Gench, 2020-10-29 This volume explores the essential relationship between spirituality and activism in conversation with a political theology of the cross The author contends that contemplative practice and activism bear the same cruciform footprint and are integrally connected for the cross of Jesus Christ reveals both the brokenness in our lives and the corresponding brokenness in the world it also discloses the God who is always and already bringing resurrection and life out of the death tending ways of our world The cross and resurrection expose other crosses large and small that litter the landscape of our world and of our personal and corporate lives as well as places where God's resurrecting power is at work bringing life out of death and establishing footholds for the unfolding of the new creation The volume engages Paul's Letter to the Galatians and new scholarly readings of it as a rich resource for reflection on these matters and explores the fruit of the Spirit as political virtues that empower communal participation in God's restorative work in the world Providing new angles of vision on both the cross and the apostle Paul the book expands and enlivens reflection on spirituality and activism as profound and generative resources for contemporary faith and practice ***Mindful America*** Jeff Wilson, 2014-07-01 Thirty years ago mindfulness was a Buddhist principle mostly obscure to the west Today it is a popular cure all for Americans

daily problems A massive and lucrative industry promotes mindfulness in every aspect of life however mundane or unlikely Americans of various faiths or none at all practice mindful eating mindful sex mindful parenting mindfulness in the office mindful sports mindfulness based stress relief and addiction recovery and hire mindful divorce lawyers Mindfulness is touted by members of Congress CEOs and Silicon Valley tech gurus and is even being taught in public schools hospitals and the military Focusing on such processes as the marketing medicalization and professionalization of meditation Jeff Wilson reveals how Buddhism shed its countercultural image and was assimilated into mainstream American culture The rise of mindfulness in America Wilson argues is a perfect example of how Buddhism enters new cultures and is domesticated in each case the new cultures take from Buddhism what they believe will relieve their specific distresses and concerns and in the process create new forms of Buddhism adapted to their needs Wilson also tackles the economics of the mindfulness movement examining commercial programs therapeutic services and products such as books films CDs and even smartphone applications Mindful America is the first in depth study of this phenomenon invaluable for understanding how mindfulness came to be applied to such a vast array of non religious concerns and how it can be reconciled with traditional Buddhism in America

Religious Diversity—What's the Problem? Rita M. Gross, 2014-04-24 Once upon a time on grounds of both religion and common sense people assumed that the earth was flat and that the sun literally rose and set each day When newly developing knowledge made those beliefs untenable giving them up was difficult Today the belief that only one of the world's various religions is true for all people on earth is equivalent to the belief in a flat earth Both notions have become untenable given contemporary knowledge about religion Even though many people are still troubled by the existence of religious diversity today that diversity is a fact of life Religious diversity should be no more troubling to religious people than the fact that the earth is round and circles the sun This provocative book based on the author's longtime practice of Buddhism and comparative study of religion provides tools with which one can truly appreciate religious diversity as a gift and resource rather than as a deficiency or a problem to be overcome After we accept diversity as inevitable and become comfortable with it diversity always enriches life both nature and culture

Community Energy in Germany Jörg Radtke, 2023-05-31 In this ground breaking book Jörg Radtke offers for the first time within research a comprehensive insight into the range of organizational

structures of community energy projects in Germany and their contribution to the Energiewende Based on nationwide quantitative survey data and in depth analyses of selected case studies of solar wind and geothermal projects Radtke documents the social structure and motivations of participating citizens He examines new forms of material participation community building and co determination within the mostly volunteer led community energy projects based on the civic engagement patterns of active green citizens The author identifies a new form of individualistic participation and collective modes of action in line with new types of project oriented participation between business politics and civil society within sustainability transformation processes of the early 21st century

Radical Mindfulness James K. Rowe,2023-10-26

Radical Mindfulness examines the root causes of injustice asking why inequalities along the lines of race class gender and species continue to exist Specifically James K Rowe examines fear of death as a root cause of systemic inequalities and proposes a more embodied approach to social change as a solution Collecting insights from powerful thinkers across multiple traditions including Black radicals Indigenous resurgence theorists terror management theorists and Buddhist feminists Rowe argues for the political importance of seemingly apolitical practices such as meditation and ritual On their own these strategies are not enough but integrated into social movements that are combating structural injustices mind body practices can begin transforming the embodied fears that feed endless fuel to supremacist ideologies and yet are not targeted by most political actors Radical Mindfulness is for academics activists and individuals who want to overcome supremacy of all kinds but are struggling to understand and develop methods for attacking it at the roots

Buddhism and Whiteness Emily McRae, George Yancy, 2019-05-13 The motivation behind this important volume is to weave together two distinct but we think complementary traditions the philosophical engagement with race whiteness and Buddhist philosophy in order to explore the ways in which these traditions can inform correct and improve each other This exciting and critically informed volume will be the first of its kind to bring together essays that explicitly connect these two traditions and will mark a major step both in understanding race and whiteness with the help of Buddhist philosophy and in understanding Buddhist philosophy with the help of philosophy of race and theorizations of whiteness We expand upon a small but growing body of work that applies Buddhist philosophical analyses to whiteness and racial injustice in contemporary U S culture Buddhist philosophy has much to contribute to furthering our understanding of whiteness and racial identity the mechanisms that create and maintain white supremacy and the possibility of dismantling white supremacy We are interested both in the possible insights that Buddhist metaphysical epistemological and ethical analyses can bring to understanding race and whiteness as well as the potential limitations of such Buddhist inspired approaches In their chapters contributors draw on Buddhist philosophical and contemplative traditions to offer fresh insightful and powerful perspectives on issues regarding racial identity and whiteness including such themes as cultural appropriation mechanisms of racial injustice and racial justice phenomenology of racial oppression epistemologies of racial ignorance liberatory practices with regard to racism Womanism and the intersections of gender based raced based and sexuality based oppressions Authors make use of both contemporary and ancient Buddhist philosophical and contemplative traditions These include various Asian traditions including Theravada Mahayana Tantra and Zen as well as comparatively new American Buddhist traditions

Reincarnation Thich Nhat Hanh, Phap Luu, 2025-10-28 Every moment is a moment of rebirth And because the future is made of the present we must live so that we have peace freedom and happiness in this moment In this book with characteristic clarity and simplicity Thich Nhat Hanh offers deep reflections on reincarnation or continuation Using intuitive examples a teapot parents and children banyan trees and more Thich Nhat Hanh breaks down what it means to go beyond the notions of birth and death Influenced by what and how we consume our actions of thought speech and body are our true continuation Moving into the future as the totality of our actions we can see ourselves as more than this body and mind When we free ourselves from a limited conception of who we are when we let go of self attachment we make possible a true understanding of rebirth

Applied Mysticism Richard H. Jones, 2025-03-01 Examines how mystical practices and experiences are being applied in secular contexts today Today is an exciting time for mysticism Interest in mysticism today

often involves what Aldous Huxley called applied mysticism that is taking mystical practices and experiences out of their traditional contexts where the focus was on the total transformation of the individual and applying them often within a secular framework to help other people with more limited this worldly problems such as a person's well being in society or general social change. Neuroscientists are taking mystical experiences seriously studying meditators and psychedelic subjects to gain knowledge of how the brain works. Cognitive scientists are exploring mystical altered states of consciousness to expand the spectrum of consciousness states in particular whether there is a state of pure consciousness. Buddhist meditation is being taken out of its religious contexts and adapted by psychotherapists to help with problems such as depression or addiction. The use of psychedelics in psychotherapy is also gaining traction while New Age thinkers are extolling the alleged merger of post Newtonian science with mysticism. Mystical ideas are being adapted to problems on the social level for example in socially engaged Buddhism. This is the first book to explore all these varieties of applied mysticism together and to examine the current state of the field with a focus on philosophical issues in a readily accessible manner. The Jewel in the Lotus Carol Adams, 2019-12-05 *Teaching Race in Perilous Times* Jason E. Cohen, Sharon D. Raynor, Dwayne A.

Mack, 2021-03-01 The college classroom is inevitably influenced by and in turn influences the world around it. In the United States this means the complex topic of race can come into play in ways that are both explicit and implicit. *Teaching Race in Perilous Times* highlights and confronts the challenges of teaching race in the United States from syllabus development and pedagogical strategies to accreditation and curricular reform. Across fifteen original essays contributors draw on their experiences teaching in different institutional contexts and adopt various qualitative methods from their home disciplines to offer practical strategies for discussing race and racism with students while also reflecting on broader issues in higher education. Contributors examine how teachers can respond productively to emotionally charged contexts, recognize the roles and pressures that faculty assume as activists in the classroom, focus a timely lens on the shifting racial politics and economics of higher education and call for a more historically sensitive reading of the pedagogies involved in teaching race. The volume offers a corrective to claims following the 2016 US presidential election that the current moment is unprecedented, highlighting the pivotal role of the classroom in contextualizing and responding to our perilous times. The Wonder and Happiness of Being Old Sophy Burnham, 2025-05-20 To read Sophy Burnham is to marvel at her eloquence, erudition, her wisdom and her daring. She answers the question What is it like to be Old with honesty, humility and humor. This is a woman who fox hunted until she was 80. Prepare for a stunning uplifting inspiring and honest look at the fullness of LIFE that takes the fear out of adding another year. With Sophy Burnham's profound spiritual wisdom deftly woven into these delicious words you will want to read it with highlighter in hand. Suzanne Giesemann author of *The Awakened Way* Forget what you think you know about life's so called last chapter. Written in sparkling prose Burnham's latest book will inspire you to leap on

a horse learn Latin or simply pause to drink in the view regardless of your age A meditation on beauty strength and life s meaning Burnham s frank and passionate epistolary book reframes what it means to age Katherine Eban New York Times bestselling author of Bottle of Lies The Wonder and Happiness of Being Old is a timeless introspection on age love passion memories regret and reconciliation death forgiveness and underneath it all the silent wisdom that derives from how differently we perceive our lives and struggles from the broader higher perspective of years What began as a singular letter in response to a younger family member standing on the precipice of her 60th birthday and asking the age old question What s it like to be old soon turned into one full year of unsent reflections wonderment and curiosity of a life truly lived Out of these reflections bestselling author Sophy Burnham developed this short story telling collection of unsent letters that offer readers of all ages hope and joy and new ways to perceive the process of aging A kind and thoughtful read The Wonder and Happiness of Being Old is the perfect companion piece for life that you can return to time and time again to join Burnham as she reflects on her own desires and experience with age and growth and living fully Whether you re at the doorstep of 40 60 70 or 90 she welcomes you in with an outstretched hand and a knowing nod of understanding and warmth In the end this book is about being old It s also about joy And most importantly it s about love Love of self of life and of still being here to tell your stories

The Dharma and Socially Engaged Buddhist Economics Joel Magnuson, 2022-03-17 This book defends and articulates an Engaged Buddhist approach to economics as a response to the destructive effects of global capitalism The author posits that Buddhist understandings of the distortions of greed aversion and ignorance can be read to apply not only to mental states but also to socio political ones and that such a reading suggests rational responses to current social and environmental challenges The book proposes that we engage both inner and outer modes of transformation through which to free ourselves from our current human made dysfunctional systems the former by examining the workings of our own minds the latter by criticizing and reforming our economic systems Since traditional Buddhism provides few sources to build a Buddhist economic vision this work brings together Buddhist notions of skillful practice John Dewey s pragmatic principles for social provisioning and institutional economics The author provides two case studies for experiments in Buddhist based socioeconomic policies Thailand and Bhutan Of special interest is the implied parallel between worldviews emerging from modern socially engaged Buddhism and Dewey s notion of a human existential drive to shape the world in collectively beneficial ways

Education and the UN Sustainable Development Goals Kim Beasy, Caroline Smith, Jane Watson, 2023-11-02 This book focuses on the complex relationship between education and the Sustainable Development Goals SDGs and highlights how important context is for both critiquing and achieving the Goals though education given the critical role teachers schools and curriculum play in young people s lives Readers will find examples of thinking and practice across the spectrum of education and training sectors both formal and informal The book adds to the increasing body of literature that recognises that education is and must be in its praxis at the heart of all the SDGs As we enter the third decade

of the 21st century we have a clear understanding of the wicked and complex crises regarding the health of life on our planet and we cannot ignore the high levels of anxiety our young people are experiencing about their future Continuing in the direction of unsustainable exploitation of people and nature is no longer an option if life is to have a flourishing future The book illustrates how SDGs are supported in and by education and training showcasing the conditions necessary to ensure SDGs are fore fronted in policy reform It includes real world examples of SDGs in education and training contexts as well as novel critiques of the SDGs in regard to their privileging of anthropocentrism and neoliberalism This book is beneficial to academics researchers post graduate and tertiary students from all fields relating to education and training It is also of interest to policy developers from across disciplines and government agencies who are interested in how the SDGs relate to education

Good Citizens Creating Enlightened Society : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Pape, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
