extent can we also speak of a history of the already existing canon What functions were and are assigned to it in different historical contexts What is the relationship between canonical writings and extra canonical writings What is the relationship between Christian apocrypha and the texts of the Bible from the Old and New Testaments The number of questions surrounding the canon of New Testament writings and the lasting significance of apocryphal writings and traditions in relation to the canon is almost inexhaustible This volume brings together contributions by Tobias Nicklas on these topics from the past twenty years A particular focus is on the reassessment of Christian apocrypha and their relationship to image and rite and on understanding of canon as a dynamic entity

The Apocryphal Gospels Simon Gathercole,2021-04-22 A new translation of the oldest non canonical Christian gospels In the early years of Christianity several groups produced hidden or apocryphal gospels alternative versions of the story of Christ Sometimes these texts complemented the four canonical gospels of the New Testament sometimes they subverted them and often they were completely different Here in the widest selection of non canonical gospels gathered in one volume which also includes two modern forgeries we see the young Jesus making live birds from clay hear his secret words of wisdom discover gnostic cosmologies and witness the Harrowing of Hell Preserved by their readers and attacked by their detractors these gospels shine a fascinating light on the early Christian Church Translated with an Introduction by Simon Gathercole

Gnostic Morality Revisited Ismo Dunderberg,2015-06-18 While the early Christian texts discussed in this book are often treated as gnostic ones they are here approached as witnesses to the views of educated Christians engaged in dialogue with philosophical traditions Following the idea that ancient philosophical schools provided their adherents with ways of life Ismo Dunderberg explores issues related to morality and lifestyle in non canonical gospels and among groups that were gradually denounced as heretical in the church He deals with the soul's progress from material concerns to a life dominated by spirit the control of emotions the avoidance of luxury the ideal perfect human as a tool in moral instruction classifications of humankind into distinct groups based on their moral advancement and Christian debates about the value of martyrdom In addition he offers a critical review of some recent trends and attitudes in New Testament scholarship
