Woods,2019-06-01 Both significant and timely Blackhood Against the Police Power addresses the punishment of race and the disavowal of sexual violence central to the contemporary post racial culture of politics Here the author asserts that the post racial presents an antiblack animus that should be read as desiring the end of blackness and the black liberation movement s singular ethical claims The book redefines policing as a sociohistorical process of implementing antiblackness and in so doing redefines racism as an act of sexual violence that produces the punishment of race It smartly critiques the way leading antiracist discourse is frequently complicit with antiblackness and recalls the original 1960s conception of black studies as a corrective to the deficiencies in today s critical discourse on race

and sex The book explores these lines of inquiry to pinpoint how the history of racial slavery wraps itself in a new discourse of disavowal In this way *Blackhood Against the Police Power* responds to a range of texts policies practices and representations complicit with the police power from the Fourth Amendment and the movements to curtail stop and frisk policing and mass incarceration to popular culture treatments of blackness to the leading academic discourses on race and sex politics

An Unformed Map Philip Janzen,2025-05-02 In An Unformed Map Philip Janzen traces the intellectual trajectories of Caribbean people who joined the British and French colonial administrations in Africa between 1890 and 1930 Caribbean administrators grew up in colonial societies saw themselves as British and French and tended to look down on Africans Once in Africa however they were doubly marginalized excluded by Europeans and unwelcome among Africans This marginalization was then reproduced in colonial archives where their lives appear only in fragments Drawing on sources beyond the archives of empire from dictionaries and language exams to a suitcase full of poems Janzen considers how Caribbean administrators reckoned with the profound effects of assimilation racism and dislocation As they learned African languages formed relationships with African intellectuals and engaged with African cultures and histories they began to rethink their positions in the British and French empires They also created new geographies of belonging across the Atlantic foundations from which others imagined new political horizons Ultimately Janzen offers a model for reading across sources and writing history in the face of archival fragmentation

Indirect Subjects Matthew H. Brown, 2021-08-23 In *Indirect Subjects* Matthew H Brown analyzes the content of the prolific Nigerian film industry's mostly direct to video movies alongside local practices of production and circulation to show how screen media play spatial roles in global power relations Scrutinizing the deep structural and aesthetic relationship between Nollywood as the industry is known and Nigerian state television Brown tracks how several Nollywood films in ways similar to both state television programs and colonial cinema productions invite local spectators to experience liberal capitalism not only as a form of exploitation but as a set of expectations about the future This mode of address which Brown refers to as periliberalism sustains global power imbalances by locating viewers within liberalism but distancing them from its processes and benefits Locating the wellspring of this hypocrisy in the British Empire's practice of indirect rule Brown contends that culture industries like Nollywood can sustain capitalism by isolating ordinary African people whose labor and consumption fuel it from its exclusive privileges

And There Was No Poor Among Them Ryan D. Ward, 2023-05-16 While The Church of Jesus Christ of Latter day Saints has expanded many fundamental Christian doctrines salvation is still understood as pertaining exclusively to the next life How should we understand salvation and what does the timing of the Restoration reveal about God's vision of salvation for a suffering world To answer these questions author Ryan Ward traces the theological evolution of salvation from the liberation of Israel from oppression to the Western Christian development of salvation as an individualistic transactional atonement This evolution corresponded with the shift of Christianity from a covenant community to an official state religion aligned with imperial power structures Ward also explores the economic and social movements in the centuries leading up to the Industrial Revolution which solidified the power of propertied elites at the expense of the poor plundered entire continents and killed millions Synthesizing these theological and historical threads *And There Was No Poor Among Them* Liberation Salvation and the Meaning of the Restoration asserts that the Restoration is God's explicit rejection of social and economic systems and ideologies that have led to the globalization of misery Instead Ward shows how the Restoration and the gospel of Christ is an invitation to a participatory salvation realized in Zion communities where there are no poor among us
