The Farmer & Stock-breeder ,1928 **Housing and the State** Marian Bowley,2025-11-18 Originally published in 1945
the purpose of Housing and the State 1919 1944 was not to lay down what the scope of housing policy should be after the
war in Great Britain or what particular building programme should be adopted The aim was rather more modest it was to
describe and explain some of the more important conditions which must be satisfied if certain types of housing policy were to
be successful It was only if the main difficulties and problems were known that a sensible choice could be made between
them It was this method of approaching the housing question that lead the author into a discussion of housing policy between
1919 and 1939 During these years the local authorities built over a million houses This was perhaps the outstanding peace
time experiment in state intervention in this country in the provision of a necessity of life which had formerly been supplied
almost exclusively by independent private enterprise Today it can be read in its historical context *The Builder* ,1909
