

Principle 1- Love Maps

Couples who are intimately familiar with each other and know the rich details of each other's world is what Dr. John Gottman calls a love map. It's the part of the brain where you store all the relevant information about your partner's life.

[The Seven Principles for Making Marriage Work](#) John Gottman, Ph.D., 2002-02-04

Just as Masters and Johnson were pioneers in the study of human sexuality, so Dr. John Gottman has revolutionized the study of marriage. As a professor of psychology at the University of Washington and the founder and director of the Seattle Marital and Family Institute, he has studied the habits of married couples in unprecedented detail over the course of many years. His findings and his heavily attended workshops have already turned around thousands of faltering marriages. This book is the culmination of his life's work: the seven principles that guide couples on the path toward a harmonious and long-lasting relationship. Straightforward in their approach yet profound in their effect, these principles teach partners new and startling strategies for making their marriage work. Gottman helps couples focus on each other, on paying attention to the small day-to-day moments that strung together make up the heart and soul of any relationship. Being thoughtful about ordinary matters provides spouses with a solid foundation for resolving conflict when it does occur and finding strategies for living with those issues that cannot be resolved. Packed with questionnaires and exercises whose effectiveness has been proven in Dr. Gottman's workshops, *The Seven Principles for Making Marriage Work* is the definitive guide for anyone who wants their relationship to attain its highest potential.

The Seven Principles for Making Marriage Work is the result of Dr. John Gottman's many years of closely observing thousands of marriages. This kind of longitudinal research has never been done before. Based on his findings, he has culled seven principles essential to the success of any marriage:

- Maintain a love map
- Foster fondness and admiration
- Turn toward instead of away
- Accept influence
- Solve solvable conflicts
- Cope with conflicts you can't resolve
- Create shared meaning

Dr. Gottman's unique questionnaires and exercises will guide couples on the road to revitalizing their marriage or making a strong one even better.

[A Woman's Guide to the Male Mind](#) Sam Geraldo, 2011-01-14

A Woman's Guide to the Male Mind is the indirect result of a blog that I wrote in 2005, *How Do You Tell If a Guy Fancies You?* The article was so popular, receiving more than 70 replies from women with lots more questions, that I launched my web site www.seducemen.co.uk. Since then, most of the advice I've given in hundreds of published articles was based on my own experiences and those of my friends. To write the book, however, I adopted a more scientific approach. I performed a significant amount of research into recent discoveries by anthropologists, sociologists, psychologists, and biochemists on topics ranging from basic sexual

attraction to personality type and male female communications strategies Its my belief therefore that A Womans Guide to the Male Mind features the best of two worlds common sense opinions backed by solid empirical evidence By helping ladies understand the male point of view with regard to sex dating and relationships I hope to eliminate the senseless conflicts that so often erupt between lovers and would be lovers Once you understand a few fundamentals about the male mind and male behaviour you will stop thinking of men as inscrutable blockheads and primitive misfits You will no longer regard them as you would a small nasty child or an alien race Arming yourself with the wisdom in this book youll increase your odds of finding happiness and harmony in romantic relationships and you will help ensure that this bliss lasts a lifetime By the time a man reaches maturity he has passed through four evolutionary stages in his attitude toward women and relationships Its very important to understand and identify these four stages because it will save you from wasting time on guys who arent ready for serious romance
