The Top 1%: Habits, Attitudes & Strategies For Exceptional Success Dan Strutzel,2018-10-09 In the past several years there has been a great deal of hyperbole disseminated by mass media about The Top 1% Most of this press has been negative casting the 1% as the villains and the 99% as the victims Most every major problem in our society and in individuals inability to progress has been blamed on this elite income class Yet the paradox is that the vast majority of people in America strive every day to become part of that 1% Why is this Because most people intuitively understand that the picture of the 1%

is largely incorrect at worst or incomplete at the very least So is much of what we've been told about the 1% incorrect Is there another reality about the 1% that has not been told by the media And should you and I aspire to be part of The Top 1% The answers to these questions are an unqualified yes In this compelling book personal development expert and researcher Dan Strutzel will give you a completely new and ultimately inspiring view of this income class And best of all he will outline the specific things you need to do to become a proud member of The Top 1% You'll learn The most popular myths and the hidden truths of The Top 1% Why average is over and striving for the Top 1% should be everyone's goal regardless of whether you ever reach that goal The 12 qualities that The Top 1% have in common How to develop an owner's mentality not a consumer's mentality Why you don't get your dream job you create it Why traditional goal setting concepts no longer make sense and will not get you to the top 1% Why you should focus on value and equity and not on income Why the 1% and the 99% need each other to achieve the greatest level of success and happiness After reading this book you'll not only have a road map for joining The Top 1% you'll emerge more inspired and excited about your future and the future of our society

How to Have the Best Employees (Collection) David Sirota, Douglas Klein, David Russo, 2013-08-14 The Enthusiastic Employee is an action oriented book that helps companies obtain more from workers The basic premise is that under the right kind of leadership the more one side wins in a collaborative relationship the more the other side wins too The book is heavily evidence based using extensive employee survey data and lays out two basic ideas the Three Factor Theory of human motivation at work and the Partnership company culture that is based on the Three Factor Theory and that by far brings out the best in people as they respond with enthusiasm about what they do and the company they do it for Drawing on research with 13 000 000 employees in 840 companies The Enthusiastic Employee Second Edition tells you what managers from first line supervisor to senior leadership do wrong Then it tells you something much more important what to do instead David Sirota and Douglas Klein detail exactly how to create an environment where enthusiasm flourishes and businesses excel Extensively updated with new research case studies and techniques they have added over 8.6 million employees and over 400 companies to their analyses it now contains a detailed study of Mayo Clinic one of the world's most effective healthcare organizations and a true representation of the principle of partnership as well as more in depth descriptions of private sector exemplars of partnership such as Costco 17 Rules Successful Companies Use to Attract and Keep Top Talent Why Engaged Employees Are Your Greatest Sustainable Advantage first edition is about building an outstanding workforce one that sets your company apart from competitors and is a true competitive advantage It's about building a workforce that's truly engaged committed aligned with strategy and capable of incredible performance Simply put it's about optimizing the 1 factor associated with outsmarting out hustling and out executing your competition your people Through more than a dozen case studies top workforce optimization consultant David Russo identifies exactly what great organizations do differently when it comes to managing their people He distills these differences into 17 rules covering everything from resourcing and
