How Clients Make Therapy Work The Process Of Active Self Healing:

How Clients Make Therapy Work Arthur C. Bohart, Karen Tallman, 1999-01-01 This new book challenges the medical model of the psychotherapist as healer who merely applies the proper nostrum to make the client well Instead the authors view the therapist as a coach collaborator and teacher who frees up the client's innate tendency to heal This book offers provocative reading for clinicians intrigued by the process of therapy and the process of change *How Clients Make Therapy Work* Arthur C. Bohart, 2009 In this book the authors challenge the medical model of the psychotherapist as healer who merely applies the proper nostrum to make the client well They see the therapist as a coach collaborator and teacher who frees up the client's innate tendency to heal The self healing tendency of the client usually overrides differences in technique or theoretical approach which is why research continually finds different approaches to therapy work about equally well If the client is the driver of change how can therapists help Often by simply providing an empathic workspace that allows the client's capacity for generative thinking to thrive The authors share tips for dealing with client resistance passivity and maladaptive behavior This book will be of interest to those who care about the nature of therapeutic change PsycINFO Database Record c 2004 APA all rights reserved *An Introduction to Counselling and Psychotherapy: Theory, Research, Practice and Social Purpose, 7th Edition* John McLeod, 2025-03-25 An Introduction to Counselling and Psychotherapy builds on the existing strengths of John McLeod's research and professional experience This title provides a comprehensive introduction to the research and practice of counselling and psychotherapy and enables students to develop their confidence in deploying a range of therapeutic models With renewed focus on issues of social justice and in depth consideration of how best to respond to contemporary developments within and beyond the therapy session McLeod's most recent edition provides students with the skills required to navigate their early careers in a post Covid19 context Complete with case studies and topics for discussion this core textbook acts as a one stop shop for students on a wide variety of counselling training programmes John McLeod is a household name in the world of C P education John has held Professorial position at the Universities of Keele Abertay Olso Padua and Massey and at the Institute for Integrative Counselling and Psychotherapy Dublin He has published 14 books and more than 100 articles and chapters and has an international reputation as a leading figure in counselling and psychotherapy practice and research *Counselling Skills: A Practical Guide For Counsellors And Helping Professionals* McLeod, John, McLeod, Julia, 2011-10-01 This second edition is a step by step practical guide to counselling skills for trainees and practitioners It presents key skills clearly and concisely
