Buddhism, Consumerism,
and the Human Environment

Edited by Richard K. Payne

How Much Is Enough Buddhism Consumerism And The Human Environment

Johan Elverskog

How Much Is Enough Buddhism Consumerism And The Human Environment:

How Much is Enough? Richard K. Payne, 2010-03-10 The massive outpouring of consumer products available today might alone lead one to ask How much is enough But at the same time if we allow ourselves to see the social political economic and environmental consequences of the system that produces such a mass of goods then the question is not simply a matter of one's own personal choice but points to the profound interconnectedness of our day to day decisions about How much is enough The ease with which we can acquire massive quantities of food clothing kitchenware and various electronic goods directly connects each of us with not only environmental degradation caused by strip mining in West Virginia and with sweat shops and child labor in India or Africa but also with the ongoing financial volatility of Western capitalist economies and the increasing discrepancies of wealth in all countries This interconnectedness is the human environment a phrase intended to point toward the deep interconnection between the immediacy of our own lives including the question of How much is enough and both the social and natural worlds around us This collection brings together essays from an international conference jointly sponsored by Ryukoku University Kyoto and the Institute of Buddhist Studies Berkeley The effects of our own decisions and actions on the human environment is examined from several different perspectives all informed by Buddhist thought The contributors are all simultaneously Buddhist scholars practitioners and activists thus the collection is not simply a conversation between these differing perspectives but rather demonstrates the integral unity of theory and practice for Buddhism

How Much is Enough? Richard K. Payne, 2010-03-09 In this book the effects of our own decisions and actions on the human environment are examined from several different perspectives all informed Buddhist thought The contributors are all simultaneously Buddhist scholars practitioners and activists and this powerful collection demonstrates an integral unity of theory and practice on these urgent topics Book Jacket

Green Buddhism Stephanie Kaza, 2019-03-12 At a time of growing environmental crisis a pioneer of Green Buddhist thought offers challenging and illuminating perspectives With species rapidly disappearing and global temperatures rising there is more urgency than ever to act on the ecological crises we face Hundreds of millions of people around the world including unprecedented numbers of Westerners now practice Buddhism Can Buddhists be a critical voice in the green conversation Leading Buddhist environmentalist Stephanie Kaza has spent her career exploring the intersection of religion and ecology With so much at stake she offers guidance on how people and communities can draw on Buddhist concepts and practices to live more sustainable lives on our one and only home

The Buddha's Footprint Johan Elverskog, 2020-01-24 A corrective to the contemporary idea that Buddhism has always been an environmentally friendly religion In the current popular imagination Buddhism is often understood to be a religion intrinsically concerned with the environment The Dharma the name given to Buddhist teachings by Buddhists states that all things are interconnected Therefore Buddhists are perceived as extending compassion beyond people and animals to include plants and the earth itself out of a concern for the total living environment In The Buddha's Footprint Johan

Elverskog contends that only by jettisoning this contemporary image of Buddhism as a purely ascetic and apolitical tradition of contemplation can we see the true nature of the Dharma. According to Elverskog, Buddhism is in fact an expansive religious and political system premised on generating wealth through the exploitation of natural resources. Elverskog surveys the expansion of Buddhism across Asia in the period between 500 BCE and 1500 CE when Buddhist institutions were built from Iran and Azerbaijan in the west to Kazakhstan and Siberia in the north, Japan in the east, and Sri Lanka and Indonesia in the south. He examines the prosperity theology at the heart of the Dharma that declared riches to be a sign of good karma and the means by which spiritual status could be elevated through donations bequeathed to Buddhist institutions. He demonstrates how this scriptural tradition propelled Buddhists to seek wealth and power across Asia and to exploit both the people and the environment. Elverskog shows the ways in which Buddhist expansion not only entailed the displacement of local gods and myths with those of the Dharma as was the case with Christianity and Islam but also involved fundamentally transforming earlier social and political structures and networks of economic exchange. *The Buddha's Footprint* argues that the institutionalization of the Dharma was intimately connected to agricultural expansion, resource extraction, deforestation, urbanization, and the monumentalization of Buddhism itself.

Consumerism: An Ambiguous Surge in the Modern Era (UUM Press) Nor Azila Mohd Noor, 2024-04-14 It is normal to see people acting irrationally when shopping in today's consumer-driven culture. Many people fall into the trap of overconsumption, whether it is buying things they do not need or giving in to the temptation of never-ending deals. In addition to putting a burden on individual budgets, this phenomenon has a multiplicative effect on ecological decline and socioeconomic disparity. Reflecting on the repercussions of our choices and striving for more conscious and sustainable consumption habits are vital as we negotiate the intricacies of modern consumerism. Uncover the concealed influences that determine your purchasing behaviour in *Consumerism: An Ambiguous Surge in the Modern Era*. Author Nor Azila conducts a thought-provoking analysis examining the psychological factors that drive our buying decisions and revealing the impact of marketing strategies, social influence, and cultural expectations. Nor Azila provides readers with practical advice and enlightening stories enabling them to regain authority over their expenses and lead a more purposeful life. This is an essential book for anybody looking to negotiate the many complexities of contemporary commercial society with clear understanding and intention.

A History of Uyghur Buddhism Johan Elverskog, 2024-06-18 Today most Uyghurs are Muslims. For centuries, however, Uyghurs were Buddhists. By around 1000 CE, they like many of their neighbors had decisively turned toward the Dharma, and a golden age of Uyghur Buddhism flourished under the Mongol empire. Dwelling along the Silk Road in what is now northwestern China, they stood at the center of Buddhist Eurasia, linking far-flung regions and traditions. But as Muslim power grew, Uyghur Buddhists converted to Islam, rewriting their past and erasing their Buddhist history. This book presents the first comprehensive history of Buddhism among the Uyghurs from the ninth to the seventeenth century. Johan

Elverskog traces how the Uyghurs forged their distinctive tradition considering a variety of social political cultural and religious contexts He argues that the religious history of the Uyghurs challenges conventional narratives of the meeting of Buddhism and Islam showing that conversion took place gradually and was driven by factors such as geopolitics climate change and technological innovation Elverskog also provides a nuanced understanding of lived Buddhism focusing on ritual practices and materiality as well as the religion s entanglements with economics politics and violence A groundbreaking history of Uyghur Buddhism this book makes a compelling case for the importance of the Uyghurs in shaping the course of both Buddhist and Asian history

Teaching Buddhism Todd Lewis, Gary Delaney DeAngelis, 2017 Buddhist studies is a rapidly changing field of research constantly transforming and adapting to new scholarship This creates a problem for instructors both in a university setting and in monastic schools as they try to develop a curriculum based on a body of scholarship that continually shifts in focus and expands to new areas *Teaching Buddhism* establishes a dialogue between the community of instructors of Buddhism and leading scholars in the field who are updating revising and correcting earlier understandings of Buddhist traditions Each chapter presents new ideas within a particular theme of Buddhist studies and explores how courses can be enhanced with these insights Contributors in the first section focus on the typical approaches figures and traditions in undergraduate courses such as the role of philosophy in Buddhism Nagarjuna Yogacara Buddhism tantric traditions and Zen Buddhism They describe the impact of recent developments like new studies in the cognitive sciences on scholarship in those areas Part Two examines how political engagement and ritual practice have shaped the tradition throughout its history Focus then shifts to the issues facing instructors of Buddhism dilemmas for the scholar practitioner in the academic and monastic classroom the tradition s possible roles in teaching feminism and diversity and how to present the tradition in the context of a world religions course In the final section contributors offer stories of their own experiences teaching paying particular attention to the ways in which American culture has impacted them They discuss the development of courses on American Buddhism using course material on the family and children the history and trajectory of a Buddhist Christian dialog and Buddhist bioethics environmentalism economic development and social justice In synthesizing this vast and varied body of research the contributors in this volume have provided an invaluable service to the field

The Buddhist World John Powers, 2015-10-05 *The Buddhist World* joins a series of books on the world s great religions and cultures offering a lively and up to date survey of Buddhist studies for students and scholars alike It explores regional varieties of Buddhism and core topics including buddha nature ritual and pilgrimage In addition to historical and geo political views of Buddhism the volume features thematic chapters on philosophical concepts such as ethics as well as social constructs and categories such as community and family The book also addresses lived Buddhism in its many forms examining the ways in which modernity is reshaping traditional structures ancient doctrines and cosmological beliefs

Buddhism in America Scott A. Mitchell, 2016-10-20 *Buddhism in America* provides the most comprehensive and up to date

survey of the diverse landscape of US Buddhist traditions their history and development and current methodological trends in the study of Buddhism in the West located within the translocal flow of global Buddhist culture Divided into three parts Histories Traditions Frames this introduction traces Buddhism s history and encounter with North American culture charts the landscape of US Buddhist communities and engages current methodological and theoretical developments in the field The volume includes A short introduction to Buddhism A historical survey from the 19th century to the present Coverage of contemporary US Buddhist communities including Theravada Mahayana and Vajrayana Theoretical and methodological issues and debates covered include Social political and environmental engagement Race feminist and queer theories of Buddhism Secular Buddhism digital Buddhism and modernity Popular culture media and the arts Pedagogical tools include chapter summaries discussion questions images and maps a glossary and case studies The book s website provides recommended further resources including websites books and films organized by chapter With individual chapters which can stand on their own and be assigned out of sequence Buddhism in America is the ideal resource for courses on Buddhism in America American Religious History and Introduction to Buddhism

A Companion to Buddhist Philosophy Steven M. Emmanuel, 2015-11-23 A Companion to Buddhist Philosophy is the most comprehensive single volume on the subject available it offers the very latest scholarship to create a wide ranging survey of the most important ideas problems and debates in the history of Buddhist philosophy Encompasses the broadest treatment of Buddhist philosophy available covering social and political thought meditation ecology and contemporary issues and applications Each section contains overviews and cutting edge scholarship that expands readers understanding of the breadth and diversity of Buddhist thought Broad coverage of topics allows flexibility to instructors in creating a syllabus Essays provide valuable alternative philosophical perspectives on topics to those available in Western traditions

Ethics and Morality in Consumption Deirdre Shaw, Michal Carrington, Andreas Chatzidakis, 2016-04-14 Ethical consumerism is on the rise No longer bound to the counter cultural fringes ethical concerns and practices are reaching into the mainstream of society and being adopted by everyday consumers from considering carbon miles to purchasing free range eggs to making renewable energy choices The wide reach and magnitude of ethical issues in society across individual and collective consumption has given rise to a series of important questions that are inspiring scholars from a range of disciplinary areas These differing disciplinary lenses however tend to be contained in separate streams of research literature that are developing in parallel and in relative isolation Ethics in Morality and Consumption takes an interdisciplinary perspective to provide multiple vantage points in creating a more holistic and integrated view of ethics in consumption In this sense interdisciplinary presupposes the consideration of multiple and distinct disciplines which in this book are considered in delineated chapters In addition the Editors make an editorial contribution in the final chapter of the book by combining these separate disciplinary perspectives to develop a nascent interdisciplinary perspective that integrates these perspectives and presents platforms for further research

Buddhist Public Advocacy and

Activism in Thailand Craig M. Pinkerton, 2024-03-21 This book studies Buddhist public advocacy and activism in Thailand a movement often broadly called socially engaged Buddhism from the perspective of rhetorical studies specifically on humanizing and dehumanizing communication practices In modern Thailand and historical Siam Buddhism has been integral to the social change processes shaping civil society and an emerging democracy This study examined two problems How do contemporary Buddhists in Thailand use rhetorical practice to influence the way the issues they work on are understood and how do these Buddhists justify their advocacy and activism in rhetorical practice To the first a rhetoric of dignity or humanization was the central answer To the second a rhetoric of duty was the central answer For researchers in Southeast Asian Studies Thai Studies and Buddhist Studies this book offers a fresh perspective on socially engaged Buddhism through the lens of the communication discipline For researchers in Psychology and Communication it sheds light on the understudied practices of humanizing communication The bulk of the current research is focused on its opposite dehumanization and most of this literature is in the field of psychology even though humanization and dehumanization are fundamentally and ontologically communication phenomena For researchers within the field of Communication and Rhetorical Studies this book advances innovations in the emerging practices of rhetorical field methods by applying rhetorical criticism to interview data in a new way and provides a non western perspective on communication and rhetorical theory for which there has been continual calls

Buddhism under Capitalism Richard K. Payne, Fabio Rambelli, 2022-10-06 This book argues that Buddhism has spread due to globalized capitalism and explores how capitalism is also impacting Buddhists and Buddhism today Edited by two leading scholars in Buddhist studies the book examines how capitalism and neo liberalism have shaped global perceptions of Buddhism as well as specific local practices and attitudes It examines the institutional practices that sustained the spread of Buddhism for two and a half millennia and the adaptation of Buddhist institutions in contemporary global economic systems particularly in Europe and the United States over the last century and half These innovative essays on the interfaces between Buddhism and capitalism will prompt readers to rethink the connection between Buddhism and secular society Case studies include digital capitalism tourism and monasticism and are drawn from the USA Tibet China Japan and Thailand

Buddhism and Waste Trine Brox, Elizabeth Williams-Oerberg, 2022-01-13 In what ways do Buddhists recognize define and sort waste from non waste What happens to Buddhist related waste How do new practices of Buddhist consumption result in new forms of waste and consequently new ways of dealing with waste This book explores these questions in a close examination of a religion that is often portrayed as anti materialist and non economic It provides insight into the complexity of Buddhist consumption conceptions of waste and waste care Examples include scripture that has been torn and cannot be read or an amulet that has disintegrated as well as garbage left behind on a pilgrimage or the offerings of food and prayer scarves that create ecological contamination Chapters cover mass production and over consumption the wastefulness of consumerism the by products of Buddhist practices like rituals and festivals and the impact of increased

Buddhist consumption on religious practices and social relations The book also looks at waste in terms of what is discarded exploring issues of when and why particular objects and practices are sorted and handled as sacred and disposable Contributors address how sacred materiality is destined to wear and decay as well as ideas about redistribution regeneration or recycling and the idea of waste as afterlife

Malleable Mara Michael D. Nichols, 2019-02-14 Analyzes the breadth of representations of the mythic figure of M ra in Buddhism to reveal how closely tied such narratives are to the social and historical concerns of Buddhist communities This is the first book to examine the development of the figure of M ra who appears across Buddhist traditions as a personification of death and desire Portrayed as a combination of god and demon M ra serves as a key antagonist to the Buddha his followers and Buddhist teaching in general From ancient India to later Buddhist thought in East Asia to more recent representations in Western culture and media M ra has been used to satirize Hindu divinities taken the form of wrathful Tibetan gods communicated psychoanalytic tropes and appeared as a villain in episodes of Doctor Who Michael D Nichols details and surveys the historical transformations of the M ra figure and demonstrates how different Buddhist communities at different times have used this symbol to react to changing social and historical circumstances Employing literary and cultural theory Nichols argues that the representation of M ra closely parallels and reflects the social concerns and anxieties of the particular Buddhist community producing it This book is an original and engaging exploration of the various forms myths about M ra have taken across Buddhist history Maria Heim author of *Voice of the Buddha Buddhaghosa on the Immeasurable Words*

Science and the World's Religions Patrick McNamara Ph.D., Wesley J. Wildman, 2012-07-19 This trio of volumes contains essays that explore vital existential moral or metaphysical issues surrounding the relationship between the sciences and the world s religions In *Science and the World s Religions* experts with scientific and religious backgrounds explore vital existential or practical issues drawing on whatever sciences are relevant and engaging at least two religious traditions The multidisciplinary essays exhibit rigorous intellectual scholarly thinking but are written to clearly communicate to educated adult lay readers The first volume addresses questions about the origins and purpose of the cosmos and the human project The second volume investigates the roles of religion and spirituality in human existence considering issues ranging from the brain and religious experience to the human life cycle The third volume tackles controversies in which both religion and science are stakeholders showing how both can deepen understanding and enrich human experience Together these three books present readers with powerful tools that enable them to think through the challenge of integrating science with their religious beliefs and spiritual practices

Handbook of Research on Technology Applications for Effective Customer Engagement Mohd Suki, Norazah, 2020-09-04 In the challenging digital economy bridging the gap between the external stakeholder and business entities through effective applications of technology carries more importance than ever before By building a strong online presence and maintaining a long lasting relationship with valuable customers through high quality customer experience companies continue to thrive
