Joseph, 2019-04-25 *Politics in China* is an authoritative introduction to how the world's most populous nation and rapidly rising global power is governed today Written by leading China scholars the book's chapters offers accessible overviews of major periods in China's modern political history from the mid nineteenth century to the present key topics in contemporary Chinese politics and developments in four important areas located on China's geographic periphery Tibet Xinjiang Hong Kong and Taiwan *The Political Economy of Banking Governance in China* Xuming Yang, 2017-04-21 Chinese state banks which were considered technically insolvent in the 1990s are at present among the largest and most important banks in the world This book based on the author's research and also on his extensive experience of working in Chinese banks explores how Chinese banks technical efficiency and organisational flexibility have been achieved whilst ownership and control by the Chinese Communist Party have continued The author reveals a distinctly non

Western approach to corporate governance but one that has nevertheless worked very well Doing Politics Jacqui Briggs, 2014-11-27 Aimed at politics students in their final year of secondary education or beginning their degrees this highly readable book is the ideal introduction to politics Doing Politics is a detailed guide to both the study and the activity of politics which explores why we study politics what is involved in a politics degree and the skills and mindset that are needed to tackle the subject Key questions are answered including Just what is politics and how does it affect us Why does politics and why do politicians get a bad press How do we study non traditional forms of politics Assuming no prior knowledge this lively and engaging guide is the perfect introduction to the academic study of politics **5 Steps to a 5: AP Comparative Government and Politics, Third Edition** Suzanne Bailey, 2022-08-01 AP Teachers 1 Choice Ready to succeed in your AP course and ace your exam Our 5 Steps to a 5 guides explain the tough stuff offer tons of practice and explanations and help you make the most efficient use of your study time 5 Steps to a 5 AP Comparative Government is more than a review guide it is a system that has helped thousands of students walk into test day feeling prepared and confident Everything you Need for a 5 3 full length practice tests that align with the latest College Board requirements Hundreds of practice exercises with answer explanations Comprehensive overview of all test topics Proven strategies from seasoned AP educators A Great In class Supplement 5 Steps is an ideal companion to your main AP text Includes an AP Comparative Government Teacher's Manual that offers excellent guidance to educators for better use of the 5 Steps resources **The Politics of Neighborhood Governance in China** Jianfeng Wang, 2008-03 For the nearly three decades of coexistence between economic liberalization and political authoritarianism China remains as an anomaly to the liberal mantra of our time This book explores a segment of the China Paradox the state society interaction channeled by the Residents Committee Being the largest urban neighborhood organization the committee deserves study because of its controversial status between ordinary residents it claims to represent and the authoritarian state The committee enters the discourse as a directly congruent example of the same paradox that the whole China displays when it is endowed with important yet tension changed statutory functions ranging from social control to service provision and neighborhood self governance How and under what conditions does the committee carry out its functions What can be learned about changing state society relations from the dynamics of neighborhood politics in China This book draws its analytical framework on the theoretical models of state penetration civil disobedience corporatism and synergy as well as on the practices of American Cuban and Japanese neighborhood organizations and the Chinese Rural Villagers Committee Four distinctive Residents Committees in Tianjin City are studied in detail and their functions are identified and explained primarily through their structural connections with the lowest state organ in cities the street office and residents including other neighborhood organizations and activists The book reveals multiple possibilities of Chinese social political transformation Among them emerges a promising trend of state society cooperation which is realigning and accommodating political authoritarianism and economic openness into a seemingly

sustainable pattern of development at the urban grassroots Referred to as an amphibian organization spanning public private division the committee highlights the limits of the state society antithesis in the study of political transformation The observed patterns of neighborhood politics also raise caution against the universal applicability of the liberal norm of civil society to countries like China with distinctive conditions from which the original norm is present and constructed *Law and Social Policy in the Global South* Ulrike Davy, Albert H.Y. Chen, 2022-12-13 The book is an in depth study of the origins and the trajectories of the law governing social policies in Brazil China India and South Africa four middle income countries in the global South with a history in social policy making that starts in the 1920s The policies of these countries affect almost half of the world s population The book takes the legal framework of the policies as a starting point but the main interest lies behind the letter of the law What were the objectives and goals of social policy over the course of the last 100 years What were the ideas ideologies and values pursued by relevant actors The book comprises four country studies and a comparative study The country studies concentrate on the political and social context of social policy making in Brazil China India and South Africa as well as on the ideas ideologies and values underpinning the constitution statutory laws and case law that frame and shape social policy at the national level The country studies are complemented by a comparative study exploring and describing the commonalities and differences in the ideational approaches to social policies across the four countries nationally and in the formative decades internationally The comparative study also identifies the characteristics that make Brazilian Chinese Indian and South African social policies distinct from European social policies With its emphasis on law and drawing on legal scholarship the book adds a new dimension to the existing accounts on welfare state building which so far are dominated by European narratives and by scholars with a background in sociology political science and development studies This book is relevant to specialists and peers and will be invaluable to those individuals interested in the fields of comparative and international social security law human rights law comparative constitutional law constitutional history law and development studies comparative social policies global social policies social work and welfare state theory The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons

Attribution Non Commercial No Derivatives 4.0 license **In Search of China's Development Model** S. Philip Hsu, Yu-Shan Wu, Suisheng Zhao, 2012-05-23 This book examines the development model that has driven China s economic success and looks at how it differs from the Washington Consensus China s Development Model CDM is examined with a view to answering a central question given China s peculiar matrix of a socialist party state juxtaposed with economic internationalization and marketization what are the underlying dynamics and the distinctive features of the economic and political legal social dimensions of the CDM and how do we properly characterize their interrelations The chapters further analyse to what extent and under what circumstances is China s development model sustainable and to what degree is it readily applicable to other developing countries Based on their findings in this volume the authors conclude that the defining

feature of the CDM's economic dimension is Janus-faced state-led growth and the political legal social dimension of the CDM is best characterized as adaptive post-totalitarianism. The contributors illustrate that the CDM's parameters are shown to be much less sustainable than the CDM's outcome in developmental performance and the extent to which the CDM can be applied to other late developers is subject to more qualifications than its sustainability. **Globalizing China - Social and Governance Reforms** Ka Ho Mok, 2022-12-30

Unlike most books which consider China's transformation and globalization over the last four decades by focusing on China's economic growth, this book examines how the Chinese regime has handled the increasingly complex sociopolitical and socio-economic challenges generated as a result of the country's economic growth and transformation challenges arising both from within the country and also from the external political environment. Based on extensive original research, the book outlines how China's economic development has generated social and governance pressures, discusses the government's social, educational, and governance reforms, and highlights how China's development experiences, which differ from the Western economies with democratic political regimes, have drawn increasing attention from other countries in the developing world as an example to follow. *Network Governance and the Differentiated Polity* R. A. W. Rhodes, 2017-07-04

Network Governance and the Differentiated Polity is the first of two volumes featuring a selection of key writings by R. A. W. Rhodes. Volume I collects in one place for the first time the main articles written by Rhodes on policy networks and governance between 1990 and 2005. The introductory section provides a short biography of the author's journey. Part I focuses on policy networks and Part II focuses on governance. The conclusion provides critical commentary both replying to critics and reflecting on theoretical developments since publication. The volume complements the author's other publications on networks and governance, and many chapters in the volume feature an afterword setting out the context in which it was written and identifying what has changed empirically. Volume II looks forward and explores the interpretive turn and its implications for the craft of political science, especially public administration.

Can Hong Kong Exceptionalism Last? Dilemmas of Governance and Public Administration over Five Decades, 1970s-2020 Anthony B. L. CHEUNG, 2021-11-01 Hong Kong under British rule was a prime example of exceptionalism in many aspects: economic, political, and even social. It was governed under a colonial structure and yet had enjoyed a large degree of social and economic freedom, as well as fiscal self-sufficiency and autonomy from London. After returning to Chinese rule in 1997, Hong Kong has continued to thrive as a relatively resilient city-state, still known for efficiency and effectiveness despite tensions and scepticism about its political future. This book carries decades of academic observations and the author's personal political experience. It reviews and reflects on the past trajectory of governance and administration, identifying strengths and capabilities as well as constraints and vulnerabilities of Hong Kong as a polity and society while charting its course of exceptionalism within a new context and under changing conditions. As this book concludes, the exceptionalism of Hong Kong not only hinges on institutional arrangements and historical inheritance but also

on the statecraft of the administration of the day This is a text for deep reading reflection and deliberation Professor LUI Tai lok Chair Professor of Hong Kong Studies Director of the Academy of Hong Kong Studies Director of the Centre for Greater China Studies and Former Vice President Research Development at The Education University of Hong Kong a gem whatever your political stand is you have to admire Professor Cheung s thorough observations and profound ideas on what made this city tick Mr LAM Woon kwong Former Secretary for the Civil Service and Secretary for Home Affairs and Former Convenor of Non Official Members of the Executive Council 2012 2017 a compelling addition to the literature on Hong Kong Professor Darryl S L JARVIS Professor and former Head of the Department of Asian and Policy Studies at The Education University of Hong Kong
