different kinds of data can and cannot tell us about student learning What different analyses reveal about changes in student achievement How to interpret use and share relevant data and How to create a model to go from problem to solution in a data based decision making process With easy to understand explanations supplemented by examples and scenarios from actual schools this book offers a path to better understanding more accurate interpretation of assessment results and most important more effective use of data to improve teaching and learning The Data-Driven Classroom Craig A.

Mertler,2014-08-11 Thanks to initiatives like the Common Core and Race to the Top accountability requirements continue to be a reality for educators Yet many are still unsure of how to use data to make well informed instructional decisions The Data Driven Classroom comes to the rescue with a systematic universal process that shows teachers how to examine student assessment results to identify a curricular or skill area to target for individual intervention or large group instructional revision develop implement and assess the effectiveness of the intervention or revision and develop an action plan for future instructional cycles Author Craig A Mertler sheds light on how teachers can make sense of overwhelming standardized test reports while avoiding pitfalls like over interpreting data In these pages you will also find practical classroom examples and templates designed to guide teachers of all grade levels and subject areas through the comprehensive decision making framework

Equity in Data Andrew Knips,Michael Savoy,Sonya Lopez,Kendall LaParo,2022-10-06 Building a better data culture can be the path to better results and greater equity in schools But what do we mean by data Your students are not just statistics They aren t simply a set of numbers or faceless dots on a proficiency scale They are vibrant collections of experiences thoughts perspectives emotions wants and dreams And taken collectively all of that information is data and should be valued as such Equity in Data not only unpacks the problematic nature of current approaches to data but also helps educators demystify and democratize data It shows how we can bake equity into our data work and illuminate the disparities stories and truths that make our schools safer and stronger and that help our students grow and thrive To this end the authors introduce a four part framework for how to create an equitable data culture along with a complementary set of data principles They demonstrate how we can rethink our approach to data in the interest of equity by making five shifts Expand our understanding of data Strengthen our knowledge of data principles Break through our fear of data Decolonize our data gathering processes Turn data into meaningful equitable action We have an opportunity to realign school data with what students want out of their educational experiences When we put equity first we put students first **A School in Action**

,1922 **What Works in Teaching and Learning** ,2006 Data Wise in Action Kathryn Parker Boudett,Jennifer L. Steele,2007 What does it look like when a school uses data wisely Data Wise in Action a new companion and sequel to our bestselling Data Wise tells the stories of eight very different schools following the Data Wise process of using assessment results to improve teaching and learning Data Wise in Action highlights the leadership challenges schools face in each phase of the eight step Data Wise cycle and illustrates how staff members use creativity and collaboration to overcome those

challenges Data Wise in Action builds on the work of leading faculty and graduate students at the Harvard Graduate School of Education who joined with exemplary practitioners in 2005 to produce Data Wise A Step by Step Guide to Using Assessment Results to Improve Teaching and Learning Since its publication Data Wise has been read by thousands of school leaders many of whom have shared the book with colleagues and staff The success of the original book has generated a new demand among school leaders to hear real stories from schools that are implementing the Data Wise process Data Wise in Action answers that need It offers both inspiration and practical guidance for school leaders
