

Springwood School Community Service Requirement

As a Springwood graduation requirement, students must earn 100 hours of community service. The objectives of this requirement are as follows:

1. Increase student awareness of the needs of local citizens
2. Increase student awareness of the skills and talents they have to offer
3. Increase the likelihood of students developing a lifelong pattern of service
4. Give students a sense of pride and accomplishment in improving the quality of life for those they serve
5. Demonstrate to higher education institutions and future employers a history of service
6. Give students a venue to put into practice the values learned in character education
7. Develop a partnership between Springwood and the community

Students will have many opportunities to earn these hours through school-planned service. Each of the four high school years, students may earn six hours during Wildcat Workday. As juniors, students may earn thirty hours during Interim Week. During the senior year, students may earn a semester credit during their Senior Sentinels class in which they can add approximately ten hours to their service record. The remaining hours can be earned throughout the four high school years. Summer is a great time to go on mission trips, volunteer with community projects, or help out a local agency.

The school grants permission or service to be earned. Community Service may be earned for mission trips and other such activities if requested in writing.

The Community Service Verification Form can be downloaded from the school website, signed, and turned in to the Community Service Committee when service is performed outside the school. Forms are always available in the High School Office. Hours are recorded in Ren Web.

The Subtle Art of FINDING CUSTOMERS Pijush Kanti Mukherjee, 2020-12-01

Think about it: if you were going to challenge Michael Jordan to a game of HORSE for money, wouldn't it make sense to learn the game and practice before you stepped onto the court to play him? It amazes me how many new small business owners start the game of business against seasoned professionals, the competition, without first developing the necessary knowledge to be successful. Then they fail and blame the market, the economy, their location, etc. Concentrate on strategies to LEARN, and then the fortune of EARN will follow. If you are serious about taking the next steps, then go to work on yourself: study other business successes, understand marketing strategies, and become a sponge for new, proven material. The amazing thing about the game of business is that when you put proven processes to work and continue to follow them, an abundance of success will follow. The biggest mistake is to start a process and then fallback into your old habits after a short time. Above all, get the knowledge you need before you step onto the field. If you have a business and have not yet managed to start to create wealth and systems that allow you to take time off, build retirement accounts, or pay for your children's college, then learn and master the steps outlined in my book. I am a huge advocate of education and mentorships. Get the right information, find someone that knows how to walk you through them, and watch your quality of life take a new shape. The journey of a thousand miles begins with a single step
