Honey for a Child's Heart Gladys Hunt,2010-06-01 A modern classic with over 250 000 copies sold *Honey for a Child s Heart* is a

compelling essential guide for parents who want to find the best books for their children ages 0-12. A good book is a gateway into a wider world of wonder, beauty, delight, and adventure. But children don't stumble onto the best books by themselves. They need a parent's help. Author Gladys Hunt discusses everything from how to choose good books for your children to encouraging them to be avid readers. Completely revised and updated to keep pace with the ever-changing world of children's literature, this fourth edition of *Honey for a Child's Heart* reflects Hunt's broad tastes in books. Rooted in experience, her suggestions will enrich the cultural and spiritual life of your home. She shows you how to understand the importance of being a read-aloud family, enjoying books together by reading aloud. Give your children a large view of the world of truth and of goodness. Encourage each child's imagination and good use of language. Find the best books for your children. Illustrated with drawings from dozens of children's favorites. *Honey for a Child's Heart* includes book lists geared to your child's age and filled with nearly 1,000 long-time favorites, classics, and wonderful new books that will enrich your child's life. Thousands of parents have used it to furnish their children's inner spirit with the wonder and delight of good reading. *Literature for Science and Mathematics* DIANE Publishing Company, 1998. Representing the perspectives of educators in both the science and mathematics communities, this publication is intended to serve as a resource for teachers of students in kindergarten through grade 12 in choosing science and mathematics-related literature for their schools and classrooms. It contains over 1,000 annotated entries on the physical sciences, earth sciences, life sciences, and mathematics. Formatted for easy use, each entry provides information on the author, publisher, and publication date, type of literature, subject emphasis, suggested grade span, and illustrations. **Geographic Literacy Through Children's Literature** Linda K. Rogers, 1997-09-15. Combining practical, student-centered activities with an annotated bibliography of more than 160 children's books, this guide models ways for classroom teachers to teach geography through children's literature. Chapters based on the five themes of the Geographic Standards present a variety of activities that teach students important geographic concepts. The extensive bibliography provides summaries of books, suggested teaching activities, and cross references to other books. A list of teacher resources is also included. Attractive line drawings accompany the conversational text. Anyone looking for an effective way to teach geography at the elementary level will want this book, and middle and high school educators will find useful extensions for older students. The work offers a great way to integrate geography into the curriculum. **CUES: Choose, Use, Enjoy, Share** Phyllis B. Leonard, 1998-08-15. Calling for structured interaction between students and books, Leonard specifies how teachers and media specialists can collaborate to create a library/media-centered program that develops the talents of all K-6 students. The ultimate goal is to encourage reading and build reading comprehension, questioning, and thinking skills. Models, groupings, strategies, and materials are suggested in a grade-appropriate scope and sequence. The latest theories about the process of education, thinking, multiple intelligences, how children learn individually and cooperatively, as well as effective grouping and teaching strategies for differentiation are discussed. The book also has sample lessons and scenarios drawn
