Governance Processes In Sierra Leone 1799 2014:

Governance Processes in Sierra Leone 1799-2014 Abubakar Hassan Kargbo, 2015 Governance Processes in Sierra Leone from 1799 2014 is one of the governance series which has been put together over the years to help not only postgraduate students at various universities in Sierra Leone but also people who are interested in knowing about the decentralisation process. It critically examines important issues in local government in Sierra Leone starting from the colonial period and covering the post independence era the process of decentralisation of local governance in 2004 and the present. The book starts with the concept of good governance because of its importance in decentralisation and the various features that characterise it. It is followed by a literature review on decentralisation in the developing countries. What should be the proper role of the parliament of Sierra Leone as the supreme organ of the state has been given much prominence in this book. Parliament's role to ensure that its activities are primarily focused on legislating pro poor policies and that the creation of a solid foundation for socio economic and political development through coalition building is highlighted. The book also contains the reintroduction of district officers into the decentralisation architecture in Sierra Leone. The significance of decentralisation its achievements so far its challenges and the way forward is extensively examined. Historical Dictionary of Sierra Leone LaRay Denzer, David E. Skinner, 2025-10-02 Sierra Leone was founded as a refuge for emancipated slaves in the late 18th century and is an important case study for contemporary global issues. The region in which the country is located was important for the early migration and settlement of diverse cultures throughout western Africa. The dictionary offers information and analysis about the territory's ethnographic economic social and political characteristics from early times to the present. Historical Dictionary of Sierra Leone Third Edition contains a chronology an introduction and an extensive bibliography. The dictionary section has more than 400 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture. This book is an excellent resource for students researchers and anyone wanting to know more about Sierra Leone. Urban Transformations in Sierra Leone Joseph M Macarthy, Braima Koroma, Andrea Rigon, Alexandre Apsan Frediani, Andrea Klingel, 2024-12-05 With a population over one million Freetown the capital of Sierra Leone faces serious challenges around provision of services housing and infrastructure all exacerbated by climate change. Already a large share of the Freetown population lives in informal settlements and as many as 70 per cent of the city's residents are employed on an informal basis. In 2015 the Sierra Leone Urban Research Centre SLURC was established to engage with urban challenges in Sierra Leone through research capacity building and advocacy activities in areas such as health land housing and mobility. SLURC has become a platform for dialogue among urban stakeholders to negotiate the future of the city. Urban Transformations in Sierra Leone aims to share SLURC's journey so far articulating the key findings generated by its various research projects while also reflecting on the partnerships it has enabled. By bringing together research from different sectors the book makes a significant contribution to

knowledge on Freetown and demonstrates the potential of transdisciplinary work Praise for Urban Transformations in Sierra Leone A deeply embedded text that consolidates learning from Freetown for all cities Read not just for how a critical city of the global south is taking on social environmental and developmental justice challenges but on the possibilities of multi sited egalitarian partnerships that have been held with care over years of co produced work collective knowledge making and locally rooted practice A treasure of a text Gautam Bhan Indian Institute for Human Settlements India Sierra Leone s story is incomplete without acknowledging the fortuitous emergence of SLURC as a catalysing force for urban transformation By prioritising collaboration in different forms this book showcases how engagements between and among academic practice civic and public institutions can foster a better future for communities Taibat Lawanson University of Lagos Nigeria This book is timely in telling a story about SLURC and partners who are committed to fostering knowledge co production that offers unique perspective on co learning environmental justice urban resilience urban health to mention but a few a living knowledge piece that points us to the future possibilities and extension of knowledge frontiers in Sierra Leone s urbanisation journey Shuaib Lwasa International Institute of Social Studies The Netherlands The authors contribute comprehensively to our understanding of urban development in Freetown especially its informal settlements However its account of the co production of knowledge is foundational to the work elevating it beyond case study and offering reflection and models of good practice Kenneth Lynch University of Gloucestershire UK

A New Perspective on Governance, Leadership, Conflict and Nation Building in Sierra Leone Solomon E. Berewa, 2011 Sierra Leone is in her final phase of a Post civil War rebuilding after twelve years of what has been dubbed one of the most devastating civil conflicts in Modern African History Since the advent and end of the conflict a lot has been written in the forms of documentaries reportages commentaries satires and academic textbooks by journalists academics politicians former heads of state and political analysts However this book *A New Perspective On Governance Leadership Conflict and Nation Building in Sierra Leone* is different It presents a new outlook in the sense that it is incisive analytical honest educative and thought provoking at the same time The key message that runs through the veins of the theme is state renewal informed by new thinking spectacles that efficiently configure the manner in which the management of state leadership and governance is articulated for the benefits of the common good The author Solomon E Berewa was one of the key actors Chief Government Negotiator and stakeholder of the peace deals in his capacity as Minister of Justice and Attorney General and Vice President of the Republic of Sierra Leone He has written this masterpiece authoritatively by throwing fresh lights on the serious political issues and questions which have blurred the significance of the past and the present Like any sincere agent of nation building after a traumatic experience such as the one Sierra Leone went through the rationale of the author is to build bridges across the board political spectrums In his estimation it is only by looking into the past with open mind and sincerity learn tangible lessons and act on them meticulously that nations can be in position to surmount current challenges for the good and durability of a better tomorrow Post war Sierra Leone needs to have faith in this philosophy and crown it as the cornerstone in this crucial period of political and socio economic renewal

Foundations of Parliamentary Democracy in Sierra Leone S. V. Wright, 2000 This book gives a unique insider s account of the changes in governance that took place as Sierra Leone progressed from a British Colony with a self selected legislature to an Independent Nation with a democratically elected Parliament It covers the period from 1944 when the authour started his

career to 1967 when a military take over saw the dissolution of Parliament. In the position of Clerk to the various Legislatures in Sierra Leone, the author accumulated over twenty years of experience as an insider in the legislature and an independent witness of change. It is from this vantage position that the book outlines details of the events, processes, and most of all the major personalities that shaped political governance in Sierra Leone. This book is not the usual historical account of dates and events with arguments over roles and outcomes. Rather, it is an insightful and detailed account of the motivation and strategies of the different stakeholders as they battled for change in governance. It outlines the cut and thrust of debate in the various legislatures resulting in the increased democratisation of political governance. The 1944 Legislative Council of 21 members was made up mainly of European Government Officials and members appointed by the Governor. This was later enlarged to include more elected members, becoming a 57-member House of Representatives in 1951 with an elected Speaker. The stalwarts who pressed for change come alive in this book with all their political savvy and their idiosyncrasies which made them colourful figures in the process of change. The author portrays these main characters with empathy and fondness that reflect his role in serving and guiding legislators as well as his friendship cultivated with them over the years. The book comes alive with quotes from key players during critical debates on issues of profound national significance. Through these extensive quotes and the author's description of the personalities involved, the book captures the wit and humour that helped to maintain decorum and mutual respect amongst legislatures at the most trying times. These men, there was only one woman legislator, Madame Ella Koblo Gullama, throughout this period were skilled at debates and parliamentary procedures as they sought independence from Britain. Their task was clearly complicated by tensions and disparities between the Colony people and Protectorate people due in large part to the British strategy of divide and rule in its territories. The book provides us with lively insights into the personalities and contributions of pivotal figures including 4 Governors, 2 Prime Ministers, 3 Speakers, and some of the most formidable opposition figures, Milton Margai who became the first Prime Minister and his brother Albert Margai who succeeded him, Siaka Stevens who later became the first President of the Republic of Sierra Leone. Otto During, Bankole Bright, and Wallace Johnson, household names in the history of Sierra Leone, all these names come alive in this book as personalities that changed the course of history in the country. In modern times, Sierra Leone has become widely known for a series of military coups and an ugly civil war that caused extensive destruction, loss of life, and reversal of the democratic process. This book reminds us of a time when the hottest battles were waged in the chambers of Parliament with weapons of wit, diplomacy, humour, and skilled debate. The book suggests there were winners and losers on every issue and debate, but the winners tended to be magnanimous and losers always lived to fight another day. The author does not seek to pass political judgement on these early legislators beyond their stated positions and interests. Like a true civil servant, S. V. Wright succeeds in a challenging task by painting a neutral portrait of these early political representatives and the key legislative processes they pursued in shaping the future of a nation. Colonialism, Class

Formation, and Underdevelopment in Sierra Leone Eliphas G. Mukonoweshuro,1993 This study examines from a materialist perspective the socio economic historical and political factors contributing to the political instability and underdevelopment of Sierra Leone Tools of analysis from different methodological perspectives such as class and ethnicity are critically reviewed and utilized in the analysis and identification of colonial class formation the behavior of political groups and their economic bases The emphasis is on the dominant colonial social forces that shaped the evolution and development of the decolonization process including the formation of colonial social classes colonial state and the political relation that developed

Local Governance and Ethnicity in Sierra Leone Henry Mbawa Jr.,2013 In drawing attention to Sierra Leone s post war local governance reforms the author argues that while the main driver of these reforms was the need to extend the benefits of citizenship to rural inhabitants yet these reforms have tended to concentrate on Local Councils as the strong force for political participation and development ignoring the salience of unequal relations between ethnic groups the role of chieftaincy and a historically complicated centre local relation As such liberalised political processes within the Council system tend to be dominated by interethnic tensions over the content of citizenship while devolution generally has created significant opportunities for a central takeover of local politics Consequently the more politically autonomous chieftaincy system has emerged as the main conduit through which the issues of rural citizenship including land rights and representation tend to be negotiated

Freedom of Information Law and Good Governance Emmanuel Saffa Abdulai,2021-10-15 This book argues that Sierra Leone s ten year civil conflict demonstrates the criticality of freedom of information FOI as a facet of good governance where corruption thrives spanning both public and private sectors if Sierra Leone s continued security and stability are to be ensured It argues that it was the absence of an anti corruption tool like FOI and its attendants transparency and accountability in governance generally and in the area of the extractive industry in particular that lead to other social phenomena which directly sparked the war It proffers that for the continued consolidation of peace security stability and development in Sierra Leone transparency and accountability must be ensured by protecting and implementing the demand driven anti graft FOI Straddling the disciplines of law political science public policy and history the book s major premise is that it was the absence of FOI in the area of governance and the extractive industry which enabled politicians civil servants and the politically connected to ransom and exploit Sierra Leone s mineral resources for their own profit with impunity a state of affairs which led to underdevelopment state collapse and an embittered civil populace especially the youth The book postulates that as such any attempt to ensure long term peace in Sierra Leone should seek to avoid replicating the conditions that gave rise to that gruesome conflict elites expropriation of national resources through endemic graft The book proposes the comprehensive and effective implementation of the Right to Information Act 2013
