EBOOK: The New Primary Care Bernard Dowling, Caroline Glendinning, 2003-10-16 The modernization of the NHS is at the heart of the UK government's policies for public sector services This modernization programme represents the most radical and ambitious restructuring of the NHS since its inception in 1948 The new Primary Care Groups and Trusts PCGTs

are the main organizational mechanism for delivering the modernization agenda and are therefore key to the success or otherwise of these reforms To date there has been no comprehensive evaluation of how PCG Ts have been performing in implementing the modernization programme this book fills that important gap in knowledge It provides a strong text of first evidence about the performance of PCG Ts to date this forms the basis for discussions about future success and a benchmark for future research The New Primary Care will be an essential resource for all advanced students of health care as well as academics researchers and policy makers **Health Care Financing Review** ,1986 Governing Universities Catherine Bargh,Peter Scott,David Smith,1996 The governance of higher education in the UK was regarded until recently as the dignified element within the constitution of the academy University councils were trustees rather than directors But governance is now a contested area and in particular lay governors are seen as key change agents responsible for reforming the old donnish culture of elite higher education Governing Universities explores who governors are how they conceive of their new roles and what they think about higher education policy It examines whether governing bodies have become more actively engaged in setting institutional policies and whether governors have changed the old culture or gone native It sets university governance in the large context of the massification and marketization of higher education and draws comparisons both with other parts of the public sector and the private sector and with governance in North America and the rest of Europe Making Sense of the NHS White Papers Mark R. Baker,2000 Provides a comprehensive analysis of the White Paper The New NHS Modern Dependable and also the public health Green Paper Our Healthier Nation The author explains and expands on the key themes of the White Paper and discusses the expectations for both staff and patients in the NHS

The New Politics of the NHS Rudolf Klein,Martin Powell,2025-11-25 Since it was first published more than 40 years ago The New Politics of the NHS has become established as the key overview of the NHS its processes and its paths of influence providing a clear easy to read guide to often complex debates This eighth edition continues to encompass both the background of the evolution of the NHS since its foundation while also providing a picture of its present and future in a more pluralistic and financially austere era in which deference to medical expertise continues to erode and information on health and care is accessible to all while at the same time scepticism and misinformation abound Reflecting events since the turn of the millennium and under successive government administrations including strategies for coping with a new much harsher economic environment new chapters describe events in the past decade including the impact of the COVID 19 pandemic and the latest change in government Assuming no prior knowledge of NHS politics and systems The New Politics of the NHS focuses on management structure centralisation funding economic performance challenges current party political debates interest groups and rationing and ultimately on the NHS s institutional and cultural continuity as a tax funded service providing comprehensive universal health care that remains free at the point of delivery The new edition is a vital update for all healthcare professionals NHS managers policy makers and shapers and those in special interest groups including patient

advocacy organisations and remains essential reading for anyone interested in developing a better understanding of modern healthcare delivery
