Introduction

Cartoons remind me of Saturday mornings when I was little. I usually brought along paper and pencil in front of our television when the cartoon program starts. I drew along the characters in the paper. If I remembered it right the show was about a munching sphere head who likes to eat pellets when he eats the big pellet that's the time he can eliminate his ghost enemies. I'm pretty sure you know that one. A popular video game anyway. After I drew it when First day of School comes I show it to my friends telling them how I spend my weekend of course other than studying my lessons. So that was my Saturday morning cartoon days. Today we have different cartoons with a lot of selection or genre that some of it needs to have mature audience that even a kid wouldn't relate to it well that is a contemporary trend with a twisted style but at the end it can really entertain us make us laugh and leave smiles on our faces. Thanks for choosing this eBook as your guide in the world of cartoons where you will experience how to draw your own.
