Excuse Me, That's My Foot in the Door! Bart Castricone,2001 Why does Compaq manufacture personal computers when IBM Dell Apple Gateway and Hewlett Packard manufacture and distribute perfectly good PC s Because Compaq appeals to a specific user with specific preferences and expectations The same could be said about IBM or any of the others for that matter If you are a sales professional what makes your company s sales force different from those of your competitors If your people are reading from the same training manuals as your competitors people why should customers choose your product line over their product all other things being equal While it may seem there is nothing new under the sun there could be something unique and better at least from YOUR perspective You may be a manufacturer s representative looking for added input for you and your library or a sales manager needing to provide your veteran and rookie sales force with a fresh approach Excuse me is as special as you want your sales and your sales force to be Buy it Read it Live it [Bite Your Bullet](#) Vijay Luhar,2021-09-02 Bite Your Bullet is the journey of discovering and utilizing your true power within and ultimately connecting with the universal energy True power is confidence Lack of confidence and trust in your own abilities is what holds you back Weakness in avoiding certain situations or events only keeps you trapped in your own prison Being in denial of these may be unrecognizable but you don t know your limits until you feel the freedom of doing what you want without over questioning yourself The pioneers of history did not give up at the first hurdle More importantly they did not feel shy about inventing What makes you different from them There is no limitation except your mind This book will take you places in your mind you may not have even considered you would get involved with If you want to develop the best version of yourself by trusting a higher power within you then this is the book to mastering your own life The action steps inside are valuable tools to spur you to action and is far from the idea of all talk Living authentically with an ambitious fire within is what this book can gift
