## **Houses With Charm Simple Southern Style:**

*Houses with Charm* Susan Sully, 2013-04-02 This volume celebrates the warmth and easy elegance of traditional Southern architecture and interior design featuring houses of unpretentious and old fashioned grace that showcase the talents of the South's finest design professionals. Comfort and hospitality are words that express the spirit of simple Southern style. Featured in tantalizing photographs is a discerning selection of residences decorated by Bobby McAlpine, Ken Tate, Ryan Gainey, Jackye Lanham, Amelia Handegan and others. Located in old Southern cities such as Atlanta, Charleston, Savannah and New Orleans as well as seaside and mountain retreats, these intimate dwellings are steeped in architectural tradition. The residences profiled illustrate fresh design interpretations of romantic Southern style such as a New Orleans double shotgun with a modern all white palette, a nineteenth century summer cottage with updated coastal decor and a Louisiana plantation house with handsome Creole antiques. Two sections, *Pure and Simple* and *Simply Elegant*, explore the varied ways that Southerners express their love of comfort and gracious living. Dating from the eighteenth century to the present, the houses featured exemplify historic styles that evolved in response to their natural settings, inviting families to live in harmony with their surroundings. Integrating time honored lessons of the past, these cozy dwellings also incorporate contemporary design sensibilities, making them especially appealing for today's lifestyle.

**Southern Homes and Plan Books** Sarah J. Boykin, Susan M. Hunter, 2018-08-01 *Southern Homes and Plan Books* showcases the architectural legacy and design philosophy of Leila Ross Wilburn, 1885-1967, a legacy that includes hundreds of houses in a variety of popular house styles from bungalows to ranch houses built using Wilburn's plan books during the first six decades of the twentieth century. Wilburn opened her own firm in Atlanta in 1908 and practiced until her death in 1967. She published nine plan books that offered mail order house designs to contractors, builders and prospective homeowners and allowed them the ease of choosing a preconceived design and construction plan. Sarah J. Boykin and Susan M. Hunter provide a survey of the southern homes built from Wilburn's plan books, examining Wilburn's architectural legacy and her achievements as a plan book architect. The book provides beautiful photographs of houses built from her plans along with illustrations from the plan books themselves and other related documents from the time. Readers can thus see how her designs were realized as individual houses and also how they influenced the development of some of the Atlanta area's beloved historical neighborhoods, most notably Druid Hills, Morningside, Virginia Highland and Candler Park, as well as the McDonough, Adams Kings Highway, MAK Historic District in Decatur. Today Wilburn's houses are enjoyed as appealing historic homes and represent some of the richest examples of southern vernacular architecture to emerge from the plan book tradition.
