

A whimsical illustration of a dream scene. In the center is a bright yellow sun with radiating lines. Surrounding it are several blue, puffy clouds. There are also red flowers with green leaves scattered throughout. A green and yellow striped hot air balloon is floating in the middle. The word "dream" is written in a cursive script on the left side. The entire scene is set against a background of an open book with yellow pages, which is resting on a wooden surface. The title text is overlaid on the book's pages.

intention or context in mind for hypnotizing the reader viewer listener etc I had to ask Kevin how does a story hypnotize someone Kevin explained that it uses a very narrowly and clearly defined hypnotic process to do so and it is this process that can be brilliantly used to put people under your hypnotic spell where they ll do anything you tell them to do I was sold I have been using hypnotic stories ever since to hypnotize people secretly through conversations I would have with them with different intentions for doing so I have become a master hypnotic storyteller and want to share my secrets with you in this book If you ll read this book all the way through take action on the material you ll be able to effectively hypnotize anyone without them knowing it to do anything you want them to do It isn t hard however it takes some practice to get really really good at it Let s get started learning how to tell hypnotic stories Grab Your Copy Now *How to Tell Hypnotic Stories Like Milton Hyland Erickson* Bryan Westra,2016-10-05 Milton Erickson is perhaps the most remarkable storyteller who ever lived since his stories were some of the most hypnotic ever told He could take the logic of the day and turn it into the subconscious of the night Ironically for Erickson hypnosis was not night and day rather it was his life s work If you want to learn how to hypnotize people with stories the way Erickson did then do yourself a favor and pick up a copy of this amazing book You ll discover things about hypnotic storytelling you never knew You ll learn the process for telling hypnotic stories and how to make your words hypnotically come alive You ll be a better hypnotist for it harnessing and integrating skills you did not consciously know existed Grab The Book For Yourself [How I Hypnotize People with My Words](#) Bryan Westra,2015-06-04 Everybody knows something I m no different I know a lot of things in fact as I m sure you do as well One thing I know well is how to write hypnotically You see I ve been doing it for years now I ve authored over 100 books last I counted and these include both fiction and non fiction Writing hypnotically is something that seems like a natural talent but it isn t let me assure you You see we ve all read books or watched movies that captivated us held us in suspended reality until which time the book or movie ended After you ve finished reading the book or watching the movie there are all these things happening inside of you at the neurological level One part of you is bewildered not knowing what to think or how to feel Another part may wish the story had never ended Another part may feel drawn to take action or investigate something related to what you just read or watched Even your own personality values ideas identity persuasions and so forth may change as a result of one BREAKTHROUGH book or movie In this book I ll teach you how to write hypnotically I ll teach you how to paint with words in such a way they impress influence and change people s persuasions without question You ll learn how to phrase sentences hypnotically how to affect people emotionally and how to hypnotize readers without them knowing they re being hypnotized You will even learn how to get people to take action on what you propose they do Writing hypnotically is the missing ingredient in most people s writing I would argue To exemplify this point think of the worst book you ve ever read and contrast that to the best book you ve ever read What was the primary difference I ll tell you One affected you and left an indelible mark on your psyche the other was remembered only because it was so horrible and for no other reason The book
