The War on People who Use Drugs Jay Levy, 2017-07-14 Opposition to harm reduction Needle and syringe programmes Opposition to needle and syringe programmes Injection paraphernalia availability Education Safer drug use Information on blood borne infections Opiate substitution therapy Opposition to substitution therapy Substitution therapy availability The Malm model a second Swedish model Summary variability of services and harm exacerbation 5 Experiences of service and healthcare provision Spatial segregation Social services Opiate substitution therapy Gaining access Disciplining and conditionality High threshold substitution therapy barriers to seeking assistance Compulsory treatment Disseminating dominant discourse biopower geopower discipline Summary conditionality and discipline 6 The outcomes of Sweden s war on people who use drugs Impacts of the criminalisation of drug use Stigma Arrests and fines Disincentives to seek assistance losing child custody compulsory care criminalisation Results of harm exacerbation policies High threshold methadone Illegal needles needle sharing and needle reusing Blood borne infections Ineligibility for hepatitis C treatment People who use drugs and the Swedish police and security forces Good intentions Difficulties in reporting crime Violence Summary exacerbated harm danger and violence for people who use drugs Conclusions Harm exacerbation social exclusion and violence Summary of research the Swedish model of drug prohibition Silencing pathologisation displacement The outcomes of law and policy

service provision harm exacerbation and violence Sweden's drug free society a utopian solution for all the world In summary Sweden's war on people who use drugs Bibliography Index **Private Security in the 21st Century: Concepts and Applications** Edward Maggio,2009 Private Security in the 21st Century Concepts and Applications informs the learner about the historical development of private security and provides new information for educating and training private security personnel in the beginning stages of their career whether they are a full time student or entry level security worker on the job This text will not only provide the background information that a prospective security person should know but also describes the basic operational procedures students need to understand Private Security in the United States Concepts and Applications examines current practices in private security and technology **Hispanic Network Magazine** ,2007

Overcoming the High Life for a Higher Purpose Teona Wilkins,2021-03-11 Knowing you were born to be greater than you were yesterday but just can't seem to shake those chains off and living in bondage of some type of addiction is a major torment to someone that wants to do better in life Struggles with addiction can easily take over your present life and future Addiction can also put a hold on the life purpose promised to you from birth which leads you to failed missions Whether you're rich or poor nobody is fighting through an addiction by themselves and is winning The experiences and battles the author faced throughout this book proves that anybody can be a conqueror Believing and having faith toward any obstacle you encounter will get you through First you have to trust in God and then let him do the rest because the best is yet to come Aspire to inspire is the new culture **Private Security** Charles P. Nemeth,2017-09-22 There are few textbooks available that outline the foundation of security principles while reflecting the modern practices of private security as an industry Private Security An Introduction to Principles and Practice takes a new approach to the subject of private sector security that will be welcome addition to the field The book focuses on the recent history of the industry and the growing dynamic between private sector security and public safety and law enforcement Coverage will include history and security theory but emphasis is on current practice reflecting the technology driven fast paced global security environment Such topics covered include a history of the security industry security law risk management physical security Human Resources and personnel investigations institutional and industry specific security crisis and emergency planning critical infrastructure protection IT and computer security and more Rather than being reduced to single chapter coverage homeland security and terrorism concepts are referenced throughout the book as appropriate Currently it's vital that private security entities work with public sector authorities seamlessly at the state and federal levels to share information and understand emerging risks and threats This modern era of security requires an ongoing holistic focus on the impact and implications of global terror incidents as such the book's coverage of topics consciously takes this approach throughout Highlights include Details the myriad changes in security principles and the practice of private security particularly since 9/11 Focuses on both foundational theory but also examines current best practices providing sample forms documents job descriptions and functions that security professionals

must understand to perform and succeed Outlines the distinct but growing roles of private sector security companies versus the expansion of federal and state law enforcement security responsibilities Includes key terms learning objectives end of chapter questions Web exercises and numerous references throughout the book to enhance student learning Presents the full range of career options available for those looking entering the field of private security Includes nearly 400 full color figures illustrations and photographs Private Security An Introduction to Principles and Practice provides the most comprehensive up to date coverage of modern security issues and practices on the market Professors will appreciate the new fresh approach while students get the most bang for their buck insofar as the real world knowledge and tools needed to tackle their career in the ever growing field of private industry security An instructor s manual with Exam questions lesson plans and chapter PowerPoint slides are available upon qualified course adoption

Mergent International Manual, 2009 *Doping in Sport and the Law* Ulrich Haas, Deborah Healey, 2016-09-22 This unique international legal and cross disciplinary edited volume contains analysis of the legal impact of doping regulation by eminent and well known experts in the legal fields of sports doping regulation and diverse legal fields which are intrinsically important areas for consideration in the sports doping landscape These are thoughtful extended reflections by experts on theory and policy and how they interact with law in the context of doping in sport It is the first book to examine the topical and contentious area of sports doping from a variety of different but very relevant legal perspectives which impact the stakeholders in sport at both professional and grass roots levels The World Anti Doping Code contains an unusual mix of public and private regulation which is of more general interest and fully explored in this work Each of the 14 chapters addresses doping regulation from a legal perspective such as tort corporate governance employment law human rights law or a scientific area Legal areas are generally considered from an international and not national perspective Issues including fairness logic and the likelihood of compliance are explored It is vital reading for anyone interested in the law regulation and governance of sport

The Prison Industry Bianca Tylek, Worth Rises, 2025-05-06 A meticulous expos of who profits from incarceration culminating in a compelling case for abolition Based on years of research by the criminal justice organization Worth Rises best known for campaigns that have revolutionized prison telecom and made prison and jail communication free in cities and states around the country The Prison Industry maps the range of ways in which private corporations often with their government partners make money off incarceration It further details the gross extraction of wealth from incarcerated people and their families who have been brutalized by overpolicing and mass surveillance Chapters on labor telecom healthcare community corrections and more explore the origin story of privatization for each sector and how much money is in it for the corporations involved Stretching far beyond private prisons to look at all the sectors that benefit from incarceration the authors illuminate the methods used to extract resources from public coffers and communities which corporations are most active and how they partner with governments and the harms these profit based approaches to justice cause people families and communities Ultimately The

Prison Industry makes a compelling case for dismantling the prison industry and prison abolition more broadly It serves as a tool for the tearing down of our wholly oppressive carceral system the ashes of which we can use to create a better world built on care not cages
