Simple and Fun Science C Dennis McKee, Lynn Wicker, 2024-12-31 This resource is for grades 2-4 and aligns to the National Science Standard 1, 2, 3, 4, 5, 6, 7, and 8. The study of science is important because it helps us understand how the world works. That understanding is a reward in itself. But with that understanding, we can find ways to improve our food, comfort, learning, health, safety, transportation, communication, and a whole lot more. One way we learn science is by reading about discoveries made by scientists. Another way is by learning how scientists do their work and then through experiments and activities, make discoveries on our own. The Simple and Fun Science Simplified series offers students both paths to understanding science. Perhaps some day you too will make an important discovery that will add to our understanding of how the world works. Answers are provided at the back of
