How Sing Like Great Singers:

How to Sing Like the Great Singers Robin Hendrix, 2015-12-11 This book sets out the means by which the great singers of the operatic and concert stage cultivated and maintained their beautiful voices and describes how a motivated singer can arrive at the same results *How to Sing Like the Great Singers* was written by a singer with a passion for singing and a love for singers It describes the ancient singing technique so simply and logically that even the most inexperienced of singers can make wonderful progress It combines all of the relevant practices common across the published literature on singing from the turn of the last century the Golden Age of Singing synthesises the technique and explains how and why the elements work Elements of the technique are presented with numerous substantiating quotes from the great singers themselves giving the highest level of credibility to what is being said Readers will get a glimpse into their lives and their work Included is an annotated bibliography so that readers who wish to can follow the path the author took to get to know more about the work of the great singers Mezzo soprano Robin Hendrix is a concert artist and voice teacher living in the south of France Although she sings in many genres including legitimate musical theatre she always uses the singing technique of the great singers In the preface she talks about her experience of hitting the wall in middle age when it became increasingly difficult to rehearse her usual concert repertoire Finding no help from gurus or experts she set out on her own to find the secrets of a free and easy production of the lyric voice By a lucky circumstance she stumbled upon a book that explained that most singers today are not being taught the technique of the great singers After that it became an obsession to find out as much as possible about the real technique of singing She needed answers from the best possible sources and so she went directly to the great singers and teachers from the late 1890s to the 1930s In their books and recorded interviews the great singers and teachers generously shared their ideas on singing particularly on the technique they all used one that used pure vowels and an extraordinary level of relaxation This book is based on seven years of research into many dozens of books on voice culture as well as endless hours of recordings and video clips from live performances studio recordings master classes and interviews The research involved extracting the elements common to all the books and recordings and then testing them in practice in concert and in teaching The results were remarkable This book takes the mystery out of tried and true phrases whose meanings were lost with the passing of time Concepts such as singing on the breath silent breathing attack and clear vowels are explained in terms a singer can immediately understand and replicate Readers can have confidence in trying for themselves the simple but extremely effective ideas and exercises for liberating and beautifying the voice The great singers technique is almost unknown in many of today's voice studios but 130 years ago it was the standard technique for voice formation and voice culture The ideas were all but lost after the turn of the 20th century when a scientific mechanical approach replaced tried and true singing practices This book attempts to bring back the technique that served the great singers so well When singers try the basic elements for the first time they immediately experience the benefits and with

further effort they get lasting results beauty and ease in singing As the Great Singers and teachers of the golden age of singing often said we can ALL sing well if the desire and the right knowledge can come together This book can provide the right knowledge Great Singers on the Art of Singing Harriette Brower,James Francis Cooke,1996-01-01 Wonderful compilation of advice and instruction from operatic immortals Nellie Melba on voice training and preservation Alma Gluck on building a vocal repertoire Geraldine Farrar on the will to succeed plus contributions from Caruso Galli Curci Garden Lehmann many more Indispensable for singers and any opera lover Cooke long time editor of Etude Magazine provides an Introduction 24 photographs *Great Singers* Denes Striny,2012-07-10 This book supplies detailed explanations for young singers teachers and professional singers with troubled voices Striny s previous book *Head First* discussed this process but without specific instructions to accomplish the task This completely original process was conceived by Striny to correct major problems in his voice that had been caused by two separate voice teachers The content of the process and the suggested duration of time duplicate exactly what his self study called for in both cases Readers will feel in tune with a philosophy generated through this endeavor which cements self confidence and self esteem with the attained accomplishments It permits you to do your tasks without overt manipulation *How to get off the Sofa and Sing like a Professional (Opera) Singer* Robert Little,2011-12-16 If you are looking for a practical step by step guide to developing the tone and techniques required of a singer who sings in the classical or romantic style this is just the book for you How to Get Off the Sofa and Sing Like a Professional Opera Singer is by author broadcaster and singer Robert Little Robert says It s now some time since I decided I wanted to learn how to sing It took me about ten years to pluck up the courage and find the opportunity to begin to learn to sing which was just as well since an adult male should be at least eighteen years old before starting to have his voice trained It s a skill an art and a technique which many years later I m still trying to perfect This booklet tells something of my sojourn in singing but it sets out a lot more of the singing technique that I ve learnt along the way That technique along with some excellent vocal coaching has been culled from professional opera singers who in turn learnt their technique from the rather stern teacher of experience and in one case the even sterner but ultimately hugely rewarding experience of working with a world class singing teacher in Rome I hope that you ll have at least as much fun from this extremely demanding but rewarding performing art as I ve had over the years *The Audacious Great Singing School Adventure* Robert Gottfried,2021-04-15 Ever wonder why many people feel closer to God in nature than anywhere else Does God love everything or only humans Why did God become a human And what s God up to anyway Starting with an eternal jazz trio that decided before time began that it would love to share the joy of Music making with others the Audacious Great Singing School Adventure explores these and other theological themes in a playful imaginative re casting of the Gospel story It also serves as an entertaining source of inspiration and insight for those just getting into spirituality as well as for those seeking to deepen their spiritual journey While orthodox in content the fable presents Christianity in a fresh way relevant to a world

in environmental and social upheaval Those interested in what Christianity has to say to such a world will find this engaging musical story enlightening regardless of their own faith perspectives while those identifying themselves as Christians will find their faith deepened and enlivened A discussion guide to the fable is available for free download [101 Songwriting Wrongs and How to Right Them](#) Pat Luboff,Pete Luboff,2007-10-30 Give Your Songwriting a Competitive Edge This book takes you on the songwriter s journey from the first inspiration for a song to the collection of worldwide royalties Experienced songwriters Pat and Pete Luboff point out the stumbling blocks you ll encounter along the way and how to turn them into stepping stones to songwriting success In 101 fun and easy to read chapters you ll find tips on building solid marketable song structures creating the perfect lyrics accompanied by moving melodies forming productive and profitable collaboration ventures producing effective demos that you can pitch tracking your royalty collection You ll also discover how new technology is changing songwriting and how to use that to your advantage Plus you ll get insider tips on traveling to and living in the songwriting centers of the country Los Angeles New York City and Nashville Everything you need to live and succeed at the songwriter s life can be found in this great resource [A Biographical Guide to the Great Jazz and Pop Singers](#) Will Friedwald,2010 An extensive biographical and critical survey of more than 300 jazz and popular singers is comprised of provocative opinionated essays that incorporate the views of peers fans and critics while assessing key movements and genres **Head First** Denes Striny,2007-02-23 In this his first book Striny confronts and explains the universal problem in singing today This problem is at the center of an important dilemma in the world of opera today namely where have all the great operatic voices gone Striny dissects the problem and offers the solution which is a return to singing in the Head Voice the only true operatic sound For the past sixty years the knowledge that there are thirty two muscles bones ligaments and sinewy masses of tissue located around the larynx led teachers and students to chase this anatomical knowledge in search of answers to vocal theories However they have not learned the basic fundamental truth those who sing in the head voice are the only true operatic voices Back cover **The Complete Concordance to Shakespere: being a verbal index to all the passages in the dramatic works of the poet** Mary Victoria Cowden CLARKE,1847 [Fun-Size Academic Writing for Serious Learning](#) Gretchen Bernabei,Judi Reimer,2013-07-31 Sometimes a student s best teacher is another student Just as the pressure for students to perform well on state assessments escalates ever higher and the call to raise students achievement in narrative opinion argument and informative explanatory writing grows louder Gretchen Bernabei and Judi Reimer publish Fun Size Academic Writing for Serious Learning If ever there were a book to answer every need this is it You see Gretchen and Judi have been concerned about adolescents writing for years and they have had amazing success using mentor texts by students to teach the ins and outs of writing in any genre So with this book they hand over their file drawers and provide you with 101 essays written by students with one page companion lessons that address text structure imagery dialogue rhetorical devices grammatical structures textual blends all the different tools that writers

use Organized into three major sections that align with the Common Core STAAR and other major state assessments Fun Size Academic Writing delivers succinct powerhouse instruction on topics such as How to choose a structure for argument informational or narrative writing How to read a piece and extract thesis statement and main points How to layer a wide range of details to support points How to use rhetorical devices and grammatical constructions for effect How to write from the point of view of a fictional character The essays also available in reproducible form on the companion website demonstrate something striking something imitable something concrete They give students a bank of choices to call upon as they write The lessons are short practical and full of variety Collectively these essays and lessons have the potential to move the needle on American students writing achievement once and for all They show what has been done by students and they reveal to you how your own students can do it too Women in Popular Culture Laura L. Finley,2023-03-24 Including more than 300 alphabetically listed entries this 2 volume set presents a timely and detailed overview of some of the most significant contributions women have made to American popular culture from the silent film era to the present day The lives and accomplishments of women from various aspects of popular culture are examined including women from film television music fashion and literature In addition to profiles the encyclopedia also includes chapters that provide a historical review of gender domesticity marriage work and inclusivity in popular culture as well as a chronology of key achievements This reference work is an ideal introduction to the roles women have played both in the spotlight and behind it throughout the history of popular culture in America From the stars of Hollywood s Golden Age to the chart toppers of the 2020s author Laura L Finley documents how attitudes towards these icons have evolved and how their influence has shifted throughout time The entries and essays also address such timely topics as feminism the MeToo movement and the gender pay gap

The Resisting Muse: Popular Music and Social Protest Ian Peddie,2017-09-29 Popular music has traditionally served as a rallying point for voices of opposition across a huge variety of genres This volume examines the various ways popular music has been deployed as anti establishment and how such opposition both influences and responds to the music produced Implicit in the notion of resistance is a broad adversarial hegemony against which opposition is measured But it would be wrong to regard the music of popular protest as a kind of dialogue in league against the establishment Convenient though they are such us and them arguments bespeak a rather shop worn stance redolent of youthful rebellion It is much more fruitful to perceive the relationship as a complex dialectic where musical protest is as fluid as the audiences to which it appeals and the hegemonic structures it opposes The book s contemporary focus largely post 1975 allows for comprehensive coverage of extremely diverse forms of popular music in relation to the creation of communities of protest Because such communities are fragmented and diverse the shared experience and identity popular music purports is dependent upon an audience collectivity that is now difficult to presume In this respect *The Resisting Muse* examines how the forms and aims of social protest music are contingent upon the audience s ability to invest the music with the appropriate political meaning
