Ricci,2017-07-12 In a letter to Boccaccio Petrarch extolled the virtue of poetry and letters for promoting an understanding of both human nature and morals The letter was designed to console him after hearing a prediction that he was soon to die and that he ought to renounce poetry The prophecy came from an elder renowned for his piety but Petrarch admonished that too often dishonesty and fraud are couched in religious sentiments Nothing not even death according to Petrarch ought to divert us from literature For Petrarch Virgil was the source for understanding how literary studies not only promote eloquence but enhance morals If anything literature dispels the fear of death The claims of this volume is that it may be the case that the virtuous life can be achieved by those ignorant of letters but a more direct and certain route is guaranteed by a devotion to literature The collected works in this new volume of the Transaction series Religion and Public Life heeds Petrarch s advice that literature not only orients us to life s developmental stages it can provide us with a more complete understanding of the

human character while artfully advancing morals To this end Michelle Darnell's opening chapter entitled A New Age of Reason explains how existentialism is an argument for how literature can take on philosophical form not as formal argument but as persuasive narrative Over the objections of even those who study Sartre Darnell uses Sartre's The Age of Reason as a model and shows how his literary output was a legitimate philosophical inquiry In addition to the Darnell piece the volume boasts a series of outstanding and innovative works by scholars in the field Taken together as a whole these authors not only illustrate the moral consequences of an original choice but oblige the reader to explore the ramifications of such a choice in one's own life

Women, Violence and Postmillennial Romance Fiction Emma Roche, 2023-04-21 This book interrogates the significance of the revival and reformulation of the romance genre in the postmillennial period Emma Roche examines how six popular novels published between 2005 and 2015 Twilight Fifty Shades

of Grey Gone Girl Sharp Objects and The Girl on the Train reanimate and modify recognisable tropes from the romance genre to reflect a neoliberal and postfeminist cultural climate As such Roche argues these novels function as crucial spaces for interrogating and challenging those contemporary gender ideologies Throughout the book Roche addresses and critiques several key attributes of neoliberal postfeminism including a pervasive emphasis on individualism and personal responsibility an insistent requirement for self monitoring self surveillance and bodywork the celebration of consumerism and its associated pleasures the prescription of mandatory optimism and suppressing one s negative emotions and the endorsement of choice as a primary marker of women s empowerment While much critical attention has been devoted to those attributes and their pernicious effects Roche argues that one crucial repercussion has been largely overlooked in contemporary cultural criticism how these ideologies function together to effectively sanction gender based violence Thus Roche exploits textual analysis to demonstrate the subtle ways in which neoliberal postfeminism can augment women s vulnerability to male violence

The Vast and Terrible Drama Eric Carl Link, 2016-10-18 A broad treatment of the cultural social political and literary under pinnings of an entire period and movement in American letters The Vast and Terrible Drama is a critical study of the context in which authors such as Oliver Wendell Holmes Stephen Crane Frank Norris Theodore Dreiser and Jack London created their most significant work In 1896 Frank Norris wrote Terrible things must happen to the characters of the naturalistic tale They must be twisted from the ordinary and flung into the throes of a vast and terrible drama There could be no teacup tragedies here This volume broadens our understanding of literary naturalism as a response to these and other aesthetic concerns of the 19th century Themes addressed include the traditionally close connection between French naturalism and American literary naturalism relationships between the movement and the romance tradition in American literature as well as with utopian fictions of the 19th century narrative strategies employed by the key writers the dominant naturalist theme of determinism and textual readings that provide broad examples of the role of the reader By examining these and other aspects of American literary naturalism Link counters a century of criticism that has perhaps viewed literary naturalism too narrowly as a subset of realism bound by the conventions of realistic narration

Jane Austen's Romantic Medievalism Tiffany Schubert, 2023-11-28 While Jane Austen is often regarded as an author who embodies Georgian refinement and restraint this book argues that her work was deeply engaged with the medieval tradition of courtly love and its investment in happy endings Revealing the influence of romance on Persuasion Emma and other novels this study provides new insights into Austen s narrative style representations of gender and complex interest in happiness as both an

affective and moral state As Austen reimagines courtly love in her own idiom she upends traditional gender roles portraying women not as fine ladies but as rational creatures Drawing on the structures of Christian narrative she also illuminates the centrality of providence as a virtue that bestows grace on her characters offering them deliverance and happiness To be sure Austen famously ironizes romance criticizing emotional excess and downplaying conventionally romantic scenes This study nonetheless finds creative power in her irony showing how Austen's critique of romance is rooted in the paradoxes of Christian theology which allow for both human suffering and divine order In reframing key ethical and generic conventions of the medieval past Austen's ironic providentially arranged romances educate readers into wisdom and joy
