Churchill, 2017-03-02 Suzanne Churchill's well researched and superbly crafted study is the first book length treatment of *Others* an important and neglected little magazine that served as a laboratory for modernist poetic experimentation In discussions of influential poets such as Mina Loy Marianne Moore and William Carlos Williams whose careers *Others* helped launch Churchill counters the notion of Modernism as aesthetically self isolating and socially disengaged Rather she traces a correspondence between formal innovation and social change in American modernist poetry and argues that this dimension of modernist formalism is lost when poems are studied in isolation *Others* provides a framework for reassessing the scope and significance of modernist formalism The little magazine not only anchors modernist poetry in a social context but also leads to new insight into major modernist texts Churchill's commitment to her subject's broad cultural contexts makes her book important for students and teachers of Modernism as well as for those working in the fields of American poetry and poetics gender studies queer theory periodical studies and cultural studies **Mysticism and Architecture** Roger Paden, 2007-01-11 *Mysticism and*

Architecture Wittgenstein and the Palais Storborough is a multi disciplinary study of the Viennese palais that the philosopher Ludwig Wittgenstein helped design and build for his sister shortly after he abandoned philosophy for more practical activities and during the period that supposedly separates his early from his late philosophy Weaving together discussions of a number of social political and cultural developments that helped to give fin de siècle Vienna its character including the late modernization of Austrian society industry and economy the construction of Vienna's Ringstrasse the slow decay of the Hapsburg monarchy and the failure of Austrian liberalism as well as Tolstoy's religiously based ethical views Adolf Loos's critique of architectural ornament Karl Kraus's analysis of Vienna's decadence Kierkegaard's and Nietzsche's views on the importance of indirect communication Otto Weininger's theory of the nature and duty of genius Camillo Sitte and Otto Wagner's dispute over good urban form Schopenhauer's aesthetic theories and his Eastern philosophy of life and Russell and Frege's philosophical and logical theories the book presents a philosophical biography of Wittgenstein reminiscent of but substantially different from Janik and Toulmin's Wittgenstein's Vienna This philosophical biography underpins a new interpretation of the house which argues that the house belongs to neither architectural Modernism nor Postmodernism but is instead caught between those two movements This analysis of the house in turn grounds a new interpretation of Wittgenstein's philosophical works that emphasizes their mystical nature and practical purpose Finally this interpretation shows the unity of these works while simultaneously suggesting an underlying flaw namely that they arise from two fundamentally opposed worldviews present in Vienna during Wittgenstein's youth aesthetic modernism and critical modernism *The Yale Alumni Weekly*, 1912 *Art in Every Day Life* Harriet Irene Goldstein, Vetta Goldstein, 1925 Munsey's Magazine for ..., 1901
