in law who had been correctly diagnosed with Alzheimer's. With encouragement from the neurologist Lorrie came up with a game plan to beat this dreaded disease. Read the incredible and often hilarious account of the journey she and her mother in law Granny went on. This book is part biography and part how to guide. You will laugh you will cry and you will see that there is hope. A first of its kind it is a step by step journal of all the things that Lorrie did to outwit Alzheimer's. She not only kept Granny at home with her husband of sixty two years she allowed her to thrive. This book should be read by anyone and everyone who knows somebody with Alzheimer's Disease. It is the first book I remember completely reading at one time. p Dr Ruth Garrett PhD MPH MEd Gerontology Education Consultant for Vanderbilt University and Meharry Medical College
